25 USC 3001 note.
25 USC 3001.

SECTION 1. SHORT TITLE.

This Act may be cited as the "Native American Graves Protection and Repatriation Act".

SEC. 2. DEFINITIONS.

For purposes of this Act, the term—

(1) "burial site" means any natural or prepared physical location, whether originally below, on, or above the surface of the earth, into which as a part of the death rite or ceremony of a culture, individual human remains are deposited.

(2) "cultural affiliation" means that there is a relationship of shared group identity which can be reasonably traced historically or prehistorically between a present day Indian tribe or Native Hawaiian organization and an identifiable earlier group.

(3) "cultural items" means human remains and—

(A) "associated funerary objects" which shall mean objects that, as a part of the death rite or ceremony of a culture, are reasonably believed to have been placed with individual human remains either at the time of death or later, and both the human remains and associated funerary objects are presently in the possession or control of a Federal agency or museum, except that other items exclusively made for burial purposes or to contain human remains shall be considered as associated funerary objects.

(B) "unassociated funerary objects" which shall mean objects that, as a part of the death rite or ceremony of a culture, are reasonably believed to have been placed with individual human remains either at the time of death or later, where the remains are not in the possession or control of the Federal agency or museum and the objects can be identified by a preponderance of the evidence as related to specific individuals or families or to known human remains or, by a preponderance of the evidence, as having been removed from a specific burial site of an individual culturally affiliated with a particular Indian tribe,

(C) "sacred objects" which shall mean specific ceremonial objects which are needed by traditional Native American religious leaders for the practice of traditional Native American religions by their present day adherents, and

(D) "cultural patrimony" which shall mean an object having ongoing historical, traditional, or cultural importance central to the Native American group or culture itself, rather than property owned by an individual Native

American, and which, therefore, cannot be alienated, appropriated, or conveyed by any individual regardless of whether or not the individual is a member of the Indian tribe or Native Hawaiian organization and such object shall have been considered inalienable by such Native American group at the time the object was separated from such group.

(4) "Federal agency" means any department, agency, or instrumentality of the United States. Such term does not include the Smithsonian Institution.

(5) "Federal lands" means any land other than tribal lands which are controlled or owned by the United States, including lands selected by but not yet conveyed to Alaska Native Corporations and groups organized pursuant to the Alaska Native Claims Settlement Act of 1971.

(6) "Hui Malama I Na Kupuna O Hawai'i Nei" means the nonprofit, Native Hawaiian organization incorporated under the laws of the State of Hawaii by that name on April 17, 1989, for the purpose of providing guidance and expertise in decisions dealing with Native Hawaiian cultural issues, particularly burial issues.

(7) "Indian tribe" means any tribe, band, nation, or other organized group or community of Indians, including any Alaska Native village (as defined in, or established pursuant to, the Alaska Native Claims Settlement Act), which is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians.

(8) "museum" means any institution or State or local government agency (including any institution of higher learning) that receives Federal funds and has possession of, or control over, Native American cultural items. Such term does not include the Smithsonian Institution or any other Federal agency.

(9) "Native American" means of, or relating to, a tribe, people, or culture that is indigenous to the United States.

(10) "Native Hawaiian" means any individual who is a descendant of the aboriginal people who, prior to 1778, occupied and exercised sovereignty in the area that now constitutes the State of Hawaii.

(11) "Native Hawaiian organization" means any organization which—

(A) serves and represents the interests of Native Hawaiians,

(B) has as a primary and stated purpose the provision of services to Native Hawaiians, and

(C) has expertise in Native Hawaiian Affairs, and

shall include the Office of Hawaiian Affairs and Hui Malama I Na Kupuna O Hawai'i Nei.

(12) "Office of Hawaiian Affairs" means the Office of Hawaiian Affairs established by the constitution of the State of Hawaii.

(13) "right of possession" means possession obtained with the voluntary consent of an individual or group that had authority of alienation. The original acquisition of a Native American unassociated funerary object, sacred object or object of cultural patrimony from an Indian tribe or Native Hawaiian organization with the voluntary consent of an individual or group with authority to alienate such object is deemed to give right of possession of that object, unless the phrase so defined would, as

applied in section 7(c), result in a Fifth Amendment taking by the United States as determined by the United States Claims Court pursuant to 28 U.S.C. 1491 in which event the "right of possession" shall be as provided under otherwise applicable property law. The original acquisition of Native American human remains and associated funerary objects which were excavated, exhumed, or otherwise obtained with full knowledge and consent of the next of kin or the official governing body of the appropriate culturally affiliated Indian tribe or Native Hawaiian organization is deemed to give right of possession to those remains.

(14) "Secretary" means the Secretary of the Interior.

(15) "tribal land" means—

(A) all lands within the exterior boundaries of any Indian reservation;

(B) all dependent Indian communities;

(C) any lands administered for the benefit of Native Hawaiians pursuant to the Hawaiian Homes Commission Act, 1920, and section 4 of Public Law 86-3.

(2) in any case in which such lineal descendants cannot be ascertained, and in the case of unassociated funerary objects, sacred objects, and objects of cultural patrimony—

(A) in the Indian tribe or Native Hawaiian organization on whose tribal land such objects or remains were discovered;

(1) in the Indian tribe that is recognized as aboriginally occupying the area in which the objects were discovered, if upon notice, such tribe states a claim for such remains or objects, or

(2) if it can be shown by a preponderance of the evidence that a different tribe has a stronger cultural relationship with the remains or objects than the tribe or organization specified in paragraph (1), in the Indian tribe that has the strongest demonstrated relationship, if upon notice, such tribe states a claim for such remains or objects.

Regulations.

(b) UNCLAIMED NATIVE AMERICAN HUMAN REMAINS AND OBJECTS.—Native American cultural items not claimed under subsec-

tion (a) shall be disposed of in accordance with regulations promulgated by the Secretary in consultation with the review committee established under section 8, Native American groups, representatives of museums and the scientific community.

(4) proof of consultation or consent under paragraph (2) is shown.

(d) INADVERTENT DISCOVERY OF NATIVE AMERICAN REMAINS AND OBJECTS.—(1) Any person who knows, or has reason to know, that such person has discovered Native American cultural items on Federal or tribal lands after the date of enactment of this Act shall notify, in writing, the Secretary of the Department, or head of any other agency or instrumentality of the United States, having primary management authority with respect to Federal lands and the appropriate Indian tribe or Native Hawaiian organization with respect to tribal lands, if known or readily ascertainable, and, in the case of lands that have been selected by an Alaska Native Corporation or group organized pursuant to the Alaska Native Claims Settlement Act of 1971, the appropriate corporation or group. If the discovery occurred in connection with an activity, including (but not limited to) construction, mining, logging, and agriculture, the person shall cease the activity in the area of the discovery, make a reasonable effort to protect the items discovered before resuming such activity, and provide notice under this subsection. Following the notification under this subsection, and upon certification by the Secretary of the department or the head of any agency or instrumentality of the United States or the appropriate Indian tribe or Native Hawaiian organization that notification has been received, the activity may resume after 30 days of such certification.

(2) The disposition of and control over any cultural items excavated or removed under this subsection shall be determined as provided for in this section.

(3) If the Secretary of the Interior consents, the responsibilities (in whole or in part) under paragraphs (1) and (2) of the Secretary of any department (other than the Department of the Interior) or the head of any other agency or instrumentality may be delegated to the Secretary with respect to any land managed by such other Secretary or agency head.

(e) RELINQUISHMENT.—Nothing in this section shall prevent the governing body of an Indian tribe or Native Hawaiian organization from expressly relinquishing control over any Native American human remains, or title to or control over any funerary object, or sacred object.

SEC. 5. INVENTORY FOR HUMAN REMAINS AND ASSOCIATED FUNERARY OBJECTS.

(a) IN GENERAL.—Each Federal agency and each museum which has possession or control over holdings or collections of Native American human remains and associated funerary objects shall compile an inventory of such items and, to the extent possible based on information possessed by such museum or Federal agency, identify the geographical and cultural affiliation of such item.

(b) REQUIREMENTS.—(1) The inventories and identifications required under subsection (a) shall be—

(A) completed in consultation with tribal government and Native Hawaiian organization officials and traditional religious leaders;

(B) completed by not later than the date that is 5 years after the date of enactment of this Act, and

The term "documentation" means a summary of existing museum or Federal agency records, including inventories or catalogues, relevant studies, or other pertinent data for the limited purpose of determining the geographical origin, cultural affiliation, and basic facts surrounding acquisition and accession of Native American human remains and associated funerary objects subject to this section. Such term does not mean, and this Act shall not be

construed to be an authorization for, the initiation of new scientific studies of such remains and associated funerary objects or other means of acquiring or preserving additional scientific information from such remains and objects.

(c) EXTENSION OF TIME FOR INVENTORY.—Any museum which has made a good faith effort to carry out an inventory and identification under this section, but which has been unable to complete the process, may appeal to the Secretary for an extension of the time requirements set forth in subsection (b)(1)(B). The Secretary may extend such time requirements for any such museum upon a finding of good faith effort. An indication of good faith shall include the development of a plan to carry out the inventory and identification process.

(d) NOTIFICATION.—(1) If the cultural affiliation of any particular Native American human remains or associated funerary objects is determined pursuant to this section, the Federal agency or museum concerned shall, not later than 6 months after the completion of the inventory, notify the affected Indian tribes or Native Hawaiian organizations.

(B) which lists the human remains or associated funerary objects that are clearly identifiable as to tribal origin; and

(C) which lists the Native American human remains and associated funerary objects that are not clearly identifiable as being culturally affiliated with that Indian tribe or Native Hawaiian organization, but which, given the totality of circumstances surrounding acquisition of the remains or objects, are determined by a reasonable belief to be remains or objects culturally affiliated with the Indian tribe or Native Hawaiian organization.

Such information shall be provided in a reasonable manner to be agreed upon by all parties.

25 USC 3005.

SEC. 7. REPATRIATION.

(a) REPATRIATION OF NATIVE AMERICAN HUMAN REMAINS AND OBJECTS POSSESSED OR CONTROLLED BY FEDERAL AGENCIES AND MUSEUMS.—(1) If, pursuant to section 5, the cultural affiliation of Native American human remains and associated funerary objects with a particular Indian tribe or Native Hawaiian organization is established, then the Federal agency or museum, upon the request of a known lineal descendant of the Native American or of the tribe or organization and pursuant to subsections (b) and (e) of this section, shall expeditiously return such remains and associated funerary objects.

(2) If, pursuant to section 6, the cultural affiliation with a particular Indian tribe or Native Hawaiian organization is shown with respect to unassociated funerary objects, sacred objects or objects of cultural patrimony, then the Federal agency or museum, upon the request of the Indian tribe or Native Hawaiian organization and pursuant to subsections (b), (c) and (e) of this section, shall expeditiously return such objects.

(3) The return of cultural items covered by this Act shall be in consultation with the requesting lineal descendant or tribe or organization to determine the place and manner of delivery of such items.

(4) Where cultural affiliation of Native American human remains and funerary objects has not been established in an inventory prepared pursuant to section 5, or the summary pursuant to section 6, or where Native American human remains and funerary objects are not included upon any such inventory, then, upon request and pursuant to subsections (b) and (e) and, in the case of unassociated funerary objects, subsection (c), such Native American human remains and funerary objects shall be expeditiously returned where the requesting Indian tribe or Native Hawaiian organization can show cultural affiliation by a preponderance of the evidence based upon geographical, kinship, biological, archaeological, anthropological, linguistic, folkloric, oral traditional, historical, or other relevant information or expert opinion.

(B) the requesting Indian tribe or Native Hawaiian organization can show that the object was owned or controlled by the tribe or organization; or

(C) the requesting Indian tribe or Native Hawaiian organization can show that the sacred object was owned or controlled by a member thereof, provided that in the case where a sacred object was owned by a member thereof, there are no identifiable

lineal descendants of said member or the lineal descendants, upon notice, have failed to make a claim for the object under this Act.

(b) SCIENTIFIC STUDY.—If the lineal descendant, Indian tribe, or Native Hawaiian organization requests the return of culturally affiliated Native American cultural items, the Federal agency or museum shall expeditiously return such items unless such items are indispensable for completion of a specific scientific study, the outcome of which would be of major benefit to the United States. Such items shall be returned by no later than 90 days after the date on which the scientific study is completed.

(c) STANDARD OF REPATRIATION.—If a known lineal descendant or an Indian tribe or Native Hawaiian organization requests the return of Native American unassociated funerary objects, sacred objects or objects of cultural patrimony pursuant to this Act and presents evidence which, if standing alone before the introduction of evidence to the contrary, would support a finding that the Federal agency or museum did not have the right of possession, then such agency or museum shall return such objects unless it can overcome such inference and prove that it has a right of possession to the objects.

(d) SHARING OF INFORMATION BY FEDERAL AGENCIES AND MUSEUMS.—Any Federal agency or museum shall share what information it does possess regarding the object in question with the known lineal descendant, Indian tribe, or Native Hawaiian organization to assist in making a claim under this section.

(e) COMPETING CLAIMS.—Where there are multiple requests for repatriation of any cultural item and, after complying with the requirements of this Act, the Federal agency or museum cannot clearly determine which requesting party is the most appropriate claimant, the agency or museum may retain such item until the requesting parties agree upon its disposition or the dispute is otherwise resolved pursuant to the provisions of this Act or by a court of competent jurisdiction.

(f) MUSEUM OBLIGATION.—Any museum which repatriates any item in good faith pursuant to this Act shall not be liable for claims by an aggrieved party or for claims of breach of fiduciary duty, public trust, or violations of state law that are inconsistent with the provisions of this Act.

(2) The Secretary may not appoint Federal officers or employees to the committee.

(3) In the event vacancies shall occur, such vacancies shall be filled by the Secretary in the same manner as the original appointment within 90 days of the occurrence of such vacancy.

Public Law 101-605
101st Congress

An Act

To establish the Florida Keys National Marine Sanctuary, and for other purposes.

Nov. 16, 1990
[H.R. 5909]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Florida Keys National Marine Sanctuary and Protection Act. Conservation. 16 USC 1433 note.

SHORT TITLE

SECTION 1. This Act may be cited as the "Florida Keys National Marine Sanctuary and Protection Act".

FINDINGS

16 USC 1433 note.

SEC. 2. The Congress finds and declares the following:

(1) The Florida Keys extend approximately 220 miles southwest from the southern tip of the Florida peninsula.

(2) Adjacent to the Florida Keys land mass are located spectacular, unique, and nationally significant marine environments, including seagrass meadows, mangrove islands, and extensive living coral reefs.

(3) These marine environments support rich biological communities possessing extensive conservation, recreational, commercial, ecological, historical, research, educational, and esthetic values which give this area special national significance.

(4) These environments are the marine equivalent of tropical rain forests in that they support high levels of biological diversity, are fragile and easily susceptible to damage from human activities, and possess high value to human beings if properly conserved.

(5) These marine environments are subject to damage and loss of their ecological integrity from a variety of sources of disturbance.

(6) Vessel groundings along the reefs of the Florida Keys represent one of many serious threats to the continued vitality of the marine environments of the Florida Keys which must be addressed in order to protect their values.

(7) Action is necessary to provide comprehensive protection for these marine environments by establishing a Florida Keys National Marine Sanctuary, by restricting vessel traffic within such Sanctuary, and by requiring promulgation of a management plan and regulations to protect Sanctuary resources.

(8) The agencies of the United States must cooperate fully to achieve the necessary protection of Sanctuary resources.

(9) The Federal Government and the State of Florida should jointly develop and implement a comprehensive program to reduce pollution in the waters offshore the Florida Keys to protect and restore the water quality, coral reefs, and other living marine resources of the Florida Keys environment.

POLICY AND PURPOSE

16 USC 1433 note.

SEC. 3. (a) POLICY.—It is the policy of the United States to protect and preserve living and other resources of the Florida Keys marine environment.

(b) PURPOSE.—The purpose of this Act is to protect the resources of the area described in section 5(b), to educate and interpret for the public regarding the Florida Keys marine environment, and to manage such human uses of the Sanctuary consistent with this Act. Nothing in this Act is intended to restrict activities that do not cause an adverse effect to the resources or property of the Sanctuary or that do not pose harm to users of the Sanctuary.

DEFINITION

16 USC 1433 note.

SEC. 4. As used in this Act, the term "adverse effect" means any factor, force, or action that would independently or cumulatively damage, diminish, degrade, impair, destroy, or otherwise harm—

(1) any Sanctuary resource, as defined in section 302(8) of the Marine Protection, Research, and Sanctuaries Act of 1972 (16 U.S.C. 1432(8)); or

Public Law 101-606
101st Congress

An Act

To require the establishment of a United States Global Change Research Program aimed at understanding and responding to global change, including the cumulative effects of human activities and natural processes on the environment, to promote discussions toward international protocols in global change research, and for other purposes.

Nov. 16, 1990
[S. 169]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Global Change Research Act of 1990.
15 USC 2921 note.

SECTION 1. SHORT TITLE.

This Act may be cited as the "Global Change Research Act of 1990".

15 USC 2921.

SEC. 2. DEFINITIONS.

As used in this Act, the term—

(1) "Committee" means the Committee on Earth and Environmental Sciences established under section 102;

(2) "Council" means the Federal Coordinating Council on Science, Engineering, and Technology;

(3) "global change" means changes in the global environment (including alterations in climate, land productivity, oceans or other water resources, atmospheric chemistry, and ecological systems) that may alter the capacity of the Earth to sustain life;

(4) "global change research" means study, monitoring, assessment, prediction, and information management activities to describe and understand—

(A) the interactive physical, chemical, and biological processes that regulate the total Earth system;

(B) the unique environment that the Earth provides for life;

(C) changes that are occurring in the Earth system; and

(D) the manner in which such system, environment, and changes are influenced by human actions;

(5) "Plan" means the National Global Change Research Plan developed under section 104, or any revision thereof; and

(6) "Program" means the United States Global Change Research Program established under section 103.

TITLE I—UNITED STATES GLOBAL CHANGE RESEARCH PROGRAM

15 USC 2931.

SEC. 101. FINDINGS AND PURPOSE.

(a) FINDINGS.—The Congress makes the following findings:

(1) Industrial, agricultural, and other human activities, coupled with an expanding world population, are contributing to processes of global change that may significantly alter the Earth habitat within a few human generations.

(2) Such human-induced changes, in conjunction with natural fluctuations, may lead to significant global warming and thus

alter world climate patterns and increase global sea levels. Over the next century, these consequences could adversely affect world agricultural and marine production, coastal habitability, biological diversity, human health, and global economic and social well-being.

(3) The release of chlorofluorocarbons and other stratospheric ozone-depleting substances is rapidly reducing the ability of the atmosphere to screen out harmful ultraviolet radiation, which could adversely affect human health and ecological systems.

(4) Development of effective policies to abate, mitigate, and cope with global change will rely on greatly improved scientific understanding of global environmental processes and on our ability to distinguish human-induced from natural global change.

(5) New developments in interdisciplinary Earth sciences, global observing systems, and computing technology make possible significant advances in the scientific understanding and prediction of these global changes and their effects.

(6) Although significant Federal global change research efforts are underway, an effective Federal research program will require efficient interagency coordination, and coordination with the research activities of State, private, and international entities.

(b) PURPOSE.—The purpose of this title is to provide for development and coordination of a comprehensive and integrated United States research program which will assist the Nation and the world to understand, assess, predict, and respond to human-induced and natural processes of global change.

(11) the Office of Management and Budget;

(12) the Office of Science and Technology Policy;

(13) the Council on Environmental Quality;

(14) the National Institute of Environmental Health Sciences of the National Institutes of Health; and

(15) such other agencies and departments of the United States as the President or the Chairman of the Council considers appropriate.

Such representatives shall be high ranking officials of their agency or department, wherever possible the head of the portion of that agency or department that is most revelant to the purpose of the title described in section 101(b).

The Chairperson shall be knowledgeable and experienced with regard to the administration of scientific research programs, and shall be a representative of an agency that contributes substantially, in terms of scientific research capability and budget, to the Program.

(d) SUPPORT PERSONNEL.—An Executive Secretary shall be appointed by the Chairperson of the Committee, with the approval of the Committee. The Executive Secretary shall be a permanent employee of one of the agencies or departments represented on the Committee, and shall remain in the employ of such agency or department. (e) FUNCTIONS RELATIVE TO GLOBAL CHANGE.—The Council, through the Committee, shall be responsible for planning and coordinating the Program. In carrying out this responsibility, the Committee shall—

(1) serve as the forum for developing the Plan and for overseeing its implementation;

(2) improve cooperation among Federal agencies and departments with respect to global change research activities;

SEC. 105. SPECIAL REPROGRAMMING AUTHORITY FOR CONSTRUCTION OF FACILITIES.

Where the Administrator determines that new developments or scientific or engineering changes in the national program of aeronautical and space activities have occurred; and that such changes require the use of additional funds for the purposes of construction, expansion, or modification of facilities at any location; and that deferral of such action until the enactment of the next authorization Act would be inconsistent with the interest of the Nation in aeronautical and space activities; the Administrator may transfer not to exceed one-half of 1 percent of the funds appropriated pursuant to section 103(a) (1) or (2) to the "construction of facilities" appropriation for such purposes. The Administrator may also use up to $10,000,000 of the amounts authorized under section 103(a)(3) for such purposes. The funds so made available pursuant to this section may be expended to acquire, construct, convert, rehabilitate, or install permanent or temporary public works, including land acquisition, site preparation, appurtenances, utilities, and equipment.

Reports.

No such funds may be obligated until a period of 30 days has passed after the Administrator or the Administrator's designee has transmitted to the Committee on Science, Space, and Technology of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a written report describing the nature of the construction, its cost, and the reasons therefor.

SEC. 106. CONSIDERATION BY COMMITTEES.

Notwithstanding any other provision of this title—

(1) no amount appropriated pursuant to this title may be used for any program deleted by the Congress from requests as originally made to either the Committee on Science, Space, and Technology of the House of Representatives or the Committee on Commerce, Science, and Transportation of the Senate;

(a) There are authorized to be appropriated to carry out the activities of the National Space Council established by section 501 of the National Aeronautics and Space Administration Authorization Act, Fiscal Year 1989 (42 U.S.C. 2471), $1,363,000 for fiscal year 1991, of which not more than $1,000 shall be available for official reception and representation expenses. The National Space Council shall reimburse other agencies for not less than one-half of the personnel compensation costs of individuals detailed to it.

(b) It is the sense of Congress that the National Space Council should, by October 1, 1991, establish guidelines and policy recommendations, including the need for licensing, for the conduct of expendable launch vehicle operations in which a Federal agency assumes substantial responsibility for public safety, indemnification, and administrative oversight.

SEC. 109. GEOGRAPHICAL DISTRIBUTION.

42 USC 2459 note.

The Administrator shall distribute research and development funds geographically in order to provide the broadest practicable participation in the programs of the National Aeronautics and Space Administration.

SEC. 110. BUY AMERICAN.

Government contracts.

(a) GENERAL RULE.—The Administrator shall award to a domestic firm a contract that, under the use of competitive procedures, would be awarded to a foreign firm, if—

(1) the final product of the domestic firm will be completely assembled in the United States;

(2) when completely assembled, not less than 51 percent of the final product of the domestic firm will be domestically produced; and

(3) the difference between the bids submitted by the foreign and domestic firms is not more than 6 percent.

(3) the United States Trade Representative determines that such an award would be in violation of the General Agreement on Tariffs and Trade or an international agreement to which the United States is a party.

(c) DEFINITIONS.—For purposes of this section—

(1) the term "domestic firm" means a business entity that is incorporated in the United States and that conducts business operations in the United States;

(2) the term "foreign firm" means a business entity not described in paragraph (1).

42 USC 2465a.

SEC. 112. SPACE SHUTTLE USE POLICY.

(a)(1) It shall be the policy of the United States to use the Space Shuttle for purposes that (i) require the presence of man, (ii) require the unique capabilities of the Space Shuttle or (iii) when other compelling circumstances exist.

(2) The term "compelling circumstances" includes, but is not limited to, occasions when the Administrator determines, in consultation with the Secretary of Defense and the Secretary of State, that important national security or foreign policy interests would be served by a Shuttle launch.

(3) The policy stated in subsection (a)(1) shall not preclude the use of available cargo space, on a Space Shuttle mission otherwise consistent with the policy described under subsection (a)(1), for the purpose of carrying secondary payloads (as defined by the Administrator) that do not require the presence of man if such payloads are consistent with the requirements of research, development, demonstration, scientific, commercial, and educational programs authorized by the Administrator.

Reports.

(b) The Administrator shall, within six months after the date of enactment of this Act, submit a report to the Congress setting forth a plan for the implementation of the policy described in subsection (a)(1). Such plan shall include—

For each payload scheduled to be launched from the space shuttle, which do not require the presence of man, the Administrator shall, in the certified report to Congress, state the specific circumstances which justified the use of the space shuttle. If, during the period between scheduled reports to the Congress, any additions are made to the list of certified payloads intended to be launched from the Shuttle, the Administrator shall inform the Congress of the additions and the reasons therefor within 45 days of the change. Reports.

(d) The report described in subsection (c) shall also include those National Aeronautics and Space Administration payloads designed solely to fly on the space shuttle which have begun the phase C/D of its development cycle.

SEC. 113. LIFE SCIENCES STRATEGIC PLAN. 42 USC 2451 note.

(a) FINDINGS.—The Congress finds that—

(1) the current knowledge base in life sciences is not compatible with the National Aeronautics and Space Administration's current objectives in space, and the National Aeronautics and Space Administration lacks an adequate strategic plan to acquire a knowledge base;

(2) it is critical to the success of manned missions in space, be they commercial operations of microgravity laboratories or manned missions to Mars, that a realistic appraisal of the influences of the space environment on biological systems is completed and appropriate protective countermeasures developed;

(3) the space station is rapidly approaching design maturity without a corresponding development of the physiological and other human factors knowledge base necessary for long-term manned operations in space; and

(4) space station laboratory hardware specifications are being fixed before fully establishing the objectives and requirements for life sciences research.

(b) STRATEGIC PLAN.—The Administration shall—

(1) review currently proposed manned space flight missions in order to—

(A) identify the physiological and other human factors knowledge base necessary to determine the human capacity to adapt to and perform effectively in the space environment according to mission requirements, including identifying which life sciences parameters must be measured and which technologies, processes, and procedures must be developed; and

(B) develop a schedule indicating when specific components of information, technologies, processes, or procedures identified under subparagraph (A) will need to be acquired or developed in order to verify that human adaptability

requirements of manned space flight missions can be achieved;

(2) develop a strategy plan for life sciences research and technology development sufficient to accomplish the life sciences knowledge base acquisition schedule developed under paragraph (1)(B), including—

(A) a crew certification plan setting acceptable crew conditioning standards for Extended Duration Orbiter operations and verifying countermeasures sufficient to meet those standards before actual Extended Duration Orbiter operations; and

(B) a life sciences implementation plan for the design and development of the space station, to be provided as part of the Preliminary Design Review for the space station, and to include crew adaptability standards; and

(3) verify the physiological and technical feasibility of the life sciences implementation plan developed under paragraph (2)(B), as part of the Critical Design Review for the space station.

42 USC 2471 note.

SEC. 114. STUDY ON INTERNATIONAL COOPERATION IN PLANETARY EXPLORATION.

(a) FINDINGS.—The Congress finds that—

(1) the President on July 20, 1989, established the long-range goal of establishing a lunar base, followed by manned exploration of Mars in the early twenty-first century;

(2) the United States and the Soviet Union, in cooperation with other countries, are currently planning further unmanned missions to the Moon and to Mars with the possible goal of landing a human on Mars;

(3) a series of international missions to expand human presence beyond Earth orbit would further a spirit of, and follow through on the commitment made in, the 1987 agreement between the Soviet Union and the United States for space cooperation, as well as the successful cooperative agreements the United States has pursued with over one hundred countries since its inception, including the agreement with Japan, Canada, and the European countries for Space Station Freedom;

(4) international manned missions beyond Earth orbit could further encourage a cooperative approach in world affairs unrelated to activities in space;

(5) international manned missions beyond Earth orbit could save the individual nations involved tens of billions of dollars over national missions; and

(6) a multilateral effort for manned missions to establish a lunar colony, a Mars mission, and any other missions that have the goal of establishing human presence beyond Earth's orbit and possibly landing a human on Mars would lead to greater understanding of our universe and greater sensitivity to our own planet.

(b) STUDY.—The National Space Council shall conduct a study on International Cooperation in Planetary Exploration (hereafter in this section referred to as the "study").

(c) PURPOSE OF STUDY.—The purpose of the study is—

(1) to develop an inventory of technologies and intentions of all national space agencies with regard to lunar and planetary exploration, both manned and unmanned;

(2) to seek ways, through direct communication with appropriate officials of other nations or otherwise, to enhance the planning and exchange of information and data among the United States, the Soviet Union, European countries, Canada, Japan, and other interested countries with respect to unmanned projects beyond Earth orbit, in anticipation of later international manned missions to the Moon and to other bodies, including the possible goal of an international manned mission to Mars;

United States. Union of Soviet Socialist Republics. Canada. Japan. European countries.

(3) to prepare a detailed proposal that most efficiently uses the resources of the national space agencies in cooperative endeavors to establish human presence beyond Earth orbit;

(4) to develop priority goals that accomplish unmet needs that could not be achieved by any individual country;

(5) to explore the possibilities of international unmanned probes to the Moon and Mars, and the possibilities for international manned missions beyond Earth's orbit; and

(6) to devise strategies for such cooperation that would prevent the unwanted transfer of technology.

In developing the inventory under paragraph (1), and in preparing the detailed proposal under paragraph (3), consideration shall be given to the potential contributions of commercial providers of space goods and services.

(3) existing international treaties and agreements are inadequate for minimizing the generation of orbital debris or controlling its effects.

(b) SENSE OF CONGRESS.—It is the sense of Congress that the goal of United States policy should be that—

(1) the space related activities of the United States should be conducted in a manner that does not increase the amount of orbital space debris; and

(2) the United States should engage other spacefaring Nations to develop an agreement on the conduct of space activities that ensures that the amount of orbital space debris is not increased.

SEC. 119. SUPPORT FOR SPACE SHUTTLE ORBITER PRODUCTION LINE.

The report should address concerns related to national security, conflict of interest, and duplication of existing authorities. In preparing the report, the Director shall assess the effectiveness of a National Civil

Remote-Sensing Advisory Committee comprised of interested private-sector persons (including remote-sensing data users, data vendors, technology developers, system operators, information management and telecommunications specialists, and social scientists) which would—

(1) provide advice and policy recommendations to the President, the President's Science Advisor, the National Aeronautics and Space Administration, the National Oceanic and Atmospheric Administration, and relevant committees of the Congress on the development of a national civil remote-sensing policy that would be responsive to both user needs and global developments, in terms of—

TITLE II—LAUNCH SERVICES PURCHASE

Launch Services Purchase Act of 1990.

SEC. 201. SHORT TITLE.

42 USC 2451 note.

This title may be cited as the "Launch Services Purchase Act of 1990".

SEC. 202. FINDINGS.

42 USC 2465b.

The Congress finds that—

(1) the United States commercial launch industry is technically capable of providing reliable and cost efficient access to space and is an essential component of national efforts to assure access to space for Government and commercial users;

(2) the Federal Government should encourage, facilitate, and promote the United States commercial launch industry, including the development and enhancement of commercial launch facilities, in order to ensure United States economic preeminence in space;

(3) the interests of the United States will be served if the commercial launch industry is competitive in the international marketplace;

(4) commercial vehicles are effective means to challenge foreign competition;

(5) the use by the Federal Government of performance specifically in lieu of detailed specifications relating to vehicle design, construction, and operation will facilitate the efficient operation of the United States commercial launch industry;

(6) the procurement of commercial launch services in a commercially reasonable manner permits a reduced level of Federal Government regulation and oversight and economies of scale which may result in significant cost savings to the commercial launch industry and to the United States.

(7) it is the general policy of the Federal Government to purchase needed goods and services, including launch services, from the private sector to the fullest extent feasible; and

(8) predictable access to National Aeronautics and Space Administration launch markets would encourage continuing United States private sector investment in space and related activities.

42 USC 2465c.

SEC. 203. DEFINITIONS.

For the purposes of this title—

(1) the term "commercial provider" means any person providing launch services, but does not include the Federal Government;

(2) the term "launch services" means activities involved in the preparation of a launch vehicle and its payload for space transport and the conduct of transporting a payload;

(3) the term "launch vehicle" means any vehicle constructed for the purpose of operating in, or placing a payload in, outer space; and

(4) the term "payload" means an object which a person undertakes to place in outer space by means of a launch vehicle, and includes subcomponents of the launch vehicle specifically designed or adapted for that object.

42 USC 2465d.

SEC. 204. REQUIREMENT TO PROCURE COMMERCIAL LAUNCH SERVICES.

(a) IN GENERAL.—Except as otherwise provided in this section, the National Aeronautics and Space Administration shall purchase launch services for its primary payloads from commercial providers whenever such services are required in the course of its activities.

(b) EXCEPTIONS.—The National Aeronautics and Space Administration shall not be required to purchase launch services as provided in subsection (a) if, on a case by case basis the Administrator of the National Aeronautics and Space Administration determines that—

(1) the payload requires the unique capabilities of the space shuttle;

(2) cost effective commercial launch services to meet specific mission requirements are not reasonably available and would not be available when required;

(3) the use of commercial launch services poses an unacceptable risk of loss of a unique scientific opportunity; or

(4) the payload serves national security or foreign policy purposes.

Upon any such determination, the Administrator shall, within 30 days, notify in writing the Committee on Science, Space, and Technology of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate of the determination and its rationale.

(c) NATIONAL AERONAUTICS AND SPACE ADMINISTRATION LAUNCH VEHICLES.—Launch vehicles shall be acquired or owned by the National Aeronautics and Space Administration only—

(1) as required under circumstances described in subsection (b); or

(2) by the National Aeronautics and Space Administration for conducting research and development on, and testing of, launch technology.

(d) PHASE-IN PERIOD.—Subsections (a) and (c) shall not apply to launch services and launch vehicles purchased by the National Aeronautics and Space Administration before the date of enactment of this Act.

(e) HISTORICAL PURPOSES.—This title shall not be interpreted to prohibit the National Aeronautics and Space Administration from acquiring, owning, or maintaining launch vehicles solely for historical display purposes.

SEC. 205. PURCHASE OF LAUNCH SERVICES.

42 USC 2465e.

Government contracts.

(a) FULL AND OPEN COMPETITION.—(1) Contracts to provide launch services to the National Aeronautics and Space Administration under section 204 shall be awarded on the basis of full, fair, and open competition, consistent with section 2304 of title 10, United States Code, and section 311 of the National Aeronautics and Space Act of 1958.

(2) The National Aeronautics and Space Administration shall limit its requirements for submission of cost or pricing data in support of a bid or proposal to that data which is reasonably required to protect the interests of the United States.

(b) SPECIFICATION SYSTEMS.—Reasonable performance specifications, not detailed Government design or construction specifications, shall be used to the maximum extent feasible to define requirements for a commercial provider bidding to provide launch services. This subsection shall not preclude the National Aeronautics and Space Administration from requiring compliance with applicable safety standards.

SEC. 206. OTHER ACTIVITIES OF THE NATIONAL AERONAUTICS AND SPACE ADMINISTRATION.

42 USC 2465f.

(a) COMMERCIAL PAYLOADS ON THE SPACE SHUTTLE.—Commercial payloads may not be accepted for launch as primary payloads on the space shuttle unless the Administrator of the National Aeronautics and Space Administration determines that—

(1) the payload requires the unique capabilities of the space shuttle; or

(2) launching of the payload on the space shuttle is important for either national security or foreign policy purposes.

(b) REPORT.—By March 15, 1991, the Administrator, in consultation with the Office of Federal Procurement Policy, shall submit to the Committee on Science, Space, and Technology of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report outlining the minimal requirements for documentation and other administrative data needed to procure launch services in a commercially reasonable manner, including—

(1) the need for data to integrate a payload with a launch vehicle;

(2) the need for data to carry out mission-specific modifications to the launch vehicle;

(3) the need for notification to the National Aeronautics and Space Administration of changes, delays, or difficulties in the construction or preparation of a launch vehicle that may affect the delivery of its payload to its destination at the time and under the conditions provided for under the contract between the United States and its contractors;

(4) the need for data to protect public health and safety; and

(5) the need for cost or pricing data for the fulfillment of a contract.

SECTION 1. SHORT TITLE.

Sections 1 through 14 of this Act may be cited as the "Smith River National Recreation Area Act".

16 USC 460bbb.

SEC. 2. FINDINGS.

The Congress finds that—

(1) the Smith River, undammed and free-flowing from its headwaters to the Pacific Ocean, represents one of the last wholly intact vestiges of an invaluable legacy of wild and scenic rivers;

(2) the Smith River watershed, from the diverse conifer forests of the Siskiyou Mountains and unique botanical communities of the North Fork serpentine to the ancient redwoods along the river's lower reaches, exhibits a richness of ecological diversity unusual in a basin of its size;

(3) the Smith River watershed's scenic beauty, renowned anadromous fisheries, exceptional water quality, and abundant wildlife combine with its ready accessibility to offer exceptional opportunities for a wide range of recreational activities, including wilderness, water sports, fishing, hunting, camping, and sightseeing;

(4) careful development and utilization at mutually compatible levels of recreation, fisheries, and timber resources on public lands will ensure the continuation of the Smith River watershed's historic role as a significant contributor to the region's local economy; and

(5) protection of the Smith River's unique values can be enhanced by a cooperative effort by Federal, State and local governments to coordinate land-use planning, management, and development of Federal and non-Federal lands throughout the watershed.

16 USC 460bbb-1.

SEC. 3. DEFINITIONS.

As used in this Act—

16 USC 460bbb-2.

SEC. 4. SMITH RIVER NATIONAL RECREATION AREA.

(a) ESTABLISHMENT.—For the purposes of ensuring the preservation, protection, enhancement, and interpretation for present and future generations of the Smith River watershed's outstanding wild and scenic rivers, ecological diversity, and recreation opportunities while providing for the wise use and sustained productivity of its natural resources, there is hereby established the Smith River National Recreation Area.

(b) BOUNDARIES.—(1) The recreation area shall consist of those lands within the area generally depicted on the map entitled "Proposed Smith River National Recreation Area" and dated July 1990. The map shall be on file and available for public inspection in the Office of the Chief, Forest Service, Department of Agriculture. The Secretary may, by publication of availability of a revised map and after public comment, make corrections or minor changes to the boundary of the recreation area.

(2) The exterior boundary of the recreation area, as generally depicted on the map, shall encompass the recreation area and the four excluded areas.

(c) BOUNDARY MODIFICATION.—The boundaries of the Six Rivers National Forest are hereby modified as generally depicted on the map referred to in subsection (b). A map and legal description of the boundary of the Six Rivers National Forest as modified by this subsection shall be on file and available for public inspection in the Office of the Chief, Forest Service, and the Office of the Forest Supervisor of the Six Rivers National Forest.

(6) Permit programmed timber harvest only in those management areas where timber harvest is specifically authorized by subsection (b). Timber management in these areas shall incorporate the use of strategies to reduce habitat fragmentation and employ silvicultural prescriptions designed to maintain or enhance biological diversity and wildlife habitats (such as retention of standing green trees, snags, and other coarse woody debris) by providing for a high level of structural and compositional diversity in managed stands.

(7) Permit removal of trees within streamside protection zones along those rivers and river segments specified in section 11 of this Act only when necessary for human health and safety, to maintain trails or existing roads, for the development of recreation or other facilities, for the protection of the recreation area in the event of fire, or to improve fish and wildlife habitat.

(8) Consistent with applicable requirements of law, permit removal of trees in those management areas where timber harvest is not specifically authorized by subsection (b) when necessary for human health and safety, to maintain trails or existing roads, for the development of recreation or other facilities, for the protection of the recreation area in the event of fire, or to improve fish and wildlife habitat. Timber damaged or down in these areas as a result of fire, insects, disease, blowdown or other natural events shall otherwise be retained in its natural condition, with removal permitted only upon a written determination by the Secretary, based upon written findings, that such removal is necessary to provide for or maintain or enhance biological and ecological diversity, without regard for the commodity value of the timber. Such a decision shall not be delegable by the Secretary but shall be subject to administrative appeal and judicial review. Public health. Safety. Courts.

(9) Provide for the long-term viability and presence of Port-Orford-cedar and ensure its continued present economic and noneconomic uses through implementation of management strategies developed by the Forest Service.

(10) Except where timber harvest is specifically authorized by subsection (b) protect, preserve, and increase old growth forest habitat in the recreation area.

An Act

To authorize appropriations for the Earthquake Hazards Reduction Act of 1977, and for other purposes.

Nov. 16, 1990
[S. 2789]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

National Earthquake Hazards Reduction Program Reauthorization Act.
42 USC 7701 note.

SHORT TITLE

SECTION 1. This Act may be cited as the "National Earthquake Hazards Reduction Program Reauthorization Act".

FINDINGS

SEC. 2. Section 2 of the Earthquake Hazards Reduction Act of 1977 (42 U.S.C. 7701) is amended—

(1) by striking paragraphs (5) and (6) and inserting in lieu thereof the following new paragraphs:

"(5) The geological study of active faults and features can reveal how recently and how frequently major earthquakes have occurred on those faults and how much risk they pose. Such long-term seismic risk assessments are needed in virtually every aspect of earthquake hazards management, whether emergency planning, public regulation, detailed building design, insurance rating, or investment decision.

"(6) The vulnerability of buildings, lifelines, public works, and industrial and emergency facilities can be reduced through proper earthquake resistant design and construction practices. The economy and efficacy of such procedures can be substantially increased through research and development.";

(2) by redesignating paragraphs (7) through (10) as paragraphs (8) through (11), respectively; and

(3) by inserting immediately after paragraph (6) the following new paragraph:

"(7) Programs and practices of departments and agencies of the United States are important to the communities they serve; some functions, such as emergency communications and national defense, and lifelines, such as dams, bridges, and public works, must remain in service during and after an earthquake. Federally owned, operated, and influenced structures and lifelines should serve as models for how to reduce and minimize hazards to the community.".

PURPOSE

SEC. 3. Section 3 of the Earthquake Hazards Reduction Act of 1977 (42 U.S.C. 7702) is amended by adding at the end the following: "The objectives of such program shall include—

"(1) the education of the public, including State and local officials, as to earthquake phenomena, the identification of locations and structures which are especially susceptible to

earthquake damage, ways to reduce the adverse consequences of an earthquake, and related matters;

"(2) the development of technologically and economically feasible design and construction methods and procedures to make new and existing structures, in areas of seismic risk, earthquake resistant, giving priority to the development of such methods and procedures for power generating plants, dams, hospitals, schools, public utilities and other lifelines, public safety structures, high occupancy buildings, and other structures which are especially needed in time of disaster;

"(3) the implementation to the greatest extent practicable, in all areas of high or moderate seismic risk, of a system (including personnel, technology, and procedures) for predicting damaging earthquakes and for identifying, evaluating, and accurately characterizing seismic hazards;

"(4) the development, publication, and promotion, in conjunction with State and local officials and professional organizations, of model building codes and other means to encourage consideration of information about seismic risk in making decisions about land-use policy and construction activity;

"(5) the development, in areas of seismic risk, of improved understanding of, and capability with respect to, earthquake-related issues, including methods of mitigating the risks from earthquakes, planning to prevent such risks, disseminating warnings of earthquakes, organization emergency services, and planning for reconstruction and redevelopment after an earthquake;

"(6) the development of ways to increase the use of existing scientific and engineering knowledge to mitigate earthquake hazards; and

"(7) the development of ways to assure the availability of affordable earthquake insurance.".

SEC. 2. FINDINGS.

The Congress finds that—

(1) the Department of Transportation estimates that approximately 4 billion tons of regulated hazardous materials are transported each year and that approximately 500,000 movements of hazardous materials occur each day,

(2) accidents involving the release of hazardous materials are a serious threat to public health and safety,

(3) many States and localities have enacted laws and regulations which vary from Federal laws and regulations pertaining to the transportation of hazardous materials, thereby creating the potential for unreasonable hazards in other jurisdictions and confounding shippers and carriers which attempt to comply with multiple and conflicting registration, permitting, routing, notification, and other regulatory requirements,

(4) because of the potential risks to life, property, and the environment posed by unintentional releases of hazardous materials, consistency in laws and regulations governing the transportation of hazardous materials is necessary and desirable,

(5) in order to achieve greater uniformity and to promote the public health, welfare, and safety at all levels, Federal standards for regulating the transportation of hazardous materials in intrastate, interstate, and foreign commerce are necessary and desirable,

(6) in order to provide reasonable, adequate, and cost-effective protection from the risks posed by the transportation of hazardous materials, a network of adequately trained State and local emergency response personnel is required,

(7) the Office of Technology Assessment has estimated that approximately 1,500,000 emergency response personnel need better basic or advanced training for responding to the unintentional release of hazardous materials at fixed facilities and in transportation, and

(8) the movement of hazardous materials in commerce is necessary and desirable to maintain economic vitality and meet consumer demands, and shall be conducted in a safe and efficient manner.

(iv) otherwise establishing or enhancing any claims to water rights or for the unlawful taking of such rights.

(2) If the appropriations authorized in section 102(B) are not appropriated by the Congress, it shall be deemed that the conditions set forth in this Act have not been satisfied, and the Tribes may rescind their release of claims under this section and its agreement under subsection (c) of this section.

(B) The plan shall include measures to provide necessary substitute drainage in accordance with Bureau of Reclamation standards for reservation lands in agricultural production as of the 1990 irrigation season that are served by that system, unless the Tribes and the Secretary agree otherwise.

(C) Implementation of the plan shall not interfere with ongoing agricultural operations.

SEC. 204. INTERSTATE ALLOCATION.

(a) CARSON RIVER.—

(1) The interstate allocation of waters of the Carson River and its tributaries represented by the Alpine decree is confirmed.

(2) The allocations confirmed in paragraph (1) of this subsection shall not be construed as precluding, foreclosing, or limiting the assertion of any additional right to the waters of the Carson River or its tributaries which were in existence under applicable law as of January 1, 1989, but are not recognized in the Alpine decree. The allocation made in paragraph (1) of this subsection shall be modified to accommodate any such additional rights, and such additional rights, if established, shall be administered in accordance with the terms of the Alpine decree; except that the total amount of such additional allocations shall not exceed 1,300 acre-feet per year by depletion for use in the State of California and 2,131 acre-feet per-year by depletion for use in the State of Nevada. This paragraph shall not be construed to allow any increase in diversions from the Carson River or its tributaries beyond those in existence on December 31, 1992.

(3) If, on or after the date of enactment of this title, all or any portion of the effluent imported from the Lake Tahoe basin into the watershed of the Carson River in California is discontinued by reason of a change in the place of the disposal of such effluent, including underground disposal, to the Truckee River basin or the Lake Tahoe basin, in a manner which results in increasing the available supply of water in the Nevada portion of the Truckee River basin, the allocation to California of the water of the West Fork of the Carson River and its tributaries for use in the State of California shall be augmented by an amount of water which may be diverted to storage, except that such storage:

(A) shall not interfere with other storage or irrigation rights of Segments 4 and 5 of the Carson River, as defined in the Alpine decree;

(B) shall not cause significant adverse effects to fish and wildlife;

(C) shall not exceed 2,000 acre-feet per year, or the quantity by which the available annual supply of water to the Nevada portion of the Truckee River basin is increased, whichever is less; and

(D) shall be available for irrigation use in that or subsequent years, except that the cumulative amount of such storage shall not exceed 2,000 acre-feet in any year.

(4) Storage specified by paragraph (3) of this subsection shall compensate the State of California for any such discontinuance as referred to in such paragraph: *Provided,* That the augmentation authorized by such paragraph shall be used only on lands having appurtenant Alpine decree rights. Use of effluent for the

irrigation of lands with appurtenant Alpine decree rights shall not result in the forfeiture or abandonment of all or any part of such appurtenant Alpine decree rights, but use of such wastewater shall not be deemed to create any new or additional water rights. Nothing in this title shall be construed as prohibiting the use of all or any portion of such effluent on any lands within the State of California. Any increased water delivered to the Truckee River shall only be available to satisfy existing rights under the Orr Ditch decree or, as appropriate, to augment inflows to Pyramid Lake.

(5) Nothing in this title shall foreclose the right of either State to study, either jointly or individually, the use of Carson River surface water, which might otherwise be lost to beneficial use, to enable conjunctive use of groundwater. For purposes of this paragraph, beneficial use shall include the use of water on wetlands or wildlife areas within the Carson River basin, as may be permitted under State law.

(6) Nothing in this title shall preclude the State of Nevada, agencies of the State of Nevada, private entities, or individuals from constructing storage facilities within the Carson River basin, except that such storage facilities shall be constructed and operated in accordance with all applicable State and Federal laws and shall not result in the inundation of any portion of the East Fork of the Carson River within California.

(7) The right of any water right owner to seek a change in the beneficial use of water from irrigation to storage for municipal and industrial uses or other beneficial uses, as determined by applicable State law, is unaffected by this title. Water stored for municipal and industrial uses may be diverted to storage in a given year and held for municipal and industrial uses in that year or subsequent years. Such changes and storage shall be in accordance with the Alpine decree and applicable State laws.

(8) Interbasin transfers of Carson River water shall be allowed only as provided by applicable State law.

(b) LAKE TAHOE.—

(1) Total annual gross diversions for use within the Lake Tahoe basin from all natural sources, including groundwater, and under all water rights in the basin shall not exceed 34,000 acre-feet per year. From this total, 23,000 acre-feet per year are allocated to the State of California for use within the Lake Tahoe basin and 11,000 acre-feet per year are allocated to the State of Nevada for use within the Lake Tahoe basin. Water allocated pursuant to this paragraph may, after use, be exported from the Lake Tahoe basin or reused.

(2) Total annual gross diversions for use allocated pursuant to paragraph (1) of this subsection shall be determined in accordance with the following conditions:

(A) Water diverted and used to make snow within the Lake Tahoe basin shall be charged to the allocation of each State as follows:

(i) the first 600 acre-feet used in California each year and the first 350 acre-feet used each year in Nevada shall not be charged to the gross diversion allocation of either State;

(ii) where water from the Lake Tahoe basin is diverted and used to make snow in excess of the amounts specified in clause (i) of this subparagraph, the percent-

age of such diversions chargeable to the gross diversion allocations of each State shall be specified in the Operating Agreement; and

(iii) the provisions of paragraph 204(b)(1) notwithstanding, criteria for charging incidental runoff, if any, into the Carson River basin or the Truckee River basin, including the amount and basin to be charged, from use of water in excess of the amount specified in clause (i) of this subparagraph, shall be specified in the Operating Agreement. The amounts of such water, if any, shall be included in each State's report prepared pursuant to paragraph 204(d)(1) of this title.

(B) Unmetered diversion or extraction of water by residences shall, for the purpose of calculating the amount of either State's gross diversion, be conclusively presumed to utilize a gross diversion of four-tenths of one acre-foot per residence per year.

(C) Where water is diverted by a distribution system, as defined in clause (iii) of this subparagraph, the amount of such water that shall be charged to the gross diversion allocation of either California or Nevada shall be measured as follows:

(i) where a water distribution system supplies any municipal, commercial, and/or industrial delivery points (not including fire hydrants, flushing or cleaning points), any one of which is not equipped with a water meter, the gross diversion attributed to that water distribution system shall be measured at the point of diversion or extraction from the source; or

(ii) where all municipal, commerical, and industrial delivery points (not including fire hydrants, flushing or cleaning points) within a water distribution system are equipped with a water meter, the gross diversion attributed to that water distribution system may be measured as the sum of all amounts of water supplied to each such delivery point, provided there is in effect for such water distribution system a water conservation and management plan. Such plan may be either an individual, local plan or an area-wide, regional, or basin-wide plan, except that such plan must be reviewed and found to be reasonable under all relevant circumstances by the State agency responsible for administering water rights, or any other entity delegated such responsibility under State law. Such plan must be reviewed every five years by the agency which prepared it, and implemented in accordance with its adopted schedule, and shall include all elements required by applicable State law and the following:

(a) an estimate of past, current, and projected water use and, to the extent records are available, a segregation of those uses between residential, industrial, and governmental uses;

(b) identification of conservation measures currently adopted and in practice;

(c) a description of alternative conservation measures, including leak detection and prevention and reduction in unaccounted for water, if any,

which would improve the efficiency of water use, with an evaluation of the costs, and significant environmental and other impacts of such measures;

(d) a schedule of implementation for proposed actions as indicated by the plan;

(e) a description of the frequency and magnitude of supply deficiencies, including conditions of drought and emergency, and the ability to meet short-term deficiencies;

(f) an evaluation of management of water system pressures and peak demands;

(g) an evaluation of incentives to alter water use practices, including fixture and appliance retrofit programs;

(h) an evaluation of public information and educational programs to promote wise use and eliminate waste;

(i) an evaluation of changes in pricing, rate structure, and regulations; and

(j) an evaluation of alternative water management practices, taking into account economic and non-economic factors (including environmental, social, health, and customer impact), technological factors, and incremental costs of additional supplies.

(iii) As used in this subparagraph, the term "water distribution system" means a point or points of diversion from a water supply source or sources, together with associated piping, which serve a number of indentifiable delivery points: *Provided,* That the distribution system is not operationally interconnected with other distribution systems (except for emergency cross-ties) which are served from other points of diversion. An agency serving municipal and industrial water may have more than one water distribution system.

(iv) If a program for the review of water conservation and management plans as provided in clause (ii) of this subparagraph is not in effect in that portion of the Lake Tahoe basin within a State, all gross diversions within such State shall be measured at the point of diversion.

(D) For the purpose of this subsection, water inflow and infiltration to sewer lines shall not be considered a diversion of water, and such water shall not be charged to the gross diversion allocation of either State.

(E) Regulation of streamflow for the purpose of preserving or enhancing instream beneficial uses shall not be charged to the gross diversion allocation of either State.

(3) The transbasin diversions from the Lake Tahoe basin in Nevada and California identified in this paragraph may be continued, to the extent that such diversions are recognized as vested or perfected rights under the laws of the State where each diversion is made. Unless otherwise provided in this subsection, such diversions are in addition to the other allocations made by this subsection. Such transbasin diversions are the following:

(A) diversion of a maximum of 3,000 acre-feet per year from Marlette Lake for use in Nevada;

(B) diversion of a maximum of 561 acre-feet per year from Lake Tahoe for use in Nevada as set forth in Nevada Permit to Appropriate Water No. 23017, except that such diversion shall count against the allocation to Nevada made by this subsection;

(C) diversion of water from Echo Lake for use in California, pursuant to rights vested under California law; and

(D) diversion of water from North Creek as set forth in the State of Nevada Certificate of Appropriation of Water No. 4217.

The transbasin diversions identified in subparagraphs (A), (C), and (D) of this paragraph may be transferred, for use only in the State where the recognized transbasin diversion exists, by lease of the right of use or by conveyance of the right, to the extent to which the right is vested or has been perfected. Any such transfer shall be subject to the applicable laws of the State in which the right is vested or perfected. The transbasin diversion described in subparagraph (B) of this paragraph may be transferred in accordance with State law. With the exception of the transbasin diversion described in subparagraph (B), all water made available for use within the Lake Tahoe basin as a result of any such transfer shall not be charged against the allocations made by this section, and such water may be depleted.

(c) TRUCKEE RIVER.—

(1) There is allocated to the State of California the right to divert or extract, or to utilize any combination thereof, within the Truckee River basin in California the gross amount of 32,000 acre-feet of water per year from all natural sources, including both surface and groundwater, in the Truckee River basin subject to the following terms and conditions:

Sierra Pacific Power Company.

(A) maximum annual diversion of surface supplies shall not exceed 10,000 acre-feet; except that all diversions of surface supplies for use within California shall be subject to the right to water for use on the Pyramid Lake Indian Reservation in amounts as provided in Claim Nos. 1 and 2 of the Orr Ditch decree, and all such diversions initiated after the date of enactment of this title shall be subject to the right of the Sierra Pacific Power Company or its successor to divert forty (40) cubic feet per second of water for municipal, industrial, and domestic use in the Truckee Meadows in Nevada, as such right is more particularly described in Article V of the Truckee River Agreement;

(B) all new wells drilled after the date of enactment of this title shall be designed to minimize any short-term reductions of surface streamflows to the maximum extent feasible;

(C) any use within the State of Nevada of any Truckee River basin groundwater with a point of extraction within California shall be subordinate to existing and future uses in California, and any such use of water in Nevada shall cease to the extent that it causes extractions to exceed safe yield;

(D) except as otherwise provided in this paragraph, the extraction and use of groundwater pursuant to this subsec-

tion shall be subject to all terms and conditions of California law;

(E) determination of safe yield of any groundwater basin in the Truckee River basin in California shall be made by the United States Geological Survey in accordance with California law;

(F) water shall not be diverted from within the Truckee River basin in California for use in California outside the Truckee River basin;

(G) if the Tahoe-Truckee Sanitation Agency or its successor (hereafter "TTSA") changes in whole or in part the place of disposal of its treated wastewater to a place outside the area between Martis Creek and the Truckee River below elevation 5800 NGVD Datum, or changes the existing method of disposing of its wastewater, which change in place or method of disposal reduces the amount or substantially changes the timing of return flows to the Truckee River of the treated wastewater, TTSA shall:

(i) acquire or arrange for the acquisition of preexisting water rights to divert and use water of the Truckee River or its tributaries in California or Nevada and discontinue the diversion and use of water at the preexisting point of diversion and place of use under such rights in a manner legally sufficient to offset such reduction in the amount of return flow or change in timing, and California's Truckee River basin gross diversion allocation shall continue to be charged the amount of the discontinued diversion; or

(ii) in compliance with California law, extract and discharge into the Truckee River or its tributaries an amount of Truckee River basin groundwater in California sufficient to offset such reduction or change in timing, subject to the following conditions:

(a) extraction and discharge of Truckee River Basin groundwater for purposes of this paragraph shall comply with the terms and conditions of subparagraphs 204(c)(1) (B) and (D) and shall not be deemed use of Truckee River basin groundwater within the State of Nevada within the meaning of subparagraph 204(c)(1)(D); and

(b) California's Truckee River basin gross diversion allocation shall be charged immediately with the amount of groundwater discharged and, when California's Truckee River Basin gross diversion allocation equals 22,000 acre-feet or when the total of any reductions resulting from the changes in the place or method of disposal exceed 1000 acre-feet, whichever occurs first, the California Truckee River basin gross diversion allocation shall thereafter be charged with an additional amount of water required to compensate for the return flows which would otherwise have accrued to the Truckee River basin from municipal and industrial use of the discharged groundwater. In no event shall the total of California's Truckee River gross diversions and extractions exceed 32,000 acre-feet.

(iii) For purposes of this paragraph, the existing method of disposal shall include, in addition to underground leach field disposal, surface spray or sprinkler infiltration of treated wastewater on the site between Martis Creek and the Truckee River referred to in this subsection.

(iv) The provisions of this paragraph requiring the acquisition of water rights or the extraction and discharge of groundwater to offset reductions in the amount or timing of return flow to the Truckee River shall also apply to entities other than TTSA that may treat and dispose of wastewater within the California portion of the Truckee River basin, but only if and to the extent that the treated wastewater is not returned to the Truckee River or its tributaries, as to timing and amount, substantially as if the wastewater had been treated and disposed of by TTSA in its existing place of disposal and by its existing method of disposal. The provisions of this paragraph shall not apply to entities treating and disposing of the wastewater from less than eight dwelling units.

(H) All uses of water for commercial, irrigated agriculture within the Truckee River basin within California initiated after the date of enactment of this title shall not impair and shall be junior and subordinate to all beneficial uses in Nevada, including, but not limited to, the use of water for the maintenance and preservation of the Pyramid Lake fishery. As used in this provision, the term "commercial, irrigated agriculture" shall include traditional commercial irrigated farming operations but shall not include the following uses: irrigated golf courses and other recreational facilities, commercial nurseries, normal silvicultural activities other than commercial tree farms, irrigation under riparian rights on land irrigated at any time prior to the date of enactment of this title, lawns and ornamental shrubbery on parcels which include commercial, residential, governmental, or public buildings, and irrigated areas of two acres or less on parcels which include a residence.

(I) Water diverted within the Truckee River basin and used to make snow shall be charged to California's Truckee River allocation as follows:

(i) the first 225 acre-feet used in California each year shall not be charged to the gross diversion allocation;

(ii) where water from the Truckee River basin is diverted and used to make snow in excess of the amounts specified in clause (i) of this subparagraph, the percentage of such diversions chargeable to such allocation shall be specified in the Operating Agreement; and

(iii) the provision of subparagraph 204(c)(1)(F) notwithstanding, criteria for charging incidental runoff, if any, into the Lake Tahoe basin, including the amount and basin to be charged, from use of water in excess of the amount specified in clause (i) of this subparagraph, shall be specified in the Operating Agreement. The amounts of such water, if any, shall be included in each State's report prepared pursuant to paragraph 204(d)(1).

(J) Unmetered diversion or extraction of water by residences, shall, for the purpose of calculating the amount of California's gross diversion, be conclusively presumed to utilize a gross diversion of four-tenths of one acre-foot per residence per year.

(K) For the purposes of this subsection, water inflow and infiltration to sewer lines is not a diversion of water, and such water shall not be charged to California's Truckee River basin allocation.

(2) There is additionally allocated to California the amount of water decreed to the Sierra Valley Water Company by judgment in the case of United States of America v. Sierra Valley Water Company, United States District Court for the Northern District of California, Civil No. 5597, as limited by said judgment.

(3) There is allocated to the State of Nevada all water in excess of the allocations made in paragraphs 204(c) (1) and (2) of this title.

(4) The right to water for use on the Pyramid Lake Indian Reservation in the amounts provided in Claim Nos. 1 and 2 of the Orr Ditch decree is recognized and confirmed. In accordance with and subject to the terms of the Orr Ditch decree and applicable law, the United States, acting for and on behalf of the Pyramid Lake Tribe, and with the agreement of the Pyramid Lake Tribe, or the Pyramid Lake Tribe shall have the right to change points of diversion, place, means, manner, or purpose of use of the water so decreed on the reservation.

(d) COMPLIANCE.—

(1) Compliance with the allocations made by this section and with other provisions of this section applicable to each State shall be assured by each State. With the third quarter following the end of each calendar year, each State shall publish a report of water use providing information necessary to determine compliance with the terms and conditions of this section. Reports.

(2) The United States District Courts for the Eastern District of California and the District of Nevada shall have jurisdiction to hear and decide any claims by any aggrieved party against the State of California, State of Nevada, or any other party where such claims allege failure to comply with the allocations or any other provision of this section. Normal rules of venue and transfers of cases between Federal courts shall remain in full force and effect. Each State, by accepting the allocations under this section, shall be deemed to have waived any immunity from the jurisdiction of such courts. Courts. Claims.

(e) FORFEITURE OR ABANDONMENT.—The provisions of this section shall not be interpreted to alter or affect the applicability of the law of each State regarding the forfeiture for nonuse or abandonment of any water right established in accordance with State law, nor shall the forfeiture for nonuse or abandonment of water rights under the applicable law of each State affect the allocations to each State made by this title.

(f) INTERSTATE TRANSFERS.—

(1) Nothing in this title shall prevent the interstate transfer of water or water rights for use within the Truckee River basin, subject to the following provisions:

(A) Each such interstate transfer shall comply with all State laws applicable to transfer of water or water rights,

including but not limited to State laws regulating change in point of diversion, place of use, and purpose of use of water, except that such laws must apply equally to interstate and intrastate transfers.

(B) Use of water so transferred shall be charged to the allocation of the State wherein use of water was being made prior to the transfer.

(C) Subject to subparagraph (A) of this paragraph, in addition to the application of State laws intended to prevent injury to other lawful users of water, each State may, to the extent authorized by State law, deny or condition a proposed interstate transfer of water or water rights having a source within the Truckee River basin where the State agency responsible for administering water rights finds, on the basis of substantial evidence that the transfer would have substantial adverse impacts on the environment or overall economy of the area from which the use of the water or water right would be transferred.

(D) Nothing in this paragraph shall be construed to limit the jurisdiction of any court to review any action taken pursuant to this paragraph.

(2) The jurisdiction of the Alpine court to administer, inter alia, interstate transfers of water or water rights on the Carson River under the Alpine decree, pursuant to jurisdiction reserved therein, including any amendment or supplement thereto, is confirmed. The contracts shall be for a term not exceeding 40 years. Any such contract shall provide that upon the failure of the Secretary to pay such charges, the United States shall be liable for their payment and other costs provided for in applicable provisions of the contract, subject to the availability of appropriations.

(1) Not later than one year after the date of enactment of this title, the Secretary of the Navy, in consultation with the Secretary, shall undertake a study to develop land management plans or measures to achieve dust control, fire abatement and safety, and foreign object damage control on those lands owned by the United States within the Naval Air Station at Fallon, Nevada, in a manner that, to the maximum extent practicable, reduce direct surface deliveries of water. Water saved or conserved shall be defined as reduced project deliveries relative to the maximum annual headgate delivery entitlement associated with recently irrigated water-righted Navy lands. Recently irrigated water-righted Navy lands shall be determined by the Secretary of the Navy in consultation with the Secretary and the State of Nevada.

(2) The Secretary of the Navy shall promptly select and implement land management plans or measures developed by the study described in paragraph (1) of this subsection upon determining that water savings can be made without impairing the safety of operations at Naval Air Station, Fallon.

(3) All water no longer used and water rights no longer exercised by the Secretary of the Navy as a result of the implementation of the modified land management plan or measures specified by this subsection shall be managed by the Secretary for the benefit of fish and wildlife resources referenced in sections 206 and 207 of this title: *Provided,* That,

(A) as may be required to fulfill the Secretary's responsibilities under the Endangered Species Act, as amended, the Secretary shall manage such water and water rights primarily for the conservation of the Pyramid Lake fishery and in a manner which is consistent with the Secretary's responsibilities under the Endangered Species Act, as amended, and the requirements of applicable operating criteria and procedures for the Newlands Project; and

(B) the Secretary may manage such water or transfer temporarily or permanently some or all of the water rights no longer exercised by the Secretary of the Navy for the benefit of the Lahontan Valley wetlands so long as such management or transfers are consistent with applicable operating criteria and procedures.

(5) The Secretary shall reimburse appropriate non-Federal entities for reasonable and customary operation and maintenance costs associated with delivery of the water that comes under the Secretary's management pursuant to this subsection.

(6) In carrying out the provisions of this subsection, the Secretary of the Navy and the Secretary shall comply with all applicable provisions of State law and fulfill the Federal trust obligation to the Pyramid Lake Tribe and the Fallon Tribe.

(d) STATE COST-SHARING.—The Secretary is authorized to enter into an agreement with the State of Nevada for use by the State of not less than $9 million of State funds for water and water rights acquisitions and other protective measures to benefit Lahontan Valley wetlands. The Secretary's authority under subsection 206(a) is contingent upon the State of Nevada making such sums available pursuant to the terms of the agreement referenced in this subsection.

(e) TRANSFER OF CARSON LAKE AND PASTURE.—The Secretary is authorized to convey to the State of Nevada Federal lands in the area known generally as the "Carson Lake and Pasture," as depicted on the map entitled "Carson Lake Area," dated July 16, 1990, for use by the State as a State wildlife refuge. (2) Acquisition of water rights and related interests pursuant to this subsection shall be subject to the following conditions:

(A) water rights acquired must satisfy eligibility criteria adopted by the Secretary;

(B) water right purchases shall be only from willing sellers, but the Secretary may target purchases in areas deemed by the Secretary to be most beneficial to such a purchase program;

(5) If, and to the extent that any portion of the sum authorized to be appropriated in paragraph 208(a)(2) is appropriated after fiscal year 1992, or in a lesser amount, there shall be deposited in the Pyramid Lake Paiute Fisheries Fund, subject to appropriations, in addition to the full contribution to the Pyramid Lake Paiute Fisheries Fund, an adjustment representing the interest income as determined by the Secretary in his sole discretion that would have been earned on any unpaid amount had the amount authorized in paragraph 208(a)(2) been appropriated in full for fiscal year 1992.

(6) If and to the extent that any portion of the sums authorized to be appropriated in paragraph 208(a)(3) are appropriated after fiscal years 1993, 1994, 1995, 1996, and 1997, or in lesser amounts than provided by paragraph 208(a)(3), there shall be deposited in the Pyramid Lake Paiute Economic Development Fund, subject to appropriations, in addition to the full contributions to the Pyramid Lake Paiute Economic Development Fund, an adjustment representing the interest income as determined by the Secretary in his sole discretion that would have been earned on any unpaid amounts had the amounts authorized in paragraph 208(a)(3) been appropriated in full for fiscal years 1993, 1994, 1995, 1996, and 1997.

SEC. 209. NEWLANDS PROJECT IMPROVEMENT.

(a) EXPANSION OF AUTHORIZED PURPOSES.—

(1) In addition to the existing irrigation purpose of the Newlands Reclamation Project, the Secretary is authorized to operate and maintain the project for the purposes of:

(A) fish and wildlife, including endangered and threatened species;

(B) municipal and industrial water supply in Lyon and Churchill counties, Nevada, including the Fallon Indian Reservation;

(C) recreation;

(D) water quality; and

(E) any other purposes recognized as beneficial under the law of the State of Nevada.

(2) Additional uses of the Newlands Project made pursuant to this section shall have valid water rights and, if transferred, shall be transferred in accordance with State law.

(b) TRUCKEE RIVER DIVERSIONS.—The Secretary shall not implement any provision of this title in a manner that would:

(1) increase diversions of Truckee River water to the Newlands Project over those allowed under applicable operating criteria and procedures; or

(2) conflict with applicable court decrees.

(c) PROJECT EFFICIENCY STUDY.—

(1) The Secretary shall study the feasibility of improving the conveyance efficiency of Newlands Project facilities to the extent that, within twelve years after the date of enactment of this title, on average not less than seventy-five percent of actual diversions under applicable operating criteria and procedures shall be delivered to satisfy the exercise of water rights within the Newlands Project for authorized project purposes.

Reports.

(2) The Secretary shall consider the effects of the measures required to achieve such efficiency on groundwater resources and wetlands in the Newlands Project area. The Secretary shall report the results of such study to the Committees on Energy and Natural Resources, Environment and Public Works, and Appropriations of the Senate and the Committees on Interior and Insular Affairs, Merchant Marine and Fisheries, and Appropriations of the House of Representatives not later than three years after the date of enactment of this title.

(d) WATER BANK.—The Secretary, in consultation with the State of Nevada and the operator of the Newlands Project, is authorized to use and enter into agreements to allow water right holders to use Newlands Project facilities in Nevada, where such facilities are not otherwise committed or required to fulfill project purposes or other Federal obligations, for supplying carryover storage of irrigation and other water for drought protection and other purposes, consistent with subsections (a) and (b) of this section. The use of such water shall be consistent with and subject to applicable State laws.

(e) RECREATION STUDY.—The Secretary, in consultation with the State of Nevada, is authorized to conduct a study to identify administrative, operational, and structural measures to benefit recreational use of Lahontan Reservoir and the Carson River downstream of Lahontan Dam. Such study shall be reported to the Committee on Energy and Natural Resources of the Senate and the Committee on Interior and Insular Affairs of the House of Representatives.

Reports.

(f) EFFLUENT REUSE STUDY.—The Secretary, in cooperation with the Administrator of the Environmental Protection Agency, the State of Nevada, and appropriate local entities, shall study the feasibility of reusing municipal wastewater for the purpose of wetland improvement or creation, or other beneficial purposes, in the areas of Fernley, Nevada, the former Lake Winnemucca National Wildlife Refuge, and the Lahontan Valley. The Secretary shall coordinate such studies with other efforts underway to manage wastewater from the Reno and Sparks, Nevada, area and to improve Truckee River and Pyramid Lake water quality. Such study shall be reported to the Committees on Energy and Natural Resources, Environment and Public Works, and Appropriations of the Senate and the Committees on Interior and Insular Affairs, Merchant Marine and Fisheries, and Appropriations of the House of Representatives.

Reports.

(g) REPAYMENT CANCELLATION.—Notwithstanding any other provision of law, the Secretary may cancel all repayment obligations owing to the Bureau of Reclamation by the Truckee-Carson Irrigation District. As a precondition for the Secretary to cancel such obligations, the Truckee-Carson Irrigation District shall agree to collect all such repayment obligations and use such funds for water conservation measures. For the purpose of this subsection and paragraph 209(h)(2), the term "water conservation measures" shall not include repair, modification, or replacement of Derby Dam.

(h) SETTLEMENT OF CLAIMS.—

(1) The provisions of subsections 209 (d), (e), (f), and (g) of this section shall not become effective unless and until the Truckee-Carson Irrigation District has entered into a settlement agreement with the Secretary concerning claims for recoupment of water diverted in excess of the amounts permitted by applicable operating criteria and procedures.

(2) The provisions of subsection 209(g) of this section shall not become effective unless and until the State of Nevada provides not less than $4,000,000 for use in implementing water conservation measures pursuant to the settlement described in paragraph (1) of this subsection.

(3) The Secretary is authorized to expend such sums as may be required to match equally the sums provided by the State of Nevada under paragraph (2) of this subsection. Such sums shall be available for use only in implementing water conservation measures pursuant to the settlement described in paragraph (1) of this subsection.

(i) FISH AND WILDLIFE.—The Secretary shall, insofar as is consistent with project irrigation purposes and applicable operating criteria and procedures, manage existing Newlands Project re-regulatory reservoirs for the purpose of fish and wildlife.

(j) OPERATING CRITERIA AND PROCEDURES.— Courts.

(1) In carrying out the provisions of this title, the Secretary shall act in a manner that is fully consistent with the decision in the case of Pyramid Lake Paiute Tribe of Indians v. Morton, 354 F. Supp. 252 (D. D.C. 1973).

(2) Notwithstanding any other provision of law, the operating criteria and procedures for the Newlands Reclamation Project adopted by the Secretary on April 15, 1988 shall remain in effect at least through December 31, 1997, unless the Secretary decides, in his sole discretion, that changes are necessary to comply with his obligations, including those under the Endangered Species Act, as amended. Prior to December 31, 1997, no court or administrative tribunal shall have jurisdiction to set aside any of such operating criteria and procedures or to order or direct that they be changed in any way. All actions taken heretofore by the Secretary under any operating criteria and procedures are hereby declared to be valid and shall not be subject to review in any judicial or administrative proceeding, except as set forth in paragraph (3) of this subsection.

(3) The Secretary shall henceforth ensure compliance with all of the provisions of the operating criteria and procedures referenced in paragraph (2) of this subsection or any applicable provision of any other operating criteria or procedures for the Newlands Project previously adopted by the Secretary, and shall, pursuant to subsection 709(h) or judicial proceeding, pursue recoupment of any water diverted from the Truckee River in excess of the amounts permitted by any such operating criteria and procedures. The Secretary shall have exclusive authority and responsibility to pursue such recoupment, except that, if an agreement or order leading to such recoupment is not in effect as of December 31, 1997, any party with standing to pursue such recoupment prior to enactment of this title may pursue such recoupment thereafter. Any agreement or court order between the Secretary and other parties concerning recoupment of Truckee River water diverted in violation of applicable operating criteria and procedures shall be consistent with the requirements of this subsection and the Endangered Species Act, as amended, and shall be submitted for the review and approval of the court exercising jurisdiction over the operating criteria and procedures for the Newlands Project. All interested parties may participate in such review. In any recoupment action brought by any party, other than the Sec-

retary, after December 31, 1997, the only relief available from any court of the United States will be the issuance of a declaratory judgment and injunctive relief directing any unlawful user of water to restore the amount of water unlawfully diverted. In no event shall a court enter any order in such a proceeding that will result in the expenditure of any funds out of the United States Treasury.

SEC. 210. MISCELLANEOUS PROVISIONS.

(A) section 204, subsections 206(c), 207 (c) and (d), subparagraph 208(a)(3)(D), and paragraph 210(a)(3) of this title shall not take effect until:

(i) the agreements and regulations required under section 205 of this title, including the Truckee Meadows water conservation plan referenced in the Preliminary Settlement Agreement as modified by the Ratification Agreement, enter into effect;

(B) section 204 of this title, the Preliminary Settlement Agreement as modified by the Ratification Agreement, and the Operating Agreement, shall not take effect until the Pyramid Lake Tribe's claim to the remaining waters of the Truckee River which are not subject to vested or perfected rights has been finally resolved in a manner satisfactory to the State of Nevada and the Pyramid Lake Tribe; and

(C) section 204 of this title, the Preliminary Settlement Agreement as modified by the Ratification Agreement, the Operating Agreement, and subsection 207(d) shall not take

effect until the funds authorized in paragraph 208(a)(3) of this title have been appropriated.

(3) On and after the effective date of section 204 of this title, except as otherwise specifically provided herein, no person or entity who has entered into the Preliminary Settlement Agreement as modified by the Ratification Agreement or the Operating Agreement, or accepted any benefits or payments under this legislation, including any Indian Tribe and the States of California and Nevada, the United States and its officers and agencies may assert in any judicial or administrative proceeding a claim that is inconsistent with the allocations provided in section 204 of this title, or inconsistent or in conflict with the operational criteria for the Truckee River established pursuant to section 205 of this title. No person or entity who does not become a party to the Preliminary Settlement Agreement as modified by the Ratification Agreement or the Operating Agreement may assert in any judicial or administrative proceeding any claim for water or water rights for the Pyramid Lake Tribe, the Pyramid Lake Indian Reservation, or the Pyramid Lake fishery. Any such claims are hereby barred and extinguished and no court of the United States may hear or consider any such claims by such persons or entities.

(b) GENERAL PROVISIONS.—

(1) Subject to the provisions of paragraphs (2) and (3) of this subsection, and to all existing property rights or interests, all of the trust land within the exterior boundaries of the Pyramid Lake Indian Reservation shall be permanently held by the United States for the sole use and benefit of the Pyramid Lake Tribe.

(2) Anaho Island in its entirety is hereby recognized as part of the Pyramid Lake Indian Reservation. In recognition of the consent of the Pyramid Lake Tribe evidenced by Resolution No. 19-90 of the Pyramid Lake Paiute Tribal Council, all of Anaho Island shall hereafter be managed and administered by and under the primary jurisdiction of the United States Fish and Wildlife Service as an integral component of the National Wildlife Refuge System for the benefit and protection of colonial nesting species and other migratory birds. Anaho Island National Wildlife Refuge shall be managed by the United States Fish and Wildlife Service in accord with the National Wildlife Refuge System Administration Act, as amended, and other applicable provisions of Federal law. Consistent with the National Wildlife Refuge System Administration Act, as amended, the Director of the United States Fish and Wildlife Service is authorized to enter into cooperative agreements with the Pyramid Lake Tribe regarding Anaho Island National Wildlife Refuge.

(3) Subject to the relinquishment by the legislature of the State of Nevada of any claim the State of Nevada may have to ownership of the beds and banks of the Truckee River within the exterior boundaries of the Pyramid Lake Indian Reservation and of Pyramid Lake, those beds and banks are recognized as part of the Pyramid Lake Indian Reservation and as being held by the United States in trust for the sole use and benefit of the Pyramid Lake Tribe. Nothing in this subsection shall be deemed to recognize any right, title, or interest of the State of Nevada in those beds and banks which it would not otherwise

have. No other provision of this title shall be contingent on the effectiveness of this subsection.

Regulations.

(4) Except as provided in paragraphs (2) and (9) of this subsection, the Pyramid Lake Tribe shall have the sole and exclusive authority to establish rules and regulations governing hunting, fishing, boating, and all forms of water based recreation on all lands within the Pyramid Lake Indian Reservation except fee-patented land, provided that the regulation of such activities on fee-patented land within the Pyramid Lake Indian Reservation shall not be affected by this paragraph. Nothing in this paragraph shall be deemed to recognize or confer any criminal jurisdiction on the Pyramid Lake Tribe or to affect any regulatory jurisdiction of the State of Nevada with respect to any other matters.

(5) The consent of the United States is given to the negotiation and execution of an intergovernmental agreement between the Pyramid Lake Tribe and the State of Nevada, which agreement may also include Washoe County, Nevada, providing for the enforcement by the State of Nevada and Washoe County of the rules and regulations referred to in paragraph (4) adopted by the Pyramid Lake Tribe governing hunting, fishing, boating, and all forms of water based recreation against non-members of the Pyramid Lake Tribe and for State courts or other forums of the State of Nevada or its political subdivisions to exercise civil and criminal jurisdiction over violations of the Pyramid Lake Tribe's rules and regulations allegedly committed by such non-members, except as provided by paragraphs (2) and (9) of this subsection.

(6) The consent of the United States is given to the negotiation and execution of an intergovernmental agreement between the Pyramid Lake Tribe and the State of Nevada, which agreement may also include Washoe County, Nevada, providing for the enforcement of rules and regulations governing hunting, fishing, boating and all forms of water based recreation on fee-patented land within the Pyramid Lake Indian Reservation, except as provided by paragraphs (2) and (9) of this subsection.

(7) Nothing in this title shall limit or diminish the Federal Government's trust responsibility to any Indian Tribe, except that this provision shall not be interpreted to impose any liability on the United States or its agencies for any damages resulting from actions taken by the Pyramid Lake Paiute Tribe as to which the United States is not a party or with respect to which the United States has no supervisory responsibility.

(8) Subject to the terms, conditions, and contingencies of and relating to the Preliminary Settlement Agreement as modified by the Ratification Agreement, the United States on its own behalf and in its capacity as trustee to the Pyramid Lake Tribe confirms and ratifies the waivers of any right to object to the use and implementation of the water supply measures described in sections 3 and 21 of article II of the Preliminary Settlement Agreement as modified by the Ratification Agreement, and any waivers of sovereign immunity given in connection with that agreement or the Operating Agreement, upon the entry into effect of the Preliminary Settlement Agreement as modified by the Ratification Agreement.

(9) Nothing in this title shall be construed as waiving or altering the requirements of any Federal environmental or

wildlife conservation law, including, but not limited to, the Endangered Species Act, as amended, including the consultation and reinitiation of consultation responsibilities of the Secretary under section 7 of the Act, and the National Environmental Policy Act of 1969.

(10) Nothing in this title shall be construed to create an express or implied Federal reserved water right.

(11) Nothing in this title shall subject the United States or any of its agencies or instrumentalities or any Indian Tribe to any State jurisdiction or regulation to which they would not otherwise be subject.

(12) Nothing in this title is intended to abrogate the jurisdiction of or required approvals by the Nevada State Engineer or the California State Water Resources Control Board.

(13) Nothing in this title is intended to affect the power of the Orr Ditch court or the Alpine court to ensure that the owners of vested and perfected Truckee River water rights receive the amount of water to which they are entitled under the Orr Ditch decree or the Alpine decree. Nothing in this title is intended to alter or conflict with any vested and perfected right of any person or entity to use the water of the Truckee River or its tributaries, including, but not limited to, the rights of landowners within the Newlands Project for delivery of the water of the Truckee River to Derby Dam and for the diversion of such waters at Derby Dam pursuant to the Orr Ditch decree or any applicable law.

(14) No single provision or combination of provisions in this title, including interstate allocations under section 204, or associated agreements which may adversely affect inflows of water to Pyramid Lake shall form the basis for additional claims of water to benefit Pyramid Lake, the Pyramid Lake fishery, or lands within the Pyramid Lake Indian Reservation.

(15) Nothing in this title shall affect any claim of Federal reserved water rights, if any, to the Carson River or its tributaries for the benefit of lands within the Fallon Indian Reservation.

(16) The Secretary, in consultation with the State of Nevada and affected local interests, shall undertake appropriate measures to address significant adverse impacts, identified by studies authorized by this title, on domestic uses of groundwater directly resulting from the water purchases authorized by this title.

(17) It is hereby declared that after August 26, 1935, and prior to the date of enactment of this title, there was no construction within the meaning of section 23(b) of the Federal Power Act, as amended, at the four run-of-river hydroelectric project works owned by Sierra Pacific Power Company and located on the Truckee River. Notwithstanding any other provision of law, after the date of enactment of this title, development of additional generating capacity at such project works that is accomplished through replacement of turbine generators and increases in effective head shall not constitute construction within the meaning of section 23(b) of the Federal Power Act, as amended: *Provided,* That such development may not change the location of or increase any existing impoundments and may not require diversions of water in excess of existing water rights for such project works: *And provided further,* That the diversions of

water for the operation of such project works shall be consistent with the Preliminary Settlement Agreement as modified by the Ratification Agreement, and the Operating Agreement. The Secretary shall take into account the monetary value of this provision to the Sierra Pacific Power Company in calculating the storage charge referred to in paragraph 205(a)(6).

Public lands.

(18) The Secretary is authorized, in accordance with this section and applicable provisions of existing law, to exchange surveyed public lands in Nevada for interests in fee patented lands, water rights, or surface rights to lands within or contiguous to the exterior boundaries of the Pyramid Lake Indian Reservation. The values of the lands or interests therein exchanged by the Secretary under this paragraph shall be substantially equal, but the Secretary is authorized to accept monetary payments from the owners of such fee patented lands, water rights, or surface rights as circumstances may require in order to compensate for any difference in value. Any such payments shall be deposited to the Treasury. The value of improvements on land to be exchanged shall be given due consideration and an appropriate allowance shall be made therefor in the valuation. Title to lands or any interest therein acquired by the Secretary pursuant to this subsection shall be taken in the name of the United States in trust for the Pyramid Lake Tribe and shall be added to the Pyramid Lake Indian Reservation.

(c) APPROPRIATIONS AUTHORIZED.—There are authorized to be appropriated such sums as may be required to implement the provisions of this title.

(b) TABLE OF CONTENTS.—

Sec. 1. Short title and table of contents.
Sec. 2. Findings and policy.
Sec. 3. Definitions.
Sec. 4. Office of Environmental Education.
Sec. 5. Environmental education and training program.
Sec. 6. Environmental education grants.

SEC. 2. FINDINGS AND POLICY.

20 USC 5501.

(a) FINDINGS.—The Congress finds that—

(1) Threats to human health and environmental quality are increasingly complex, involving a wide range of conventional and toxic contaminants in the air and water and on the land.

(2) There is growing evidence of international environmental problems, such as global warming, ocean pollution, and declines in species diversity, and that these problems pose serious threats to human health and the environment on a global scale.

(3) Environmental problems represent as significant a threat to the quality of life and the economic vitality of urban areas as they do the natural balance of rural areas.

(4) Effective response to complex environmental problems requires understanding of the natural and built environment, awareness of environmental problems and their origins (including those in urban areas), and the skills to solve these problems.

(5) Development of effective solutions to environmental problems and effective implementation of environmental programs requires a well educated and trained, professional work force.

(6) Current Federal efforts to inform and educate the public concerning the natural and built environment and environmental problems are not adequate.

(7) Existing Federal support for development and training of professionals in environmental fields is not sufficient.

(8) The Federal Government, acting through the Environmental Protection Agency, should work with local education institutions, State education agencies, not-for-profit educational and environmental organizations, noncommercial educational

broadcasting entities, and private sector interests to support development of curricula, special projects, and other activities, to increase understanding of the natural and built environment and to improve awareness of environmental problems.

(9) The Federal Government, acting through the coordinated efforts of its agencies and with the leadership of the Environmental Protection Agency, should work with local education institutions, State education agencies, not-for-profit educational and environmental organizations, noncommercial educational broadcasting entities, and private sector interests to develop programs to provide increased emphasis and financial resources for the purpose of attracting students into environmental engineering and assisting them in pursuing the programs to complete the advanced technical education required to provide effective problem solving capabilities for complex environmental issues.

(10) Federal natural resource agencies such as the United States Forest Service have a wide range of environmental expertise and a long history of cooperation with educational institutions and technology transfer that can assist in furthering the purposes of the Act.

(b) POLICY.—It is the policy of the United States to establish and support a program of education on the environment, for students and personnel working with students, through activities in schools, institutions of higher education, and related educational activities, and to encourage postsecondary students to pursue careers related to the environment.

Joint Resolution

Nov. 16, 1990
[S.J. Res. 206]

Calling for the United States to encourage immediate negotiations toward a new agreement among Antarctic Treaty Consultative Parties, for the full protection of Antarctica as a global ecological commons.

Whereas Antarctica, like the great oceans and the atmosphere, is a part of the global commons;

Whereas the Antarctic region, including the continent and the Southern Ocean, is a fragile ecosystem that supports an amazing abundance of life, and is, in turn, crucial to other life on Earth;

Whereas Antarctica is a critical area in the study and documentation of global change;

Whereas negotations of the Antarctic Treaty Consultative Parties have resulted in the Convention on the Regulation of Antarctic Mineral Resource Activities;

Whereas the Convention on the Regulation of Antarctic Mineral Resource Activities, while requiring consideration of environmental impacts prior to allowing minerals development in Antarctica, does not guarantee preservation of the Antarctic environment; and

Whereas the challenge to humankind is to ensure that Antarctica is stewarded in a manner that conserves its unique environment and preserves its value for scientific research: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That—

(1) Antarctica is a global ecological commons, and should, therefore, be subject to a new agreement or protocol which supplement the Antarctic Treaty of 1959, providing for comprehensive environmental protection of Antarctica, and which should for an indefinite period establish Antarctica as a region closed to commercial minerals development and related activities;

(2) under such new agreements, information about mineral or other resources in Antarctica should be obtained under strictly controlled arrangements and should be openly shared in the international scientific community;

(3) the Convention on the Regulation of Antarctic Mineral Resource Activities, though a considerable step forward, does not guarantee protection of the fragile environment of Antarctica and could actually stimulate movement toward commercial exploitation;

(4) pending the negotiation and entry into force of the new agreements referred to in paragraph (1) the Convention on the Regulation of Antarctic Mineral Resource Activities should not be presented to the Senate for advice and consent to ratification;

(5) until such new agreements enter into force, the United States should support the interim restraint measures currently in effect among the Consultative Parties to the Antarctic Treaty; and

(6) the negotiation of a new agreements referred to in paragraph (1) should be fully supported by the United States at the November 1990 meeting of the Antarctic Treaty Consultative Parties in Santiago, Chile.

16 USC 668dd note.

For the purposes of this Act, the term—

(2) "limited general warranty deed" means a general warranty deed which is, with respect to its warranties, limited to that portion of the chain of title from the moment of conveyance from the United States to Koniag to and including the moment at which such title is validly reconveyed to the United States of America and its assigns; and

(3) "Secretary" means the Secretary of the Interior acting through the Director of the United States Fish and Wildlife Service.

SEC. 2. LANDS TO BE EXCHANGED.

16 USC 668dd note.

(a) LANDS EXCHANGED TO THE UNITED STATES.—(1) The Secretary is directed to accept from Koniag a conveyance by limited general warranty deed of the surface and subsurface rights to approximately two hundred and nine acres of land on Kodiak Island, Alaska, designated "Koniag Lands" upon a map entitled "Koniag Land Exchange", dated September 4, 1990, and available for inspection in appropriate offices of the United States Fish and Wildlife Service.

(2) The lands described in paragraph (1) shall be included in the Alaska Maritime National Wildlife Refuge as of the date of the acceptance of the conveyance from Koniag.

(b) LANDS EXCHANGED TO KONIAG.—In exchange for the lands conveyed by Koniag under subsection (a)(1), the Secretary shall, subject to valid existing rights and notwithstanding any other provision of law, convey to Koniag, from within those lands designated as Tracts 1, 2 and 3 upon the map identified in subsection (a)(1), the surface and subsurface rights to an amount of land selected by Koniag which has a total value, as determined by the appraisals performed under section 3, equal to the sum of the value of the Koniag lands described in subsection (a)(1), plus one half of the cost of all appraisals performed under section 3 of this Act. Such conveyance shall be by quitclaim deed, based upon a metes and bounds description of the land to be conveyed.

SEC. 3. DETERMINATION OF LAND VALUES.

16 USC 668dd note.

(a) SELECTION OF APPRAISERS.—Not later than sixty days after the enactment of this Act, the Secretary and Koniag shall each select an appraiser who shall independently perform an appraisal of the fair

market value of the lands identified in section 2 of this Act. Each such appraiser shall be a member of or certified by the Appraisal Foundation and shall have a professional designation compatible with the valuation to be performed. Such appraisals shall be performed in conformity with the standards of such Foundation. Any special instruction regarding the performance of the appraisals shall be issued only upon the mutual agreement of the Koniag and the Secretary.

(b) DIFFERENCES IN APPRAISALS.—(1) In the event that the appraisals conducted under the provisions of subsection (a) shall differ by less than 20 percent in their assignment of value to either the tract identified under section 2(a)(1) or to any of the tracts identified in section 2(b), the value assigned to that tract shall be an amount equal to the lower of the two appraisals, plus one-half of the difference between the two appraisals.

(2) In the event the appraisals delivered under the provisions of subsection (a) shall differ by more than 20 percent in their assignment of value to either the tract identified under section 2(a)(1) or the tracts identified in section 2(b), the Secretary and Koniag shall jointly select a third appraiser who meets the requirements of this section. Such third appraiser shall review the previously delivered appraisals of the tracts in question, and shall be instructed to reach a determination of value for the tract in question that lies between the values determined for that tract by the previous appraisals. The value determined by such third appraisal shall be binding upon both the Secretary and Koniag.

(3) Koniag shall bear the cost of all such appraisals, but shall be reimbursed in land by the United States for one-half of such costs pursuant to the provisions of section 2(b).

16 USC 668dd note.

SEC. 4. TIMING.

(a) INITIAL APPRAISALS.—The appraisals required under section 3(a) shall be completed and delivered to the Secretary and to Koniag within one hundred and twenty days of the selection of the appraisers.

(b) REVIEW APPRAISAL.—In the event a review appraisal is required pursuant to the provisions of section 3(b)(2) of this Act, such review appraisal shall be completed and delivered to the Secretary and to Koniag within sixty days of the selection of that appraiser.

(c) CONVEYANCE BY KONIAG.—Koniag shall have one hundred eighty days after the date of the delivery of the appraisals performed under section 3(b)(1) or 3(b)(2), as the case may be, to convey to the Secretary the lands described in section 2(a)(1), and a technically correct description of lands to be conveyed to them under section 2(b). The Secretary may extend such time for good cause.

(d) CONVEYANCE BY THE SECRETARY.—The Secretary shall convey to Koniag the lands identified by them pursuant to section 2(b) within one hundred and eighty days after his approval of Koniag's conveyance pursuant to subsection (c). Those lands conveyed to Koniag under this Act shall be excluded from the exterior boundaries of the Alaska Maritime National Wildlife Refuge.

16 USC 668dd note.

SEC. 5. EFFECT ON TITLE TO TIDAL OR SUBMERGED LANDS.

(a) CLAIMS BY THE STATE OF ALASKA.—No provision of this Act shall be construed to invalidate or validate or in any other way affect the State of Alaska's claim that title to any or all of the tidal or submerged lands conveyed or to be conveyed hereunder vested in

the State at statehood nor shall any actions taken pursuant to or in accordance with this section operate under any provision or principle of law to bar the State of Alaska from asserting at any time its claim of title.

(b) OTHER CONSIDERATION.—Should it be determined by a final order, not subject to further appeal and issued by a court of competent jurisdiction, that title to some or all of the lands conveyed or purported to be conveyed under the authority of this section is in the State of Alaska, then within six months after the final order the Secretary shall take all actions necessary to achieve rescission and restitution to establish status quo ante with regard to the exchange authorized in section 2 of this Act unless Koniag and the Secretary mutually agree to the identity of other consideration to be granted to Koniag, which consideration shall have a value equal to the value of those lands, the title to which is in the State of Alaska or mutually agree to extend the six month period.

SEC. 6. RESTRICTIONS AND LIMITATIONS.

16 USC 668dd note.

In order to protect the United States Coast Guard Holiday Beach receiver site, the lands to be conveyed to Koniag under subsection 2(b) of this Act shall be subject to the same restrictions and limitations on their use as are the adjacent lands which were conveyed to Koniag subject to the agreement dated December 9, 1977, between the Commandant of the United States Coast Guard and Koniag. Such restrictions and limitations shall be considered in determining the fair market value of the lands under section 3 of this Act.

"(4) PROHIBITED PROGRAMS.—In the study required under paragraph (3), the Secretary shall not consider any milk inventory management program that includes any milk production termination program that is similar to the program established under section 201(d)(3), or support price reductions below the levels established under this section.

"(5) CRITERIA FOR EVALUATION.—The Secretary shall evaluate the proposals for a milk inventory management program based on—

"(A) the ability of the program to limit Government purchases of milk products to 6,000,000,000 pounds (milk equivalent, total milk solids basis) in a calendar year;

"(B) the speed and effectiveness of reducing excess milk production;

"(C) the effectiveness in sustaining reduced milk production for at least a 5-year period with and without the continuation of the program;

"(D) the regional impact on milk prices, producer revenue, and milk supplies;

"(E) the impact on national producer income and Government expenditures;

"(F) the impact on the rural economy and maintaining family farms;

"(G) the impact on the availability of wholesome dairy products for domestic and foreign nutrition and food assistance programs;

"(H) technological innovations;

"(I) the effectiveness in reducing butter fat production and increasing protein content in milk;

"(J) the impact of temporary increases and decreases of milk production;

"(K) the impact on the United States livestock industry; and

"(g) EXCESS PURCHASES.—

"(1) IN GENERAL.—In order to offset any cost to the Commodity Credit Corporation associated with the purchase of milk and the products of milk in excess of 7,000,000,000 pounds (milk equivalent, total milk solids basis), during any of the calendar years 1991 through 1994, the Secretary shall, if necessary, provide for a reduction to be made in the price received by producers for all milk produced in the United States and marketed by producers for commercial use.

"(2) CALCULATION.—If on November 20 of each of the calendar years 1991 through 1994, the Secretary estimates that the level of Commodity Credit Corporation purchases of milk and the products of milk will exceed 7,000,000,000 pounds (milk equivalent, total milk solids basis), the amount of reduction in the price received by producers shall be an amount per hundredweight calculated by dividing—

"(A) the cost of the purchases in excess of 7,000,000,000 pounds, milk equivalent, total milk solids basis; by

"(B) the total quantity of hundredweights of milk the Secretary estimates will be produced and marketed in the United States for commercial use in that calendar year.

"(3) ADJUSTMENTS.—The Secretary shall adjust any such assessment in future years, or refund any portion of such assessments, as needed, to carry out the purposes of this subsection.

(a) IN GENERAL.—Effective beginning on the date that is 12 months after the date of enactment of this Act, no State shall provide for (and no person shall collect, directly or indirectly) a greater allowance for the processing of milk (hereafter referred to as a "make allowance") than is permitted under a Federal program to establish a Grade A price for manufacturing butter, nonfat dry milk, or cheese.

(b) LIABILITY FOR PENALTIES.—

(1) IN GENERAL.—If the Secretary of Agriculture determines that—

7 USC 1445b-3a.

"SEC. 107B. LOANS, PAYMENTS, AND ACREAGE REDUCTION PROGRAMS FOR THE 1991 THROUGH 1995 CROPS OF WHEAT.

"(a) LOANS AND PURCHASES.—

"(1) IN GENERAL.—Except as otherwise provided in this subsection, the Secretary shall make available to producers on a farm loans and purchases for each of the 1991 through 1995 crops of wheat produced on the farm at such level as the Secretary determines will maintain the competitive relationship of wheat to other grains in domestic and export markets after taking into consideration the cost of producing wheat, supply and demand conditions, and world prices for wheat.

"(2) MINIMUM LOAN AND PURCHASE LEVEL.—Except as provided in paragraphs (3) and (4), the loan and purchase level determined under paragraph (1) shall not be less than 85 percent of the simple average price received by producers of wheat, as determined by the Secretary, during the marketing years for the immediately preceding 5 crops of wheat, excluding the year in which the average price was the highest and the year in which the average price was the lowest in such period, except that the loan and purchase level for a crop determined under this paragraph may not be reduced by more than 5 percent from the level determined for the preceding crop.

"(3) ADJUSTMENTS TO SUPPORT LEVEL.—

"(A) STOCKS TO USE RATIO.—If the Secretary estimates for any marketing year that the ratio of ending stocks of wheat to total use for the marketing year will be—

"(i) equal to or greater than 30 percent, the Secretary may reduce the loan and purchase level for wheat for

the corresponding crop by an amount not to exceed 10 percent in any year;

"(ii) less than 30 percent but not less than 15 percent, the Secretary may reduce the loan and purchase level for wheat for the corresponding crop by an amount not to exceed 5 percent in any year; or

"(iii) less than 15 percent, the Secretary may not reduce the loan and purchase level for wheat for the corresponding crop.

"(B) REPORT TO CONGRESS.—

"(i) IN GENERAL.—If the Secretary adjusts the level of loans and purchases for wheat under subparagraph (A), the Secretary shall submit to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate a report—

"(I) certifying such adjustment as necessary to prevent the accumulation of stocks and to retain market share; and

"(II) containing a description of the need for such adjustment.

"(ii) EFFECTIVE DATE OF ADJUSTMENT.—The adjustment shall become effective no earlier than 60 calendar days after the date of submission of the report to the Committees, except that in the case of the 1991 crop of wheat, the adjustment shall become effective on the date of the submission of the report.

"(C) COMPETITIVE POSITION.—Notwithstanding subparagraph (A), if the Secretary determines, not later than 60 days prior to the beginning of a marketing year for a crop, that the effective loan rate established for such crop will not maintain a competitive market position for wheat, the Secretary may reduce the loan and purchase level for wheat for the marketing year by an amount, in addition to any reduction under subparagraph (A), not to exceed 10 percent in any year.

"(D) NO EFFECT ON FUTURE YEARS.—Any reduction in the loan and purchase level for wheat under this paragraph shall not be considered in determining the loan and purchase level for wheat for subsequent years.

"(E) MINIMUM LOAN RATE.—Notwithstanding subparagraph (A), the loan rate for wheat shall not be less than $2.44 per bushel, unless such rate would exceed 80 percent of the 5-year average market price determination.

"(4) MARKETING LOAN PROVISIONS.—

"(A) IN GENERAL.—The Secretary may permit a producer to repay a loan made under this subsection for a crop at a level (except as provided in subparagraph (C)) that is the lesser of—

"(i) the loan level determined for the crop;

"(ii) the higher of—

"(I) 70 percent of such level;

"(II) if the loan level for a crop was reduced under paragraph (3), 70 percent of the loan level that would have been in effect but for the reduction under paragraph (3); or

"(iii) the prevailing world market price for wheat (adjusted to United States quality and location), as determined by the Secretary.

Regulations.

"(B) PREVAILING WORLD MARKET PRICE.—If the Secretary permits a producer to repay a loan in accordance with subparagraph (A), the Secretary shall prescribe by regulation—

"(i) a formula to determine the prevailing world market price for wheat, adjusted to United States quality and location; and

"(ii) a mechanism by which the Secretary shall announce periodically the prevailing world market price for wheat.

"(C) ALTERNATIVE REPAYMENT RATES.—For each of the 1991 through 1995 crops of wheat, if the world market price for wheat (adjusted to United States quality and location) as determined by the Secretary, is less than the loan level determined for the crop, the Secretary may permit a producer to repay a loan made under this subsection for a crop at such level (not in excess of the loan level determined for the crop) as the Secretary determines will—

"(i) minimize potential loan forfeitures;

"(ii) minimize the accumulation of wheat stocks by the Federal Government;

"(iii) minimize the cost incurred by the Federal Government in storing wheat; and

"(iv) allow wheat produced in the United States to be marketed freely and competitively, both domestically and internationally.

"(5) SIMPLE AVERAGE PRICE.—For purposes of this section, the simple average price received by producers for the immediately preceding marketing year shall be based on the latest information available to the Secretary at the time of the determination.

"(b) LOAN DEFICIENCY PAYMENTS.—

"(1) IN GENERAL.—The Secretary may, for each of the 1991 through 1995 crops of wheat, make payments (hereafter in this section referred to as 'loan deficiency payments') available to producers who, although eligible to obtain a loan or purchase agreement under subsection (a), agree to forgo obtaining the loan or agreement in return for payments under this subsection.

"(2) COMPUTATION.—A payment under this subsection shall be computed by multiplying—

"(A) the loan payment rate; by

"(B) the quantity of wheat the producer is eligible to place under loan (or obtain a purchase agreement) but for which the producer forgoes obtaining the loan or agreement in return for payments under this subsection.

"(3) LOAN PAYMENT RATE.—For purposes of this subsection, the loan payment rate shall be the amount by which—

"(A) the loan level determined for the crop under subsection (a); exceeds

"(B) the level at which a loan may be repaid under subsection (a).

"(c) PAYMENTS.—

"(1) DEFICIENCY PAYMENTS.—

"(A) IN GENERAL.—The Secretary shall make available to producers payments (hereafter in this section referred to as

'deficiency payments') for each of the 1991 through 1995 crops of wheat in an amount computed by multiplying—

"(i) the payment rate; by

"(ii) the payment acres for the crop; by

"(iii) the farm program payment yield established for the crop for the farm.

"(B) PAYMENT RATE.—

"(i) PAYMENT RATE FOR 1991 THROUGH 1993 CROPS.—The payment rate for each of the 1991 through 1993 crops of wheat shall be the amount by which the established price for the crop of wheat exceeds the higher of—

"(I) the national weighted average market price received by producers during the first 5 months of the marketing year for the crop, as determined by the Secretary; or

"(II) the loan level determined for the crop, prior to any adjustment made under subsection (a)(3) for the marketing year for the crop of wheat.

"(ii) PAYMENT RATE OF 1994 AND 1995 CROPS.—The payment rate for each of the 1994 and 1995 crops of wheat shall be calculated as provided in clause (i).

"(iii) MINIMUM ESTABLISHED PRICE.—The established price for wheat shall not be less than $4.00 per bushel for each of the 1991 through 1995 crops.

"(C) PAYMENT ACRES.—Payment acres for a crop shall be the lesser of—

"(i) the number of acres planted to the crop for harvest within the permitted acreage; or

"(ii) 100 percent of the crop acreage base for the crop for the farm less the quantity of reduced acreage (as determined under subsection (e)(2)(D)).

"(D) EMERGENCY COMPENSATION.—

"(i) IN GENERAL.—Notwithstanding the foregoing provisions of this section, if the Secretary adjusts the level of loans and purchases for wheat under subsection (a)(3), the Secretary shall provide emergency compensation by increasing the deficiency payments for wheat by such amount as the Secretary determines necessary to provide the same total return to producers as if the adjustment in the level of loans and purchases had not been made.

"(ii) CALCULATION.—In determining the payment rate, per bushel, for emergency compensation payments for a crop of wheat under this subparagraph, the Secretary shall use the national weighted average market price, per bushel of wheat, received by producers during the marketing year for the crop, as determined by the Secretary.

"(iii) DEADLINES FOR ESTIMATES AND AVAILABILITY.—Notwithstanding any other provision of this Act, the Secretary shall—

"(I) by December 1 of the marketing year for the crop, estimate the national weighted average market price, per bushel of wheat, received by producers during the marketing year;

"(II) by December 15 of the marketing year, use the estimate to make available to producers who have elected the payment option authorized by this clause not less than 75 percent of the increase in payments estimated to be payable with respect to the crop under this subparagraph; and

"(III) adjust the amount of each final payment for wheat to reflect any difference between the amount of any estimated payment made under this clause and the amount of actual payment due under this subparagraph.

"(iv) TIME FOR ELECTING PAYMENT OPTION.—Producers shall elect the payment option authorized by clause (iii) at the time of entering into a contract to participate in the program established by this section for the crop.

"(E) 0/92 PROGRAM.—

"(i) IN GENERAL.—If an acreage limitation program under subsection (e)(2) is in effect for a crop of wheat and the producers on a farm devote a portion of the maximum payment acres for wheat as calculated under subparagraph (C)(ii) of the farm equal to more than 8 percent of such wheat acreage of the farm for the crop to conservation uses (except as provided in subparagraph (F))—

"(I) such portion of the maximum payment acres in excess of 8 percent of such acreage devoted to conservation uses (except as provided in subparagraph (F)) shall be considered to be planted to wheat for the purpose of determining the acreage on the farm required to be devoted to conservation uses in accordance with subsection (e)(2)(D); and

"(II) the producers shall be eligible for payments under this paragraph with respect to such acreage.

"(ii) DEFICIENCY PAYMENTS.—Notwithstanding any other provision of this section, any producer who devotes a portion of the maximum payment acres for wheat for the farm to conservation uses (or other uses as provided in subparagraph (F)) under this subparagraph shall receive deficiency payments on the acreage that is considered to be planted to wheat and eligible for payments under this subparagraph for the crop at a per-bushel rate established by the Secretary, except that the rate may not be established at less than the projected deficiency payment rate for the crop, as determined by the Secretary. Such projected payment rate for the crop shall be announced by the Secretary prior to the period during which wheat producers may agree to participate in the program for the crop.

"(iii) ADVERSE EFFECT ON AGRIBUSINESS AND OTHER INTERESTS.—The Secretary shall implement this subparagraph in such a manner as to minimize the adverse effect on agribusiness and other agriculturally related economic interests within any county, State, or region. In carrying out this subparagraph, the Secretary is authorized to restrict the total quantity of wheat acreage that may be taken out of production under this subparagraph, taking into consideration the

total quantity of acreage that has or will be removed from production under other price support, production adjustment, or conservation program activities. No restrictions on the quantity of acreage that may be taken out of production in accordance with this subparagraph in a crop year shall be imposed in the case of a county in which producers were eligible to receive disaster emergency loans under section 321 of the Consolidated Farm and Rural Development Act (7 U.S.C. 1961) as a result of a disaster that occurred during the crop year.

"(iv) CROP ACREAGE AND PAYMENT YIELD.—The wheat crop acreage base and wheat farm program payment yield of the farm shall not be reduced due to the fact that a portion of the permitted wheat acreage of the farm was devoted to conserving uses (except as provided in subparagraph (F)) under this subparagraph.

"(v) LIMITATION.—Other than as provided in clauses (i) through (iv), payments may not be made under this paragraph for any crop on a greater acreage than the acreage actually planted to wheat.

"(vi) CONSERVATION USE ACREAGE UNDER OTHER PROGRAMS.—Any acreage considered to be planted to wheat in accordance with clauses (i) and (iv) may not also be designated as conservation use acreage for the purpose of fulfilling any provisions under any acreage limitation or land diversion program requiring that the producers devote a specified acreage to conservation uses.

"(F) ALTERNATIVE CROPS.—

"(i) INDUSTRIAL AND OTHER CROPS.—The Secretary may permit, subject to such terms and conditions as the Secretary may prescribe, all or any part of acreage otherwise required to be devoted to conservation uses as a condition of qualifying for payments under subparagraph (E) to be devoted to sweet sorghum, guar, sesame, castor beans, crambe, plantago ovato, triticale, rye, mung beans, commodities for which no substantial domestic production or market exists but that could yield industrial raw material being imported, or likely to be imported, into the United States, or commodities grown for experimental purposes (including kenaf and milkweed), subject to the following sentence. The Secretary may permit the acreage to be devoted to the production only if the Secretary determines that—

"(I) the production is not likely to increase the cost of the price support program and will not affect farm income adversely; and

"(II) the production is needed to provide an adequate supply of the commodity, or, in the case of commodities for which no substantial domestic production or market exists but that could yield industrial raw materials, the production is needed to encourage domestic manufacture of the raw material and could lead to increased industrial use of the raw material to the long-term benefit of United States industry.

"(ii) OILSEEDS.—The Secretary shall permit, subject to such terms and conditions as the Secretary may prescribe, all or any part of acreage otherwise required to be devoted to conservation uses as a condition of qualifying for payments under subparagraph (E) to be devoted to sunflowers, rapeseed, canola, safflower, flaxseed, mustard seed, and other minor oilseed designated by the Secretary (excluding soybeans). In implementing this clause, the Secretary shall provide that, in order to receive payments under subparagraph (E), the producers shall agree to forgo eligibility to receive a loan under section 205 for the crop of any such oilseed produced on the farm.

"(G) REDUCTION FOR DISASTER PAYMENTS.—The total quantity of wheat on which payments would otherwise be payable to a producer on a farm for any crop under this paragraph shall be reduced by the quantity on which any disaster payment is made to the producer for the crop under paragraph (2).

"(2) DISASTER PAYMENTS.—

"(A) PREVENTED PLANTING.—Except as provided in subparagraph (C), if the Secretary determines that the producers on a farm are prevented from planting any portion of the acreage intended for wheat to wheat or other nonconserving crops because of drought, flood, or other natural disaster, or other condition beyond the control of the producers, the Secretary shall make a prevented planting disaster payment to the producers in an amount equal to the product obtained by multiplying—

"(i) the number of acres so affected but not to exceed the acreage planted to wheat for harvest (including any acreage that the producers were prevented from planting to wheat or other nonconserving crops in lieu of wheat because of drought, flood, or other natural disaster, or other condition beyond the control of the producers) in the immediately preceding year; by

"(ii) 75 percent of the farm program payment yield established for the farm by the Secretary; by

"(iii) a payment rate equal to 33⅓ percent of the established price for the crop.

"(B) REDUCED YIELDS.—Except as provided in subparagraph (C), if the Secretary determines that because of drought, flood, or other natural disaster, or other condition beyond the control of the producers, the total quantity of wheat that the producers are able to harvest on any farm is less than the result of multiplying 60 percent of the farm program payment yield established by the Secretary for the crop by the acreage planted for harvest for the crop, the Secretary shall make a reduced yield disaster payment to the producers at a rate equal to 50 percent of the established price for the crop for the deficiency in production below 60 percent for the crop.

"(C) CROP INSURANCE.—Producers on a farm shall not be eligible for—

"(i) prevented planting disaster payments under subparagraph (A), if prevented planting crop insurance is available to the producers under the Federal Crop

Insurance Act (7 U.S.C. 1501 et seq.) with respect to the wheat acreage of the producers; or

"(ii) reduced yield disaster payments under subparagraph (B), if reduced yield crop insurance is available to the producers under such Act with respect to the wheat acreage of the producers.

"(D) ADMINISTRATION.—

"(i) ECONOMIC EMERGENCIES.—Notwithstanding subparagraph (C), the Secretary may make a disaster payment to the producers on a farm under this paragraph if the Secretary determines that— Disaster assistance.

"(I) as the result of drought, flood, or other natural disaster, or other condition beyond the control of the producers, the producers have suffered substantial losses of production either from being prevented from planting wheat or other nonconserving crops or from reduced yields;

"(II) the losses have created an economic emergency for the producers;

"(III) crop insurance indemnity payments under the Federal Crop Insurance Act (7 U.S.C. 1501 et seq.) and other forms of assistance made available by the Federal Government to the producers for the losses are insufficient to alleviate the economic emergency; and

"(IV) additional assistance must be made available to the producers to alleviate the economic emergency.

"(ii) ADJUSTMENTS.—The Secretary may make such adjustments in the amount of payments made available under this paragraph with respect to an individual farm as necessary to ensure the equitable allotment of the payments among producers, taking into account other forms of Federal disaster assistance provided to the producers for the crop involved.

"(d) PAYMENT YIELDS.—The farm program payment yields for farms for each crop of wheat shall be determined under title V.

"(e) ACREAGE REDUCTION PROGRAMS.—

"(1) IN GENERAL.—

"(A) ESTABLISHMENT.—Notwithstanding any other provision of this Act, if the Secretary determines that the total supply of wheat, in the absence of an acreage limitation program, will be excessive taking into account the need for an adequate carry-over to maintain reasonable and stable supplies and prices and to meet a national emergency, the Secretary may provide for any crop of wheat an acreage limitation program as described in paragraph (2).

"(B) AGRICULTURAL RESOURCES CONSERVATION PROGRAM.—In making a determination under subparagraph (A), the Secretary shall take into consideration the number of acres placed in the agricultural resources conservation program established under subtitle D of title XII of the Food Security Act of 1985 (16 U.S.C. 3831 et seq.).

"(C) ANNOUNCEMENTS.—If the Secretary elects to implement an acreage limitation program for any crop year, the Secretary shall announce any such program not later than June 1 prior to the calendar year in which the crop is

harvested, except that in the case of the 1991 crop, the Secretary shall announce the program as soon as practicable after the date of enactment of this section.

"(D) ADJUSTMENTS.—Not later than July 31 of the year previous to the year in which the crop is harvested, the Secretary may make adjustments in the program announced under subparagraph (C) if the Secretary determines that there has been a significant change in the total supply of wheat since the program was first announced.

"(E) COMPLIANCE.—As a condition of eligibility for loans, purchases, and payments for any such crop of wheat, except as provided in subsections (f) and (g) and section 504, the producers on a farm must comply with the terms and conditions of the acreage limitation program and, if applicable, a land diversion program as provided in paragraph (5).

"(F) ACREAGE LIMITATION PROGRAM FOR 1991 CROP.—In the case of the 1991 crop of wheat, the Secretary shall provide for an acreage limitation program (as described in paragraph (2)) under which the acreage planted to wheat for harvest on a farm would be limited to the wheat crop acreage base for the farm for the crop reduced by not less than 15 percent.

"(G) ACREAGE LIMITATION PROGRAMS FOR 1992 THROUGH 1995 CROPS.—In the case of each of the 1992 through 1995 crops of wheat, if the Secretary estimates for a marketing year for the crop that the ratio of ending stocks of wheat to total disappearance of wheat for the preceding marketing year will be—

"(i) more than 40 percent, the Secretary shall provide for an acreage limitation program (as described in paragraph (2)) under which the acreage planted to wheat for harvest on a farm would be limited to the wheat crop acreage base for the farm for the crop reduced by not less than 10 percent nor more than 20 percent; or

"(ii) equal to or less than 40 percent, the Secretary may provide for such an acreage limitation program under which the acreage planted to wheat for harvest on a farm would be limited to the wheat crop acreage base for the farm for the crop reduced by not more than 0 to 15 percent.

For the purpose of this subparagraph, the term 'total disappearance' means all wheat utilization, including total domestic, total export, and total residual disappearance.

"(2) ACREAGE LIMITATION PROGRAM.—

"(A) PERCENTAGE REDUCTIONS.—Except as provided in paragraph (3), if a wheat acreage limitation program is announced under paragraph (1), such limitation shall be achieved by applying a uniform percentage reduction (from 0 to 20 percent) to the wheat crop acreage base for the crop for each wheat-producing farm.

"(B) COMPLIANCE.—Except as provided in subsection (g) and section 504, producers who knowingly produce wheat in excess of the permitted wheat acreage for the farm shall be ineligible for wheat loans, purchases, and payments with respect to that farm.

"(C) CROP ACREAGE BASES.—Wheat crop acreage bases for each crop of wheat shall be determined under title V.

"(D) ACREAGE DEVOTED TO CONSERVATION USES.—A number of acres on the farm shall be devoted to conservation uses, in accordance with regulations issued by the Secretary. Such number shall be determined by multiplying the wheat crop acreage base by the percentage reduction required by the Secretary. The number of acres so determined is hereafter in this subsection referred to as 'reduced acreage'. The remaining acreage is hereafter in this subsection referred to as 'permitted acreage'. Permitted acreage may be adjusted by the Secretary as provided in paragraph (3) and in section 504. Regulations.

"(E) INDIVIDUAL FARM PROGRAM ACREAGE.—Except as otherwise provided in subsection (c), the individual farm program acreage shall be the acreage planted on the farm to wheat for harvest within the permitted wheat acreage for the farm as established under this paragraph.

"(F) PLANTING DESIGNATED CROPS ON REDUCED ACREAGE.—

"(i) DEFINITION OF DESIGNATED CROP.—As used in this subparagraph, the term 'designated crop' means a crop defined in section 504(b)(1), excluding any program crop as defined in section 502(3).

"(ii) IN GENERAL.—Subject to clause (iii), the Secretary may permit producers on a farm to plant a designated crop on no more than one-half of the reduced acreage on the farm.

"(iii) LIMITATIONS.—If the producers on a farm elect to plant a designated crop on reduced acreage under this subparagraph—

"(I) the amount of the deficiency payment that the producers are otherwise eligible to receive under subsection (c) shall be reduced, for each acre (or portion thereof) that is planted to the designated crop, by an amount equal to the deficiency payment that would be made with respect to a number of acres of the crop that the Secretary considers appropriate, except that if the producers on the farm are participating in a program established for more than one program crop, the amount of the reduction shall be determined by prorating the reduction based on the acreage planted or considered planted on the farm to all of such program crops; and

"(II) the Secretary shall ensure that reductions in deficiency payments under subclause (I) are sufficient to ensure that this subparagraph will result in no additional cost to the Commodity Credit Corporation.

"(3) TARGETED OPTION PAYMENTS.—

"(A) IN GENERAL.—Notwithstanding any other provision of this section, if the Secretary implements an acreage limitation program with respect to any of the 1991 through 1995 crops of wheat, the Secretary may make available to producers on a farm who do not receive payments under subsection (c)(1)(E) for such crop on the farm, adjustments in the level of deficiency payments that would otherwise be

made available to the producers if the producers exercise the payment options provided in this paragraph.

"(B) PAYMENT OPTIONS.—If the Secretary elects to carry out this paragraph, the Secretary shall make the payment options specified in subparagraphs (C) and (D) available to producers who agree to make adjustments in the quantity of acreage diverted from the production of wheat under an acreage limitation program in accordance with this paragraph.

"(C) INCREASED ACREAGE LIMITATION OPTION.—

"(i) INCREASE IN ESTABLISHED PRICE.—If the Secretary elects to carry out this paragraph, a producer shall be eligible to receive an increase in the established price for wheat under clause (ii) if the producer agrees to an increase in the acreage limitation percentage to be applied to the producers' wheat acreage base above the acreage limitation percentage announced by the Secretary.

"(ii) METHOD OF CALCULATION.—For the purposes of calculating deficiency payments to be made available to producers who participate in the program under this paragraph, the Secretary shall increase the established price for wheat by an amount determined by the Secretary, but not less than 0.5 percent, nor more than 1 percent, for each 1 percentage point increase in the acreage limitation percentage applied to the producers' wheat acreage base.

"(iii) LIMITATION.—The acreage limitation percentage to be applied to the producers' wheat acreage base shall not be increased by more than 10 percentage points for the 1991 crop and 15 percentage points for each of the 1992 through 1995 crops above the acreage limitation percentage announced by the Secretary for the crop or above 25 percent total for the crop.

"(D) DECREASED ACREAGE LIMITATION OPTION.—

"(i) DECREASE IN ACREAGE LIMITATION REQUIREMENT.—If the Secretary elects to carry out this paragraph, a producer shall be eligible to decrease the acreage limitation percentage applicable to the producers' wheat acreage base (as announced by the Secretary) if the producer agrees to a decrease in the established price for wheat under clause (ii) for the purpose of calculating deficiency payments to be made available to the producer.

"(ii) METHOD OF CALCULATION.—For the purposes of calculating deficiency payments to be made available to producers who choose the option set forth in this subparagraph, the Secretary shall decrease the established price for wheat by an amount to be determined by the Secretary, but not less than 0.5 percent, nor more than 1 percent, for each 1 percentage point decrease in the acreage limitation percentage applied to the producers' wheat acreage base.

"(iii) LIMITATION.—A producer may not choose to decrease the acreage limitation percentage applicable to the producers' wheat acreage base under this para-

graph by more than one-half of the announced acreage limitation percentage.

"(E) PARTICIPATION AND PRODUCTION EFFECTS.—Notwithstanding any other provision of this paragraph, the Secretary shall, to the extent practicable, ensure that the program provided for in this paragraph does not have a significant effect on program participation or total production and shall be offered in such a manner that the Secretary determines will result in no additional budget outlays. The Secretary shall provide an analysis of the Secretary's determination to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate.

"(4) ADMINISTRATION.—

"(A) PROTECTION FROM WEEDS AND EROSION.—The regulations issued by the Secretary under paragraph (2) with respect to acreage required to be devoted to conservation uses shall assure protection of the acreage from weeds and wind and water erosion. Regulations.

"(B) ANNUAL OR PERENNIAL COVER.—

"(i) IN GENERAL.—Except as provided in paragraph (2), a producer who participates in an acreage reduction program established for a crop of wheat under this subsection shall be required to plant to an annual or perennial cover 50 percent (or more, at the option of the producer) of the acreage that is required to be removed from the production of wheat, but not to exceed 5 percent (or more, at the option of the producer) of the crop acreage base established for the crop. This requirement shall not apply with respect to arid areas (including summer fallow areas), as determined by the Secretary.

"(ii) MULTIYEAR PROGRAM.—

"(I) COST-SHARE ASSISTANCE.—If a producer elects to establish a perennial cover capable of improving water quality or wildlife habitat on the acreage, the Commodity Credit Corporation shall make available cost-share assistance for 25 percent of the approved cost of establishing the cover on not more than 50 percent of the acreage that is required to be diverted from production, but not to exceed 5 percent (or more, at the option of the producer) of the crop acreage base established for a crop.

"(II) AGREEMENT OF PRODUCER.—If a producer elects to establish a perennial cover on the acreage under this subparagraph and receives cost-share assistance from the Corporation with respect to the cover, the producer, under such terms and conditions as may be prescribed by the Secretary, taking into consideration guidelines established by the State technical committees established in subtitle G of title XII of the Food Security Act of 1985, shall agree to maintain the perennial cover for a minimum of 3 years.

"(iii) CONSERVING CROPS.—The Secretary may permit, subject to such terms and conditions as the Secretary may prescribe, all or any part of the acreage to be

devoted to sweet sorghum, guar, sesame, castor beans, crambe, plantago ovato, triticale, rye, mung beans, milkweed, or other commodity, if the Secretary determines that the production is needed to provide an adequate supply of the commodities, is not likely to increase the cost of the price support program, and will not affect farm income adversely.

"(C) HAYING AND GRAZING.—

"(i) IN GENERAL.—Except as provided in clause (ii), haying and grazing of reduced acreage, acreage devoted to a conservation use under subsection (c)(1)(E), and acreage diverted from production under a land diversion program established under this section shall be permitted, except during any consecutive 5-month period that is established by the State committee established under section 8(b) of the Soil Conservation and Domestic Allotment Act (16 U.S.C. 590h(b)) for a State. The 5-month period shall be established during the period beginning April 1, and ending October 31, of a year.

"(ii) NATURAL DISASTERS.—In the case of a natural disaster, the Secretary may permit unlimited haying and grazing on the acreage. The Secretary may not exclude irrigated or irrigable acreage not planted in alfalfa when exercising the authority under this clause.

"(D) WATER STORAGE USES.—

Regulations.

"(i) IN GENERAL.—The regulations issued by the Secretary under paragraph (2) with respect to acreage required to be devoted to conservation uses shall provide that land that has been converted to water storage uses shall be considered to be devoted to conservation uses if the land was devoted to wheat, feed grains, cotton, rice, or oilseeds in at least 3 of the immediately preceding 5 years. The land shall be considered to be devoted to conservation uses for the period that the land remains in water storage uses, but not to exceed 5 years subsequent to its conversion to water storage uses.

"(ii) LIMITATIONS.—Land converted to water storage uses for the purposes of this subparagraph may not be devoted to any commercial use, including commercial fish production. The water stored on the land may not be ground water. The farm on which the land is located must have been irrigated with ground water during at least 1 of the preceding 5 crop years.

"(E) SUMMER FALLOW.—In determining the quantity of land to be devoted to conservation uses under an acreage limitation program with respect to land that has been farmed under summer fallow practices, as defined by the Secretary, the Secretary shall consider the effects of soil erosion and such other factors as the Secretary considers appropriate.

"(5) LAND DIVERSION PAYMENTS.—

"(A) IN GENERAL.—The Secretary may make land diversion payments to producers of wheat, whether or not an acreage limitation program for wheat is in effect, if the Secretary determines that the land diversion payments are

necessary to assist in adjusting the total national acreage of wheat to desirable goals. The land diversion payments shall be made to producers who, to the extent prescribed by the Secretary, devote to approved conservation uses an acreage of cropland on the farm in accordance with land diversion contracts entered into by the Secretary with the producers.

"(B) AMOUNTS.—The amounts payable to producers under land diversion contracts may be determined through the submission of bids for the contracts by producers in such manner as the Secretary may prescribe or through such other means as the Secretary determines appropriate. In determining the acceptability of contract offers, the Secretary shall take into consideration the extent of the diversion to be undertaken by the producers and the productivity of the acreage diverted. Government contracts.

"(C) LIMITATION ON DIVERTED ACREAGE.—The Secretary shall limit the total acreage to be diverted under agreements in any county or local community so as not to affect adversely the economy of the county or local community.

"(6) CONSERVATION PRACTICES.—

"(A) WILDLIFE FOOD PLOTS OR HABITAT.—The reduced acreage and additional diverted acreage may be devoted to wildlife food plots or wildlife habitat in conformity with standards established by the Secretary in consultation with wildlife agencies. The Secretary may pay an appropriate share of the cost of practices designed to carry out the purposes of this subparagraph.

"(B) SOIL AND WATER CONSERVATION PRACTICES.—The Secretary may also pay an appropriate share of the cost of approved soil and water conservation practices (including practices that may be effective for a number of years) established by the producer on acreage required to be devoted to conservation uses or on additional diverted acreage.

"(C) PUBLIC ACCESSIBILITY.—The Secretary may provide for an additional payment on the acreage in an amount determined by the Secretary to be appropriate in relation to the benefit to the general public if the producer agrees to permit, without other compensation, access to all or such portion of the farm, as the Secretary may prescribe, by the general public, for hunting, trapping, fishing, and hiking, subject to applicable State and Federal regulations.

"(7) PARTICIPATION AGREEMENTS.—

"(A) IN GENERAL.—Producers on a farm desiring to participate in the program conducted under this subsection shall execute an agreement with the Secretary providing for the participation not later than such date as the Secretary may prescribe.

"(B) MODIFICATION OR TERMINATION.—The Secretary may, by mutual agreement with producers on a farm, modify or terminate any such agreement if the Secretary determines the action necessary because of an emergency created by drought or other disaster or to prevent or alleviate a shortage in the supply of agricultural commodities. The Secretary may modify the agreement under this subparagraph for the purpose of alleviating a shortage in the supply of agricultural commodities only if there has been a signifi-

cant change in the estimated stocks of the commodity since the Secretary announced the final terms and conditions of the program for the crop of wheat.

"(8) SPECIAL OATS PLANTINGS.—In any crop year that the Secretary determines that projected domestic production of oats will not fulfill the projected domestic demand for oats, notwithstanding the foregoing provisions of this subsection, the Secretary—

"(A) may provide that any reduced acreage may be planted to oats for harvest;

"(B) may make program benefits (including loans, purchases, and payments) available under the annual program for oats under section 105B available to producers with respect to acreage planted to oats under this paragraph; and

"(C) shall not make program benefits other than the benefits specified in subparagraph (B) available to producers with respect to acreage planted to oats under this paragraph.

"(f) INVENTORY REDUCTION PAYMENTS.—

"(1) IN GENERAL.—The Secretary may, for each of the 1991 through 1995 crops of wheat, make payments available to producers who meet the requirements of this subsection.

"(2) FORM.—The payments may be made in the form of marketing certificates.

"(3) PAYMENTS.—Payments under this subsection shall be determined in the same manner as provided in subsection (b).

"(4) ELIGIBILITY.—A producer shall be eligible to receive a payment under this subsection for a crop if the producer—

"(A) agrees to forgo obtaining a loan or purchase agreement under subsection (a);

"(B) agrees to forgo receiving payments under subsection (c);

"(C) does not plant wheat for harvest in excess of the crop acreage base reduced by one-half of any acreage required to be diverted from production under subsection (e); and

"(D) otherwise complies with this section.

"(g) PILOT VOLUNTARY PRODUCTION LIMITATION PROGRAM.—

"(1) IN GENERAL.—Effective for the 1992 or 1993 crops (and, if the Secretary so determines, the 1994 and 1995 crops), if a wheat acreage limitation program or a land diversion program is announced under subsection (d) for such crops, the Secretary shall carry out a pilot program in at least 15 counties in at least 2 States where producers express an interest in participating in the pilot program under which the producers on a farm shall be considered to have met the requirements of such acreage limitation or land diversion program if the producers meet the requirements of the voluntary production limitation program established under this subsection.

"(2) LIMITATION ON MARKETING.—In order to comply with the voluntary production limitation program, the producers on a farm must agree not to market, barter, donate, or use on the farm (including use as feed for livestock) in a marketing year a quantity of wheat in excess of the wheat production limitation quantity for the farm for the marketing year.

"(3) PRODUCTION LIMITATION QUANTITY.—For purposes of this subsection, the production limitation quantity for a farm for a

marketing year for a crop shall equal the product obtained by multiplying—

"(A) the acreage permitted to be planted to wheat under the acreage reduction program or land diversion program in effect for the crop for the farm; by

"(B) the higher of—

"(i) the farm program payment yield for the farm; or

"(ii) the average of the yield per harvested acre for wheat for the farm for each of the 5 crop years immediately preceding the crop year during which the producers first participate in the program established under this subsection, excluding the crop years with the highest and lowest yield per harvested acre and any crop year in which the commodity was not planted on the farm.

"(4) TERMS AND CONDITIONS.—Producers on a farm who elect to participate in the program established under this subsection for a crop of wheat shall—

"(A) enter into an agreement with the Secretary providing that the producers shall comply with the program for the crop; Cooperative agreements.

"(B) not plant program commodities for harvest in a quantity in excess of the sum of the crop acreage bases for the farm; and

"(C) be considered to have complied with the terms and conditions of the wheat acreage reduction program or land diversion program for the crop, even though the acreage planted to wheat on the farm exceeds the permitted acreage provided under the acreage reduction or land diversion program.

"(5) EXCESS PRODUCTION.—

"(A) IN GENERAL.—Any quantity of wheat produced in a crop year on a farm in excess of the production limitation quantity for the farm may be stored by the producers for a period of not to exceed 5 marketing years and may be used only in accordance with this paragraph.

"(B) MARKETING IN SUBSEQUENT YEAR.—

"(i) PARTICIPANTS IN PROGRAM.—Producers on a farm who are participating in the program established under this subsection may market, barter, or use a quantity of the excess wheat referred to in subparagraph (A) equal to the difference between the production limitation quantity for the farm for the crop year subsequent to the crop year in which the excess wheat is produced less the quantity of wheat produced on the farm during the crop year.

"(ii) PARTICIPANTS IN ACREAGE REDUCTION PROGRAM.—Producers on a farm who are participating in an acreage reduction or a land diversion program for a crop of wheat may market, barter, or use a quantity of the excess wheat referred to in subparagraph (A) in an amount that reflects the quantity of wheat that would be expected to be produced on acreage that the producers agree to devote to approved conservation uses (in excess of any acreage reduction or land diversion requirements) during a crop year, as determined by the Secretary.

"(6) DUTIES OF SECRETARY.—In carrying out the pilot program established under this subsection, the Secretary—

Regulations.

"(A) shall issue such regulations as are necessary to carry out the program;

"(B) may require increased acreage reduction or land diversion requirements with respect to producers who have had excess wheat production in order to allow the producers to market, barter, or use the production in subsequent years;

"(C) shall take appropriate measures designed to prevent the circumvention of the program established under this subsection, including the imposition of penalties;

"(D) may require producers who participate in the program for a crop, but who fail to comply with the terms and conditions of the program, to refund all or a part of any deficiency payments received with respect to the crop;

"(E) may require the forfeiture to the Commodity Credit Corporation of any wheat that is produced in excess of the production limitation quantity and that is not marketed, bartered, or used within 5 marketing years; and

"(F) shall ensure equitable treatment for producers who participate in the pilot program if the Secretary allows increases (based on actual production levels) in the determination of farm program payment yields for wheat for the farm.

"(7) REPORT.—

"(A) IN GENERAL.—The Comptroller General of the United States shall prepare a report that evaluates the pilot program carried out under this subsection.

"(B) SUBMISSION.—The Comptroller General shall submit a copy of the report required by subparagraph (A) to the Committee on Agriculture of the House of Representatives, the Committee on Agriculture, Nutrition, and Forestry of the Senate, and the Secretary.

"(h) EQUITABLE RELIEF.—

"(1) LOANS, PURCHASES, AND PAYMENTS.—If the failure of a producer to comply fully with the terms and conditions of the program conducted under this section precludes the making of loans, purchases, and payments, the Secretary may, nevertheless, make such loans, purchases, and payments in such amounts as the Secretary determines are equitable in relation to the seriousness of the failure. The Secretary may consider whether the producer made a good faith effort to comply fully with the terms and conditions of such program in determining whether equitable relief is warranted under this paragraph.

"(2) DEADLINES AND PROGRAM REQUIREMENTS.—The Secretary may authorize the county and State committees established under section 8(b) of the Soil Conservation and Domestic Allotment Act (16 U.S.C. 590h(b)) to waive or modify deadlines and other program requirements in cases in which lateness or failure to meet such other requirements does not affect adversely the operation of the program.

"(i) REGULATIONS.—The Secretary may issue such regulations as the Secretary determines necessary to carry out this section.

"(j) COMMODITY CREDIT CORPORATION.—The Secretary shall carry out the program authorized by this section through the Commodity Credit Corporation.

"(k) ASSIGNMENT OF PAYMENTS.—The provisions of section 8(g) of the Soil Conservation and Domestic Allotment Act (16 U.S.C. 590h(g)) (relating to assignment of payments) shall apply to payments under this section.

"(l) SHARING OF PAYMENTS.—The Secretary shall provide for the sharing of payments made under this section for any farm among the producers on the farm on a fair and equitable basis.

"(m) TENANTS AND SHARECROPPERS.—The Secretary shall provide adequate safeguards to protect the interests of tenants and sharecroppers.

"(n) CROSS-COMPLIANCE.—

"(1) IN GENERAL.—Compliance on a farm with the terms and conditions of any other commodity program, or compliance with crop acreage base requirements for any other commodity, may not be required as a condition of eligibility for loans, purchases, or payments under this section.

"(2) COMPLIANCE ON OTHER FARMS.—The Secretary may not require producers on a farm, as a condition of eligibility for loans, purchases, or payments under this section for the farm, to comply with the terms and conditions of the wheat program with respect to any other farm operated by the producers.

"(o) PUBLIC COMMENT ON WHEAT PROGRAM.—

"(1) IN GENERAL.—In order to ensure that producers and consumers of wheat are provided with reasonable opportunity to comment on the annual program determinations concerning the price support and acreage reduction program for each of the 1992 and subsequent crops of wheat, the Secretary shall request public comment regarding the wheat program in accordance with this subsection.

"(2) OPTIONS.—Not less than 60 days before the program is announced for a crop of wheat under this section, the Secretary shall propose for public comment various program options for the crop of wheat.

"(3) ANALYSES.—Each option proposed by the Secretary shall be accompanied by an analysis that includes the estimated planted acreage, production, domestic and export use, ending stocks, season average producer price, program participation rate, and cost to the Federal Government that would likely result from each option.

"(4) ESTIMATES.—In announcing the program for a crop of wheat under this section, the Secretary shall include an estimate of the planted acreage, production, domestic and export use, ending stocks, season average producer price, program participation rate, and cost to the Federal Government that is expected to result from the program as announced.

"(p) SPECIAL PROVISIONS FOR WHEAT PLANTED IN 1990.—Effective with respect to producers of the 1991 crop of wheat that was planted in 1990, a producer may, when participating in the production adjustment program for the 1991 crop of wheat specified in this section elect to participate in the program with the following modifications:

"(1) DEFICIENCY PAYMENTS.—The producer's deficiency payment shall be the amount by which the established price for the crop of wheat exceeds the higher of—

"(A) the lesser of—

"(i) the national weighted average market price received by producers during the marketing year for the crop, as determined by the Secretary; or

"(ii) the national weighted average market price received by producers during the first 5 months of the marketing year for the crop, as determined by the Secretary, plus 10 cents per bushel; or

"(B) the loan level determined for the crop, prior to any adjustment made under subsection (a)(3) for the marketing year for the crop of wheat.

"(2) PAYMENT ACRES.—The producer's payment acres shall be the lesser of—

"(A) the number of acres planted to the crop for harvest within the permitted acreage; or

"(B) 100 percent of the crop acreage base for the crop for the farm less the quantity of reduced acreage (as determined under subsection (e)(2)(D)).

"(q) CROPS.—Notwithstanding any other provision of law, this section shall be effective only for the 1991 through 1995 crops of wheat.".

TITLE IV—FEED GRAINS

SEC. 401. LOANS, PAYMENTS, AND ACREAGE REDUCTION PROGRAMS FOR THE 1991 THROUGH 1995 CROPS OF FEED GRAINS.

The Agricultural Act of 1949 is amended—

(1) by repealing sections 105A and 105B (7 U.S.C. 1444c and 1444d);

(2) by redesignating section 105C (7 U.S.C. 1444e) as section 105A; and

(3) by inserting after section 105A (as so redesignated) the following new section:

"SEC. 105B. LOANS, PAYMENTS, AND ACREAGE REDUCTION PROGRAMS FOR THE 1991 THROUGH 1995 CROPS OF FEED GRAINS. 7 USC 1444f.

"(a) LOANS AND PURCHASES.—

"(1) IN GENERAL.—Except as otherwise provided in this subsection, the Secretary shall make available to producers on a farm loans and purchases for each of the 1991 through 1995 crops of corn produced on the farm at such level as the Secretary determines will encourage the exportation of feed grains and not result in excessive total stocks of feed grains after taking into consideration the cost of producing corn, supply and demand conditions, and world prices for corn.

"(2) MINIMUM LOAN AND PURCHASE LEVEL.—Except as provided in paragraphs (3) and (4), the loan and purchase level determined under paragraph (1) shall not be less than 85 percent of the simple average price received by producers of corn, as determined by the Secretary, during the marketing years for the immediately preceding 5 crops of corn, excluding the year in which the average price was the highest and the year in which the average price was the lowest in such period, except that the loan and purchase level for a crop determined under this paragraph may not be reduced by more than 5 percent from the level determined for the preceding crop.

"(3) ADJUSTMENTS TO SUPPORT LEVEL.—

"(A) STOCKS TO USE RATIO.— If the Secretary estimates for any marketing year that the ratio of ending stocks of corn to total use for the marketing year will be—

"(i) equal to or greater than 25 percent, the Secretary may reduce the loan and purchase level for corn for the corresponding crop by an amount not to exceed 10 percent in any year;

"(ii) less than 25 percent but not less than 12.5 percent, the Secretary may reduce the loan and purchase level for corn for the corresponding crop by an amount not to exceed 5 percent in any year; or

"(iii) less than 12.5 percent the Secretary may not reduce the loan and purchase level for corn for the corresponding crop.

"(B) REPORT TO CONGRESS.—

"(i) IN GENERAL.—If the Secretary adjusts the level of loans and purchases for corn under subparagraph (A), the Secretary shall submit to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate a report—

"(I) certifying such adjustment as necessary to prevent the accumulation of stocks and to retain market share; and

"(II) containing a description of the need for such adjustment.

"(ii) EFFECTIVE DATE OF ADJUSTMENT.—The adjustment shall become effective no earlier than 60 calendar days after the date of submission of the report to the Committees, except that in the case of the 1991 crop of

feed grains, the adjustment shall become effective on the date of the submission of the report.

"(C) COMPETITIVE POSITION.—Notwithstanding subparagraph (A), if the Secretary determines, not later than 60 days prior to the beginning of a marketing year for a crop, that the effective loan rate established for such crop will not maintain a competitive market position for corn, the Secretary may reduce the loan and purchase level for corn for the marketing year by an amount, in addition to any reduction under subparagraph (A), not to exceed 10 percent in any year.

"(D) NO EFFECT ON FUTURE YEARS.—Any reduction in the loan and purchase level for corn under this paragraph shall not be considered in determining the loan and purchase level for corn for subsequent years.

"(E) MINIMUM LOAN RATE.—Notwithstanding subparagraph (A), the loan rate for corn shall not be less than $1.76 per bushel, unless such rate would exceed 80 percent of the 5-year average market price determination.

"(4) MARKETING LOAN PROVISIONS.—

"(A) IN GENERAL.—The Secretary may permit a producer to repay a loan made under this subsection for a crop at a level (except as provided in subparagraph (C)) that is the lesser of—

"(i) the loan level determined for the crop;

"(ii) the higher of—

"(I) 70 percent of such level;

"(II) if the loan level for a crop was reduced under paragraph (3), 70 percent of the loan level that would have been in effect but for the reduction under paragraph (3); or

"(iii) the prevailing world market price for feed grains (adjusted to United States quality and location), as determined by the Secretary.

Regulations.

"(B) PREVAILING WORLD MARKET PRICE.—If the Secretary permits a producer to repay a loan in accordance with subparagraph (A), the Secretary shall prescribe by regulation—

"(i) a formula to determine the prevailing world market price for feed grains, adjusted to United States quality and location; and

"(ii) a mechanism by which the Secretary shall announce periodically the prevailing world market price for feed grains.

"(C) ALTERNATIVE REPAYMENT RATES.—For each of the 1991 through 1995 crops of feed grains, if the world market price for feed grains (adjusted to United States quality and location) as determined by the Secretary, is less than the loan level determined for the crop, the Secretary may permit a producer to repay a loan made under this subsection for a crop at such level (not in excess of the loan level determined for the crop) as the Secretary determines will—

"(i) minimize potential loan forfeitures;

"(ii) minimize the accumulation of feed grain stocks by the Federal Government;

"(iii) minimize the cost incurred by the Federal Government in storing feed grains; and

"(iv) allow feed grains produced in the United States to be marketed freely and competitively, both domestically and internationally.

"(5) SIMPLE AVERAGE PRICE.—For purposes of this section, the simple average price received by producers for the immediately preceding marketing year shall be based on the latest information available to the Secretary at the time of the determination.

"(6) OTHER FEED GRAINS.—The Secretary shall make available to producers loans and purchases for each of the 1991 through 1995 crops of grain sorghums, barley, oats, and rye, respectively, produced on the farm at such level as the Secretary determines is fair and reasonable in relation to the level that loans and purchases are made available for corn, taking into consideration the feeding value of the commodity in relation to corn and other factors specified in section 401(b).

"(b) LOAN DEFICIENCY PAYMENTS.—

"(1) IN GENERAL.—The Secretary may, for each of the 1991 through 1995 crops of feed grains, make payments (hereafter in this section referred to as 'loan deficiency payments') available to producers who, although eligible to obtain a loan or purchase agreement under subsection (a), agree to forgo obtaining the loan or agreement in return for payments under this subsection.

"(2) COMPUTATION.—A payment under this subsection shall be computed by multiplying—

"(A) the loan payment rate; by

"(B) the quantity of feed grains the producer is eligible to place under loan (or obtain a purchase agreement) but for which the producer forgoes obtaining the loan or agreement in return for payments under this subsection.

"(3) LOAN PAYMENT RATE.—For purposes of this subsection, the loan payment rate shall be the amount by which—

"(A) the loan level determined for the crop under subsection (a); exceeds

"(B) the level at which a loan may be repaid under subsection (a).

"(c) PAYMENTS.—

"(1) DEFICIENCY PAYMENTS.—

"(A) IN GENERAL.—The Secretary shall make available to producers payments (hereafter in this section referred to as 'deficiency payments') for each of the 1991 through 1995 crops of corn, grain sorghums, oats, and barley, in an amount computed by multiplying—

"(i) the payment rate; by

"(ii) the payment acres for the crop; by

"(iii) the farm program payment yield established for the crop for the farm.

"(B) PAYMENT RATE.—

"(i) PAYMENT RATE FOR 1991 THROUGH 1993 CROPS.—The payment rate for each of the 1991 through 1993 crops of corn, grain sorghums, oats, and barley shall be the amount by which the established price for the respective crop of feed grains exceeds the higher of—

"(I) the national weighted average market price received by producers during the first 5 months of the marketing year for the crop, as determined by the Secretary; or

"(II) the loan level determined for the crop, prior to any adjustment made under subsection (a)(3) for the marketing year for the crop.

"(ii) PAYMENT RATE OF 1994 AND 1995 CROPS.—The payment rate for each of the 1994 and 1995 crops of corn, grain sorghums, oats, and barley shall be determined as provided in clause (i).

"(iii) MINIMUM ESTABLISHED PRICES.—

"(I) CORN.—The established price for corn shall not be less than $2.75 per bushel for each of the 1991 through 1995 crops of corn.

"(II) OATS.—The established price for oats shall be such price as the Secretary determines is fair and reasonable in relation to the established price for corn, but not less than $1.45 per bushel.

"(III) GRAIN SORGHUMS.—The established price for each of the 1991 through 1995 crops of grain sorghums shall not be less than $2.61 per bushel.

"(IV) BARLEY.—

"(aa) IN GENERAL.—The established price for barley shall be such price as the Secretary determines is fair and reasonable in relation to the established price for corn, taking into consideration the various feed and food uses for barley. The established price for barley shall not be less than 85.8 percent of the established price for corn.

"(bb) BARLEY CALCULATIONS.—The Secretary shall, for purposes of determining the payment rate for barley under clause (i)(I) and subparagraph (D)(ii), use the national weighted average market price received by producers of barley sold primarily for feed purposes.

"(cc) ADVANCE PAYMENTS.—In the case of the 1991 crop of barley, the Secretary shall, for purposes of determining any advance deficiency payment made to the producers of barley under section 114, use the national weighted average market price received by producers for all barley, as determined by the Secretary.

"(dd) EQUITY.—In implementing this subsection, the Secretary shall make available to producers of the 1991 crop of barley, notwithstanding the method of calculation or the amount of the advance deficiency payment, the total amount of payments as calculated under clause (bb).

"(C) PAYMENT ACRES.—Payment acres for a crop shall be the lesser of—

"(i) the number of acres planted to the crop for harvest within the permitted acreage; or

"(ii) 100 percent of the crop acreage base for the crop for the farm less the quantity of reduced acreage (as determined under subsection (e)(2)(D)).

"(D) EMERGENCY COMPENSATION.—

"(i) IN GENERAL.—Notwithstanding the foregoing provisions of this section, if the Secretary adjusts the level of loans and purchases for feed grains under subsection (a)(3), the Secretary shall provide emergency compensation by increasing the deficiency payments for feed grains by such amount as the Secretary determines necessary to provide the same total return to producers as if the adjustment in the level of loans and purchases had not been made.

"(ii) CALCULATION.—In determining the payment rate, per bushel, for emergency compensation payments for a crop of feed grains under this subparagraph, the Secretary shall use the national weighted average market price, per bushel of feed grains, received by producers during the marketing year for the crop, as determined by the Secretary.

"(E) 0/92 PROGRAM.—

"(i) IN GENERAL.—If an acreage limitation program under subsection (e)(2) is in effect for a crop of feed grains and the producers on a farm devote a portion of the maximum payment acres for feed grains as calculated under subparagraph (C)(ii) of the farm equal to more than 8 percent of such feed grain acreage of the farm for the crop, to conservation uses (except as provided in subparagraph (F))—

"(I) such portion of the maximum payment acres of the farm in excess of 8 percent of such acreage devoted to conservation uses (except as provided in subparagraph (F)) shall be considered to be planted to feed grains for the purpose of determining the acreage on the farm required to be devoted to conservation uses in accordance with subsection (e)(2)(D); and

"(II) the producers shall be eligible for payments under this paragraph with respect to such acreage.

"(ii) DEFICIENCY PAYMENTS.—Notwithstanding any other provision of this section, any producer who devotes a portion of the maximum payment acres for feed grains for the farm to conservation uses (or other uses as provided in subparagraph (F)) under this subparagraph shall receive deficiency payments on the acreage that is considered to be planted to feed grains and eligible for payments under this subparagraph for the crop at a per-bushel rate established by the Secretary, except that the rate may not be established at less than the projected deficiency payment rate for the crop, as determined by the Secretary. Such projected payment rate for the crop shall be announced by the Secretary prior to the period during which feed grain producers may agree to participate in the program for the crop.

"(iii) ADVERSE EFFECT ON AGRIBUSINESS AND OTHER INTERESTS.—The Secretary shall implement this subparagraph in such a manner as to minimize the adverse effect on agribusiness and other agriculturally related economic interests within any county, State, or region. In carrying out this subparagraph, the Secretary is authorized to restrict the total quantity of

feed grain acreage that may be taken out of production under this subparagraph, taking into consideration the total quantity of acreage that has or will be removed from production under other price support, production adjustment, or conservation program activities. No restrictions on the quantity of acreage that may be taken out of production in accordance with this subparagraph in a crop year shall be imposed in the case of a county in which producers were eligible to receive disaster emergency loans under section 321 of the Consolidated Farm and Rural Development Act (7 U.S.C. 1961) as a result of a disaster that occurred during the crop year.

"(iv) CROP ACREAGE AND PAYMENT YIELD.—The feed grain crop acreage base and feed grain farm program payment yield of the farm shall not be reduced due to the fact that a portion of the permitted feed grain acreage of the farm was devoted to conserving uses (except as provided in subparagraph (F)) under this subparagraph.

"(v) LIMITATION.—Other than as provided in clauses (i) through (iv), payments may not be made under this paragraph for any crop on a greater acreage than the acreage actually planted to feed grains.

"(vi) CONSERVATION USE ACREAGE UNDER OTHER PROGRAMS.—Any acreage considered to be planted to feed grains in accordance with clauses (i) and (iv) may not also be designated as conservation use acreage for the purpose of fulfilling any provisions under any acreage limitation or land diversion program requiring that the producers devote a specified acreage to conservation uses.

"(F) ALTERNATIVE CROPS.—

"(i) INDUSTRIAL AND OTHER CROPS.—The Secretary may permit, subject to such terms and conditions as the Secretary may prescribe, all or any part of acreage otherwise required to be devoted to conservation uses as a condition of qualifying for payments under subparagraph (E) to be devoted to sweet sorghum, guar, sesame, castor beans, crambe, plantago ovato, triticale, rye, mung beans, commodities for which no substantial domestic production or market exists but that could yield industrial raw material being imported, or likely to be imported, into the United States, or commodities grown for experimental purposes (including kenaf and milkweed), subject to the following sentence. The Secretary may permit the acreage to be devoted to the production only if the Secretary determines that—

"(I) the production is not likely to increase the cost of the price support program and will not affect farm income adversely; and

"(II) the production is needed to provide an adequate supply of the commodity, or, in the case of commodities for which no substantial domestic production or market exists but that could yield industrial raw materials, the production is needed to encourage domestic manufacture of the raw

material and could lead to increased industrial use of the raw material to the long-term benefit of United States industry.

"(ii) OILSEEDS.—The Secretary shall permit, subject to such terms and conditions as the Secretary may prescribe, all or any part of acreage otherwise required to be devoted to conservation uses as a condition of qualifying for payments under subparagraph (E) to be devoted to sunflowers, rapeseed, canola, safflower, flaxseed, mustard seed, and other minor oilseeds designated by the Secretary (excluding soybeans). In implementing this clause, the Secretary shall provide that, in order to receive payments under subparagraph (E), the producers shall agree to forgo eligibility to receive a loan under section 205 for the crop of any such oilseed produced on the farm.

"(G) REDUCTION FOR DISASTER PAYMENTS.—The total quantity of feed grains on which payments would otherwise be payable to a producer on a farm for any crop under this paragraph shall be reduced by the quantity on which any disaster payment is made to the producer for the crop under paragraph (2).

"(2) DISASTER PAYMENTS.—

"(A) PREVENTED PLANTING.—Except as provided in subparagraph (C), if the Secretary determines that the producers on a farm are prevented from planting any portion of the acreage intended for feed grains to feed grains or other nonconserving crops because of drought, flood, or other natural disaster, or other condition beyond the control of the producers, the Secretary shall make a prevented planting disaster payment to the producers in an amount equal to the product obtained by multiplying—

"(i) the number of acres so affected but not to exceed the acreage planted to feed grains for harvest (including any acreage that the producers were prevented from planting to feed grains or other nonconserving crops in lieu of feed grains because of drought, flood, or other natural disaster, or other condition beyond the control of the producers) in the immediately preceding year; by

"(ii) 75 percent of the farm program payment yield established for the farm by the Secretary; by

"(iii) a payment rate equal to 33⅓ percent of the established price for the crop.

"(B) REDUCED YIELDS.—Except as provided in subparagraph (C), if the Secretary determines that because of drought, flood, or other natural disaster, or other condition beyond the control of the producers, the total quantity of feed grains that the producers are able to harvest on any farm is less than the result of multiplying 60 percent of the farm program payment yield established by the Secretary for the crop by the acreage planted for harvest for the crop, the Secretary shall make a reduced yield disaster payment to the producers at a rate equal to 50 percent of the established price for the crop for the deficiency in production below 60 percent for the crop.

"(C) CROP INSURANCE.—Producers on a farm shall not be eligible for—

"(i) prevented planting disaster payments under subparagraph (A), if prevented planting crop insurance is available to the producers under the Federal Crop Insurance Act (7 U.S.C. 1501 et seq.) with respect to the feed grain acreage of the producers; or

"(ii) reduced yield disaster payments under subparagraph (B), if reduced yield crop insurance is available to the producers under such Act with respect to the feed grain acreage of the producers.

"(D) ADMINISTRATION.—

"(i) ECONOMIC EMERGENCIES.—Notwithstanding subparagraph (C), the Secretary may make a disaster payment to the producers on a farm under this paragraph if the Secretary determines that—

"(I) as the result of drought, flood, or other natural disaster, or other condition beyond the control of the producers, the producers have suffered substantial losses of production either from being prevented from planting feed grains or other nonconserving crops or from reduced yields;

"(II) the losses have created an economic emergency for the producers;

"(III) crop insurance indemnity payments under the Federal Crop Insurance Act (7 U.S.C. 1501 et seq.) and other forms of assistance made available by the Federal Government to the producers for the losses are insufficient to alleviate the economic emergency; and

"(IV) additional assistance must be made available to the producers to alleviate the economic emergency.

"(ii) ADJUSTMENTS.—The Secretary may make such adjustments in the amount of payments made available under this paragraph with respect to an individual farm as necessary to ensure the equitable allotment of the payments among producers, taking into account other forms of Federal disaster assistance provided to the producers for the crop involved.

"(d) PAYMENT YIELDS.—The farm program payment yields for farms for each crop of feed grains shall be determined under title V.

"(e) ACREAGE REDUCTION PROGRAMS.—

"(1) IN GENERAL.—

"(A) ESTABLISHMENT.—Notwithstanding any other provision of this Act, if the Secretary determines that the total supply of corn, grain sorghum, barley, or oats, in the absence of an acreage limitation program, will be excessive taking into account the need for an adequate carry-over to maintain reasonable and stable supplies and prices and to meet a national emergency, the Secretary may provide for any crop of corn, grain sorghum, barley, or oats an acreage limitation program as described in paragraph (2).

"(B) AGRICULTURAL RESOURCES CONSERVATION PROGRAM.—In making a determination under subparagraph (A), the Secretary shall take into consideration the number of acres placed in the agricultural resources conservation program

established under subtitle D of title XII of the Food Security Act of 1985 (16 U.S.C. 3831 et seq.).

"(C) ANNOUNCEMENTS.—If the Secretary elects to implement an acreage limitation program for any crop year, the Secretary shall announce the program not later than September 30 prior to the calendar year in which the crop is harvested, except that in the case of the 1991 crop, the Secretary shall announce the program as soon as practicable after the date of enactment of this section.

"(D) ADJUSTMENTS.—Not later than November 15 of the year previous to the year in which the crop is harvested, the Secretary may make adjustments in the program announced under subparagraph (C) if the Secretary determines that there has been a significant change in the total supply of feed grains since the program was first announced.

"(E) COMPLIANCE.—As a condition of eligibility for loans, purchases, and payments for any such crop of feed grains, except as provided in subsections (f) and (g) and section 504, the producers on a farm must comply with the terms and conditions of the acreage limitation program and, if applicable, a land diversion program as provided in paragraph (5).

"(F) ACREAGE LIMITATION PROGRAM FOR 1991 CROP.—In the case of the 1991 crop of corn, the Secretary shall provide for an acreage limitation program (as described in paragraph (2)) as provided in subparagraph (G).

"(G) ACREAGE LIMITATION PROGRAMS FOR 1992 THROUGH 1995 CROPS.—In the case of each of the 1992 through 1995 crops of corn, if the Secretary estimates for a marketing year for the crop that the ratio of ending stocks of corn to total disappearance of corn for the preceding marketing year will be—

"(i) more than 25 percent, the Secretary shall provide for an acreage limitation program (as described in paragraph (2)) under which the acreage planted to corn for harvest on a farm would be limited to the corn crop acreage base for the farm for the crop reduced by not less than 10 percent nor more than 20 percent; or

"(ii) equal to or less than 25 percent, the Secretary may provide for such an acreage limitation program under which the acreage planted to corn for harvest on a farm would be limited to the corn crop acreage base for the farm for the crop reduced by not more than 0 to 12.5 percent.

For the purpose of this subparagraph, the term 'total disappearance' means all corn utilization, including total domestic, total export, and total residual disappearance.

"(H) ACREAGE LIMITATION PROGRAM FOR 1991 THROUGH 1995 CROPS OF OATS.—In the case of each of the 1991 through 1995 crops of oats, the Secretary shall provide for an acreage limitation program (as described in paragraph (2)) under which the acreage planted to oats for harvest on a farm would be limited to the oat crop acreage base for the farm for the crop reduced by not more than 0 percent.

"(2) ACREAGE LIMITATION PROGRAM.—

"(A) PERCENTAGE REDUCTIONS.—Except as provided in paragraph (3), if a feed grain acreage limitation program is announced under paragraph (1), such limitation shall be achieved by applying a uniform percentage reduction (from 0 to 20 percent) to the crop acreage base for corn, grain sorghum, barley, or oats, respectively, for each feed grain-producing farm.

"(B) COMPLIANCE.—Except as provided in subsection (g) and section 504, producers who knowingly produce a feed grain in excess of the respective permitted feed grain acreage for the farm shall be ineligible for feed grain loans, purchases, and payments with respect to that farm.

"(C) CROP ACREAGE BASES.—Feed grain crop acreage bases for each crop of feed grains shall be determined under title V.

Regulations.

"(D) ACREAGE DEVOTED TO CONSERVATION USES.—A number of acres on the farm shall be devoted to conservation uses, in accordance with regulations issued by the Secretary. Such number shall be determined by multiplying the respective feed grain crop acreage base by the percentage reduction required by the Secretary. The number of acres so determined is hereafter in this subsection referred to as 'reduced acreage'. The remaining acreage is hereafter in this subsection referred to as 'permitted acreage'. Permitted acreage may be adjusted by the Secretary as provided in paragraph (3) and in section 504.

"(E) INDIVIDUAL FARM PROGRAM ACREAGE.—Except as otherwise provided in subsection (c), the individual farm program acreage shall be the acreage planted on the farm to feed grains for harvest within the permitted feed grain acreage for the farm as established under this paragraph.

"(F) PLANTING DESIGNATED CROPS ON REDUCED ACREAGE.—

"(i) DEFINITION OF DESIGNATED CROP.—As used in this subparagraph, the term 'designated crop' means a crop defined in section 504(b)(1), excluding any program crop as defined in section 502(3).

"(ii) IN GENERAL.—Subject to clause (iii), the Secretary may permit producers on a farm to plant a designated crop on no more than one-half of the reduced acreage on the farm.

"(iii) LIMITATIONS.—If the producers on a farm elect to plant a designated crop on reduced acreage under this subparagraph—

"(I) the amount of the deficiency payment that the producers are otherwise eligible to receive under subsection (c) shall be reduced, for each acre (or portion thereof) that is planted to the designated crop, by an amount equal to the deficiency payment that would be made with respect to a number of acres of the crop that the Secretary considers appropriate, except that if the producers on the farm are participating in a program established for more than one program crop, the amount of the reduction shall be determined by prorating the reduction based on the acreage planted or considered planted on the farm to all of such program crops; and

"(II) the Secretary shall ensure that reductions in deficiency payments under subclause (I) are sufficient to ensure that this subparagraph will result in no additional cost to the Commodity Credit Corporation.

"(G) EXCEPTION FOR MALTING BARLEY.—The Secretary may provide that no producer of malting barley shall be required as a condition of eligibility for feed grain loans, purchases, and payments to comply with any acreage limitation under this paragraph if the producer has previously produced a malting variety of barley for harvest, plants barley only of an acceptable malting variety for harvest, and meets such other conditions as the Secretary may prescribe.

"(3) TARGETED OPTION PAYMENTS.—

"(A) IN GENERAL.—Notwithstanding any other provision of this section, if the Secretary implements an acreage limitation program with respect to any of the 1991 through 1995 crops of feed grains, the Secretary may make available to producers on a farm who do not receive payments under subsection (c)(1)(E) for such crop on the farm, adjustments in the level of deficiency payments that would otherwise be made available to the producers if the producers exercise the payment options provided in this paragraph.

"(B) PAYMENT OPTIONS.—If the Secretary elects to carry out this paragraph, the Secretary shall make the payment options specified in subparagraphs (C) and (D) available to producers who agree to make adjustments in the quantity of acreage diverted from the production of feed grains under an acreage limitation program in accordance with this paragraph.

"(C) INCREASED ACREAGE LIMITATION OPTION.—

"(i) INCREASE IN ESTABLISHED PRICE.—If the Secretary elects to carry out this paragraph, a producer shall be eligible to receive an increase in the established price for corn under clause (ii) if the producer agrees to an increase in the acreage limitation percentage to be applied to the producers' corn acreage base above the acreage limitation percentage announced by the Secretary.

"(ii) METHOD OF CALCULATION.—For the purposes of calculating deficiency payments to be made available to producers who participate in the program under this paragraph, the Secretary shall increase the established price for corn by an amount determined by the Secretary, but not less than 0.5 percent, nor more than 1 percent, for each 1 percentage point increase in the acreage limitation percentage applied to the producers' corn acreage base.

"(iii) LIMITATION.—The acreage limitation percentage to be applied to the producers' corn acreage base shall not be increased by more than 5 percentage points for the 1991 crop and 10 percentage points for each of the 1992 through 1995 crops above the acreage limitation percentage announced by the Secretary for the crop or above 20 percent total for the crop.

"(D) DECREASED ACREAGE LIMITATION OPTION.—

"(i) DECREASE IN ACREAGE LIMITATION REQUIREMENT.—If the Secretary elects to carry out this paragraph, a producer shall be eligible to decrease the acreage limitation percentage applicable to the producers' corn acreage base (as announced by the Secretary) if the producer agrees to a decrease in the established price for corn under clause (ii) for the purpose of calculating deficiency payments to be made available to the producer.

"(ii) METHOD OF CALCULATION.—For the purposes of calculating deficiency payments to be made available to producers who choose the option set forth in this subparagraph, the Secretary shall decrease the established price for corn by an amount to be determined by the Secretary, but not less than 0.5 percent, nor more than 1 percent, for each 1 percentage point decrease in the acreage limitation percentage applied to the producers' corn acreage base.

"(iii) LIMITATION.—A producer may not choose to decrease the acreage limitation percentage applicable to the producers' corn acreage base under this paragraph by more than one-half of the announced acreage limitation percentage.

"(E) OTHER FEED GRAINS.—The Secretary shall implement the program provided for by this paragraph for other feed grains similar to the manner in which the program is implemented for corn.

"(F) PARTICIPATION AND PRODUCTION EFFECTS.—Notwithstanding any other provision of this paragraph, the Secretary shall, to the extent practicable, ensure that the program provided for in this paragraph does not have a significant effect on program participation or total production and shall be offered in such a manner that the Secretary determines will result in no additional budget outlays. The Secretary shall provide an analysis of the Secretary's determination to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate.

"(4) ADMINISTRATION.—

Regulations.

"(A) PROTECTION FROM WEEDS AND EROSION.—The regulations issued by the Secretary under paragraph (2) with respect to acreage required to be devoted to conservation uses shall assure protection of the acreage from weeds and wind and water erosion.

"(B) ANNUAL OR PERENNIAL COVER.—

"(i) IN GENERAL.—Except as provided in paragraph (2), a producer who participates in an acreage reduction program established for a crop of feed grains under this subsection shall be required to plant to an annual or perennial cover 50 percent (or more, at the option of the producer) of the acreage that is required to be removed from the production of feed grains, but not to exceed 5 percent (or more, at the option of the producer) of the crop acreage base established for the crop. This requirement shall not apply with respect to arid areas (including summer fallow areas), as determined by the Secretary.

"(ii) MULTIYEAR PROGRAM.—

"(I) COST-SHARE ASSISTANCE.—If a producer elects to establish a perennial cover capable of improving water quality or wildlife habitat on the acreage, the Commodity Credit Corporation shall make available cost-share assistance for 25 percent of the approved cost of establishing the cover on not more than 50 percent of the acreage that is required to be diverted from production, but not to exceed 5 percent (or more, at the option of the producer) of the crop acreage base established for a crop.

"(II) AGREEMENT OF PRODUCER.—If a producer elects to establish a perennial cover on the acreage under this subparagraph and receives cost-share assistance from the Corporation with respect to the cover, the producer, under such terms and conditions as may be prescribed by the Secretary, taking into consideration guidelines established by the State technical committees established in subtitle G of title XII of the Food Security Act of 1985, shall agree to maintain the perennial cover for a minimum of 3 years.

"(iii) CONSERVING CROPS.—The Secretary may permit, subject to such terms and conditions as the Secretary may prescribe, all or any part of the acreage to be devoted to sweet sorghum, guar, sesame, castor beans, crambe, plantago ovato, triticale, rye, mung beans, milkweed, or other commodity, if the Secretary determines that the production is needed to provide an adequate supply of the commodities, is not likely to increase the cost of the price support program, and will not affect farm income adversely.

"(C) HAYING AND GRAZING.—

"(i) IN GENERAL.—Except as provided in clause (ii), haying and grazing of reduced acreage, acreage devoted to a conservation use under subsection (c)(1)(E), and acreage diverted from production under a land diversion program established under this section shall be permitted, except during any consecutive 5-month period that is established by the State committee established under section 8(b) of the Soil Conservation and Domestic Allotment Act (16 U.S.C. 590h(b)) for a State. The 5-month period shall be established during the period beginning April 1, and ending October 31, of a year.

"(ii) NATURAL DISASTERS.—In the case of a natural disaster, the Secretary may permit unlimited haying and grazing on the acreage. The Secretary may not exclude irrigated or irrigable acreage not planted in alfalfa when exercising the authority under this clause.

"(D) WATER STORAGE USES.—

"(i) IN GENERAL.—The regulations issued by the Secretary under paragraph (2) with respect to acreage required to be devoted to conservation uses shall provide that land that has been converted to water storage uses shall be considered to be devoted to conservation uses if the land was devoted to wheat, feed grains, Regulations.

cotton, rice, or oilseeds in at least 3 of the immediately preceding 5 years. The land shall be considered to be devoted to conservation uses for the period that the land remains in water storage uses, but not to exceed 5 years subsequent to its conversion to water storage uses.

"(ii) LIMITATIONS.—Land converted to water storage uses for the purposes of this subparagraph may not be devoted to any commercial use, including commercial fish production. The water stored on the land may not be ground water. The farm on which the land is located must have been irrigated with ground water during at least 1 of the preceding 5 crop years.

"(E) SUMMER FALLOW.—In determining the quantity of land to be devoted to conservation uses under an acreage limitation program with respect to land that has been farmed under summer fallow practices, as defined by the Secretary, the Secretary shall consider the effects of soil erosion and such other factors as the Secretary considers appropriate.

"(5) LAND DIVERSION PAYMENTS.—

"(A) IN GENERAL.—The Secretary may make land diversion payments to producers of feed grains, whether or not an acreage limitation program for feed grains is in effect, if the Secretary determines that the land diversion payments are necessary to assist in adjusting the total national acreage of feed grains to desirable goals. The land diversion payments shall be made to producers who, to the extent prescribed by the Secretary, devote to approved conservation uses an acreage of cropland on the farm in accordance with land diversion contracts entered into by the Secretary with the producers.

"(B) AMOUNTS.—The amounts payable to producers under land diversion contracts may be determined through the submission of bids for the contracts by producers in such manner as the Secretary may prescribe or through such other means as the Secretary determines appropriate. In determining the acceptability of contract offers, the Secretary shall take into consideration the extent of the diversion to be undertaken by the producers and the productivity of the acreage diverted.

"(C) LIMITATION ON DIVERTED ACREAGE.—The Secretary shall limit the total acreage to be diverted under agreements in any county or local community so as not to affect adversely the economy of the county or local community.

Cooperative agreements.

"(6) CONSERVATION PRACTICES.—

"(A) WILDLIFE FOOD PLOTS OR HABITAT.—The reduced acreage and additional diverted acreage may be devoted to wildlife food plots or wildlife habitat in conformity with standards established by the Secretary in consultation with wildlife agencies. The Secretary may pay an appropriate share of the cost of practices designed to carry out the purposes of this subparagraph.

"(B) SOIL AND WATER CONSERVATION PRACTICES.—The Secretary may also pay an appropriate share of the cost of approved soil and water conservation practices (including practices that may be effective for a number of years)

established by the producer on acreage required to be devoted to conservation uses or on additional diverted acreage.

"(C) PUBLIC ACCESSIBILITY.—The Secretary may provide for an additional payment on the acreage in an amount determined by the Secretary to be appropriate in relation to the benefit to the general public if the producer agrees to permit, without other compensation, access to all or such portion of the farm, as the Secretary may prescribe, by the general public, for hunting, trapping, fishing, and hiking, subject to applicable State and Federal regulations.

"(7) PARTICIPATION AGREEMENTS.—

"(A) IN GENERAL.—Producers on a farm desiring to participate in the program conducted under this subsection shall execute an agreement with the Secretary providing for the participation not later than such date as the Secretary may prescribe.

"(B) MODIFICATION OR TERMINATION.—The Secretary may, by mutual agreement with producers on a farm, modify or terminate any such agreement if the Secretary determines the action necessary because of an emergency created by drought or other disaster or to prevent or alleviate a shortage in the supply of agricultural commodities. The Secretary may modify the agreement under this subparagraph for the purpose of alleviating a shortage in the supply of agricultural commodities only if there has been a significant change in the estimated stocks of the commodity since the Secretary announced the final terms and conditions of the program for the crop of feed grains.

"(8) SPECIAL OATS PLANTINGS.—In any crop year that the Secretary determines that projected domestic production of oats will not fulfill the projected domestic demand for oats, notwithstanding the foregoing provisions of this subsection, the Secretary—

"(A) may provide that any reduced acreage may be planted to oats for harvest;

"(B) may make program benefits (including loans, purchases, and payments) available under the annual program for oats under this section available to producers with respect to acreage planted to oats under this paragraph; and

"(C) shall not make program benefits other than the benefits specified in subparagraph (B) available to producers with respect to acreage planted to oats under this paragraph.

"(3) PAYMENTS.—Payments under this subsection shall be determined in the same manner as provided in subsection (b).

"(4) ELIGIBILITY.—A producer shall be eligible to receive a payment under this subsection for a crop if the producer—

"(A) agrees to forgo obtaining a loan or purchase agreement under subsection (a);

"(B) agrees to forgo receiving payments under subsection (c);

"(C) does not plant feed grains for harvest in excess of the crop acreage base reduced by one-half of any acreage required to be diverted from production under subsection (e); and

"(D) otherwise complies with this section.

"(g) PILOT VOLUNTARY PRODUCTION LIMITATION PROGRAM.—

"(1) IN GENERAL.—Effective for the 1992 or 1993 crops (and, if the Secretary so determines, the 1994 and 1995 crops), if a feed grain acreage limitation program or a land diversion program is announced under subsection (d) for such crops, the Secretary shall carry out a pilot program in at least 15 counties in at least 2 States where producers express an interest in participating in the pilot program under which the producers on a farm shall be considered to have met the requirements of such acreage limitation or land diversion program if the producers meet the requirements of the voluntary production limitation program established under this subsection.

"(2) LIMITATION ON MARKETING.—In order to comply with the voluntary production limitation program, the producers on a farm must agree not to market, barter, donate, or use on the farm (including use as feed for livestock) in a marketing year a quantity of feed grains in excess of the feed grain production limitation quantity for the farm for the marketing year.

"(3) PRODUCTION LIMITATION QUANTITY.—For purposes of this subsection, the production limitation quantity for a farm for a marketing year for a crop shall equal the product obtained by multiplying—

"(A) the acreage permitted to be planted to feed grains under the acreage reduction program or land diversion program in effect for the crop for the farm; by

"(B) the higher of—

"(i) the farm program payment yield for the farm; or

"(ii) the average of the yield per harvested acre for feed grains for the farm for each of the 5 crop years immediately preceding the crop year during which the producers first participate in the program established under this subsection, excluding the crop years with the highest and lowest yield per harvested acre and any crop year in which the commodity was not planted on the farm.

"(4) TERMS AND CONDITIONS.—Producers on a farm who elect to participate in the program established under this subsection for a crop of feed grains shall—

Cooperative agreements.

"(A) enter into an agreement with the Secretary providing that the producers shall comply with the program for the crop;

"(B) not plant program commodities for harvest in a quantity in excess of the sum of the crop acreage bases for the farm; and

"(C) be considered to have complied with the terms and conditions of the feed grain acreage reduction program or land diversion program for the crop, even though the acreage planted to feed grains on the farm exceeds the permitted acreage provided under the acreage reduction or land diversion program.

"(5) EXCESS PRODUCTION.—

"(A) IN GENERAL.—Any quantity of feed grains produced in a crop year on a farm in excess of the production limitation quantity for the farm may be stored by the producers for a period of not to exceed 5 marketing years and may be used only in accordance with this paragraph.

"(B) MARKETING IN SUBSEQUENT YEAR.—

"(i) PARTICIPANTS IN PROGRAM.—Producers on a farm who are participating in the program established under this subsection may market, barter, or use a quantity of the excess feed grains referred to in subparagraph (A) equal to the difference between the production limitation quantity for the farm for the crop year subsequent to the crop year in which the excess feed grains are produced less the quantity of feed grains produced on the farm during the crop year.

"(ii) PARTICIPANTS IN ACREAGE REDUCTION PROGRAM.—Producers on a farm who are participating in an acreage reduction or a land diversion program for a crop of feed grains may market, barter, or use a quantity of the excess feed grains referred to in subparagraph (A) in an amount that reflects the quantity of feed grains that would be expected to be produced on acreage that the producers agree to devote to approved conservation uses (in excess of any acreage reduction or land diversion requirements) during a crop year, as determined by the Secretary.

"(6) DUTIES OF SECRETARY.—In carrying out the pilot program established under this subsection, the Secretary—

"(A) shall issue such regulations as are necessary to carry out the program; Regulations.

"(B) may require increased acreage reduction or land diversion requirements with respect to producers who have had excess feed grain production in order to allow the producers to market, barter, or use the production in subsequent years;

"(C) shall take appropriate measures designed to prevent the circumvention of the program established under this subsection, including the imposition of penalties;

"(D) may require producers who participate in the program for a crop, but who fail to comply with the terms and conditions of the program, to refund all or a part of any deficiency payments received with respect to the crop;

"(E) may require the forfeiture to the Commodity Credit Corporation of any feed grains that is produced in excess of the production limitation quantity and that is not marketed, bartered, or used within 5 marketing years; and

"(F) shall ensure equitable treatment for producers who participate in the pilot program if the Secretary allows increases (based on actual production levels) in the determination of farm program payment yields for feed grains for the farm.

"(7) REPORT.—

"(A) IN GENERAL.—The Comptroller General of the United States shall prepare a report that evaluates the pilot program carried out under this subsection.

"(B) SUBMISSION.—The Comptroller General shall submit a copy of the report required by subparagraph (A) to the Committee on Agriculture of the House of Representatives, the Committee on Agriculture, Nutrition, and Forestry of the Senate, and the Secretary.

"(h) EQUITABLE RELIEF.—

"(1) LOANS, PURCHASES, AND PAYMENTS.—If the failure of a producer to comply fully with the terms and conditions of the program conducted under this section precludes the making of loans, purchases, and payments, the Secretary may, nevertheless, make such loans, purchases, and payments in such amounts as the Secretary determines are equitable in relation to the seriousness of the failure. The Secretary may consider whether the producer made a good faith effort to comply fully with the terms and conditions of such program in determining whether equitable relief is warranted under this paragraph.

"(2) DEADLINES AND PROGRAM REQUIREMENTS.—The Secretary may authorize the county and State committees established under section 8(b) of the Soil Conservation and Domestic Allotment Act (16 U.S.C. 590h(b)) to waive or modify deadlines and other program requirements in cases in which lateness or failure to meet such other requirements does not affect adversely the operation of the program.

"(j) COMMODITY CREDIT CORPORATION.—The Secretary shall carry out the program authorized by this section through the Commodity Credit Corporation.

"(k) ASSIGNMENT OF PAYMENTS.—The provisions of section 8(g) of the Soil Conservation and Domestic Allotment Act (16 U.S.C. 590h(g)) (relating to assignment of payments) shall apply to payments under this section.

"(l) SHARING OF PAYMENTS.—The Secretary shall provide for the sharing of payments made under this section for any farm among the producers on the farm on a fair and equitable basis.

"(m) TENANTS AND SHARECROPPERS.—The Secretary shall provide adequate safeguards to protect the interests of tenants and sharecroppers.

"(n) CROSS-COMPLIANCE.—

"(1) IN GENERAL.—Compliance on a farm with the terms and conditions of any other commodity program, or compliance with crop acreage base requirements for any other commodity, may not be required as a condition of eligibility for loans, purchases, or payments under this section.

"(2) COMPLIANCE ON OTHER FARMS.—The Secretary may not require producers on a farm, as a condition of eligibility for loans, purchases, or payments under this section for the farm, to comply with the terms and conditions of the feed grains program with respect to any other farm operated by the producers.

"(o) PUBLIC COMMENT ON FEED GRAINS PROGRAM.—

"(1) IN GENERAL.—In order to ensure that producers and consumers of feed grains are provided with reasonable opportunity to comment on the annual program determinations concerning the price support and acreage reduction program for each of the 1992 and subsequent crops of feed grains, the Secretary shall request public comment regarding the feed grains program in accordance with this subsection.

"(2) OPTIONS.—Not less than 60 days before the program is announced for a crop of feed grains under this section, the Secretary shall propose for public comment various program options for the crop of feed grains.

"(3) ANALYSES.—Each option proposed by the Secretary shall be accompanied by an analysis that includes the estimated planted acreage, production, domestic and export use, ending stocks, season average producer price, program participation rate, and cost to the Federal Government that would likely result from each option.

"(4) ESTIMATES.—In announcing the program for a crop of feed grains under this section, the Secretary shall include an estimate of the planted acreage, production, domestic and export use, ending stocks, season average producer price, program participation rate, and cost to the Federal Government that is expected to result from the program as announced.

"(p) MALTING BARLEY.—In order to help offset costs associated with deficiency payments made available under this section to producers of barley, the Secretary shall provide for an assessment for each of the 1991 through 1995 crop years to be levied on producers of malting barley that are participating in the production adjustment program under this section. The Secretary shall establish such assessment at no more than 5 percent of the value of malting barley produced on the farm during each of the 1991 through 1995 crop years.

"(q) CROPS.—Notwithstanding any other provision of law, this section shall be effective only for the 1991 through 1995 crops of feed grains.".

(B) TO PRODUCERS.—The Secretary shall make available to each producer of 1988 or 1989 crop barley, on request, a statement detailing the effect of the calculation of refunds described in paragraph (1) on the producer's 1988 or 1989 refund.

(b) DISCRETIONARY USE OF CALCULATION.—

(1) IN GENERAL.—The Secretary may use the calculation described in subsection (a) to determine whether or not to reduce the total refund owed by a producer of 1988 or 1989 crop barley under section 107C of the Agricultural Act of 1949 (as it existed immediately before the date of enactment of this Act).

(2) PROCEDURE FOR USE OF CALCULATION.—If the Secretary decides to use the calculation described in subsection (a) as provided under paragraph (1), in the case of a producer of 1988 or 1989 crop barley who paid the refund of the advance deficiency payment for the crop calculated prior to the date of enactment of this Act (or any amount of refund in excess of the amount of the refund determined in accordance with paragraph (1)), the Secretary—

TITLE V—COTTON

SEC. 501. LOANS, PAYMENTS, AND ACREAGE REDUCTION PROGRAMS FOR THE 1991 THROUGH 1995 CROPS OF UPLAND COTTON.

The Agricultural Act of 1949 is amended by inserting after section 103A (7 U.S.C. 1444-1) the following new section:

"SEC. 103B. LOANS, PAYMENTS, AND ACREAGE REDUCTION PROGRAMS FOR THE 1991 THROUGH 1995 CROPS OF UPLAND COTTON. 7 USC 1444-2.

"(a) LOANS.—

"(1) IN GENERAL.—Except as otherwise provided in this subsection, the Secretary shall, on presentation of warehouse receipts or other acceptable evidence of title, as determined by

the Secretary, reflecting accrued storage charges of not more than 60 days, make available for the 1991 through 1995 crops of upland cotton to producers on a farm nonrecourse loans for upland cotton produced on the farm for a term of 10 months from the first day of the month in which the loan is made at such loan level, per pound, as will reflect for the base quality of upland cotton, as determined by the Secretary, at average location in the United States a level that is not less than the smaller of—

"(A) 85 percent of the average price (weighted by market and month) of the base quality of cotton as quoted in the designated United States spot markets during 3 years of the 5-year period ending July 31 in the year in which the loan level is announced, excluding the year in which the average price was the highest and the year in which the average price was the lowest in the period; or

"(B) 90 percent of the average, for the 15-week period beginning July 1 of the year in which the loan level is announced, of the 5 lowest-priced growths of the growths quoted for Middling one and three-thirty-seconds inch cotton C.I.F. Northern Europe (adjusted downward by the average difference during the period April 15 through October 15 of the year in which the loan is announced between the average Northern European price quotation of such quality of cotton and the market quotations in the designated United States spot markets for the base quality of upland cotton, as determined by the Secretary.

"(2) ADJUSTMENTS TO LOAN LEVEL.—

"(A) LIMITATION ON DECREASE IN LOAN LEVEL.—The loan level for any crop determined under paragraph (1) may not be reduced by more than 5 percent from the level determined for the preceding crop, and may not be reduced below 50 cents per pound.

"(B) LIMITATION ON INCREASE IN LOAN LEVEL.—If for any crop the average Northern European price determined under paragraph (1)(B) is less than the average United States spot market price determined under paragraph (1)(A), the Secretary may increase the loan level to such level as the Secretary may consider appropriate, not in excess of the average United States spot market price determined under paragraph (1)(A).

"(3) ANNOUNCEMENT OF LOAN LEVEL.—The loan level for any crop of upland cotton shall be determined and announced by the Secretary not later than November 1 of the calendar year preceding the marketing year for which the loan is to be effective or, in the case of the 1991 crop, as soon as is practicable after the date of enactment of this Act. The loan level shall not thereafter be changed.

"(4) EXTENSION OF LOAN PERIOD.—

"(A) IN GENERAL.—Except as provided in subparagraph (B), nonrecourse loans provided for in this section shall, on request of the producer during the 10th month of the loan period for the cotton, be made available for an additional term of 8 months.

"(B) LIMITATION.—A request to extend the loan period shall not be approved in any month in which the average price of the base quality of upland cotton, as determined by

the Secretary, in the designated spot markets for the preceding month exceeded 130 percent of the average price of such base quality of cotton in the designated United States spot markets for the preceding 36-month period.

"(5) MARKETING LOAN PROVISIONS.—

"(A) IN GENERAL.—If the Secretary determines that the prevailing world market price for upland cotton (adjusted to United States quality and location) is below the loan level determined under the foregoing provisions of this subsection, in order to make United States upland cotton competitive in world markets, the Secretary shall permit a producer to repay a loan made for any crop at—

"(i) a level that is the lesser of—

"(I) the loan level determined for the crop; or

"(II) the higher of—

"(aa) the loan level determined for the crop multiplied by 70 percent; or

"(bb) the prevailing world market price for upland cotton (adjusted to United States quality and location), as determined by the Secretary; or

"(ii) such other level (not in excess of the loan level determined for the crop nor less than 70 percent of such loan level) that the Secretary determines will—

"(I) minimize potential loan forfeitures;

"(II) minimize the accumulation of cotton stocks by the Federal Government;

"(III) minimize the cost incurred by the Federal Government in storing cotton; and

"(IV) allow cotton produced in the United States to be marketed freely and competitively, both domestically and internationally.

"(B) FIRST HANDLER MARKETING CERTIFICATES.—

"(i) IN GENERAL.—During the period beginning August 1, 1991, and ending July 31, 1996, if a program carried out under subparagraph (A) or subsection (b) fails to make United States upland cotton fully competitive in world markets and the prevailing world market price of upland cotton (adjusted to United States quality and location), as determined by the Secretary, is below the current loan repayment rate for upland cotton determined under subparagraph (A), to make United States upland cotton competitive in world markets and to maintain and expand domestic consumption and exports of upland cotton produced in the United States, the Secretary shall provide for the issuance of marketing certificates in accordance with this subparagraph.

"(ii) PAYMENTS.—The Commodity Credit Corporation, under such regulations as the Secretary may prescribe, shall make payments, through the issuance of marketing certificates, to first handlers of cotton (persons regularly engaged in buying or selling upland cotton) who have entered into an agreement with the Commodity Credit Corporation to participate in the program established under this subparagraph. The payments shall be made in such monetary amounts and subject to

such terms and conditions as the Secretary determines will make upland cotton produced in the United States available at competitive prices, consistent with the purposes of this subparagraph.

"(iii) VALUE.—The value of each certificate issued under clause (ii) shall be based on the difference between—

"(I) the loan repayment rate for upland cotton; and

"(II) the prevailing world market price of upland cotton (adjusted to United States quality and location), as determined by the Secretary.

"(iv) REDEMPTION, MARKETING, OR EXCHANGE.—The Commodity Credit Corporation, under regulations prescribed by the Secretary, may assist any person receiving marketing certificates under this subparagraph in the redemption of certificates for cash, or marketing or exchange of the certificates for agricultural commodities or products owned by the Commodity Credit Corporation, at such times, in such manner, and at such price levels as the Secretary determines will best effectuate the purposes of the program established under this subparagraph. Any price restrictions that may otherwise apply to the disposition of agricultural commodities by the Commodity Credit Corporation shall not apply to the redemption of certificates under this subparagraph.

"(v) DESIGNATION OF COMMODITIES AND PRODUCTS; CHARGES.—Insofar as practicable, the Secretary shall permit owners of certificates to designate the commodities and the products thereof, including storage sites thereof, the owners would prefer to receive in exchange for certificates. If any certificate is not presented for redemption, marketing, or exchange within a reasonable number of days after the issuance of the certificate (as determined by the Secretary), reasonable costs of storage and other carrying charges, as determined by the Secretary, shall be deducted from the value of the certificate for the period beginning after the reasonable number of days and ending with the date of the presentation of the certificate to the Commodity Credit Corporation.

"(vi) DISPLACEMENT.—The Secretary shall take such measures as may be necessary to prevent the marketing or exchange of agricultural commodities and products for certificates under this subsection from adversely affecting the income of producers of the commodities or products.

"(vii) TRANSFERS.—Under regulations prescribed by the Secretary, certificates issued to cotton handlers under this subparagraph may be transferred to other handlers and persons approved by the Secretary.

"(C) PREVAILING WORLD MARKET PRICE.—

Regulations.

"(i) IN GENERAL.—The Secretary shall prescribe by regulation—

"(I) a formula to define the prevailing world market price for upland cotton (adjusted to United States quality and location); and

"(II) a mechanism by which the Secretary shall announce periodically the prevailing world market price for upland cotton (adjusted to United States quality and location).

"(ii) USE.—The prevailing world market price for upland cotton (adjusted to United States quality and location) established under this subparagraph shall be used under subparagraphs (A) and (B).

"(D) ADJUSTMENT OF PREVAILING WORLD MARKET PRICE.— Northern Europe.

"(i) IN GENERAL.—During the period beginning August 1, 1991, and ending July 31, 1996, the prevailing world market price for upland cotton (adjusted to United States quality and location) established under subparagraph (C) shall be further adjusted if—

"(I) the adjusted prevailing world market price is less than 115 percent of the current crop year loan level for the base quality of upland cotton, as determined by the Secretary; and

"(II) the Friday through Thursday average price quotation for the lowest-priced United States growth as quoted for Middling (M) one and three-thirty seconds inch cotton delivered C.I.F. Northern Europe is greater than the Friday through Thursday average price of the five lowest-priced growths of upland cotton, as quoted for Middling (M) one and three-thirty seconds inch cotton, delivered C.I.F. Northern Europe (hereafter in this subsection referred to as the 'Northern Europe price').

"(ii) FURTHER ADJUSTMENT.—Except as provided in clause (iii), the adjusted prevailing world market price shall be further adjusted on the basis of some or all of the following data, as available:

"(I) The United States share of world exports.

"(II) The current level of cotton export sales and cotton export shipments.

"(III) Other data determined by the Secretary to be relevant in establishing an accurate prevailing world market price for upland cotton (adjusted to United States quality and location).

"(iii) LIMITATION ON FURTHER ADJUSTMENT.—The adjustment under clause (ii) may not exceed the difference between—

"(I) the Friday through Thursday average price for the lowest-priced United States growth as quoted for Middling one and three-thirty seconds inch cotton delivered C.I.F. Northern Europe; and

"(II) the Northern Europe price.

"(E) COTTON USER MARKETING CERTIFICATES.— Northern Europe.

"(i) ISSUANCE.—During the period beginning August 1, 1991, and ending July 31, 1996, if for any consecutive 4-week period, the Friday through Thursday average price quotation for the lowest-priced United States growth, as quoted for Middling (M) one and three-thirty

seconds inch cotton, delivered C.I.F. Northern Europe exceeds the Northern Europe price by more than 1.25 cents per pound, the Secretary shall issue marketing certificates to domestic users or exporters for documented sales made in the week following such consecutive 4-week period.

"(ii) VALUE.—The value of the marketing certificates shall be based on the amount of the difference (reduced by 1.25 cents per pound) in such prices during the 4th week of the consecutive 4-week period multiplied by the quantity of upland cotton included in the documented sales.

"(iii) ADMINISTRATION.—Clauses (iv) through (vii) of subparagraph (B) shall apply to marketing certificates issued under this subparagraph. Any such certificates may be transferred to other persons in accordance with regulations issued by the Secretary.

"(F) SPECIAL IMPORT QUOTA.—

President. Northern Europe.

"(i) ESTABLISHMENT.—The President shall, within 180 days after the date of enactment of this section, establish an import quota program which shall provide that, during the period beginning August 1991 and ending July 31, 1996, whenever the Secretary determines and announces that for any consecutive 10-week period, the Friday through Thursday average price quotation for the lowest-priced United States growth, as quoted for Middling (M) one and three-thirty seconds inch cotton, delivered C.I.F. Northern Europe, adjusted for the value of any certificates issued under subparagraph (E), exceeds the Northern Europe price by more than 1.25 cents per pound, there shall immediately be in effect a special limited global import quota.

"(ii) QUANTITY.—The quota shall be equal to 1 week's consumption of upland cotton by domestic mills at the seasonally adjusted average rate of the most recent 3 months for which data are available.

"(iii) APPLICATION.—The quota shall apply to upland cotton purchased not later than 90 days after the date of the Secretary's announcement under clause (i) and entered into the United States not later than 180 days after such date.

"(iv) OVERLAP.—A special quota period may be established that overlaps any existing quota period if required by clause (i), except that a special quota period may not be established under this paragraph if a special quota period has been established under subsection (n).

"(6) RECOURSE LOANS FOR SEED COTTON.—In order to encourage and assist producers in the orderly ginning and marketing of their production of upland cotton, the Secretary shall make recourse loans available to such producers on seed cotton in accordance with authority vested in the Secretary under the Commodity Credit Corporation Charter Act (15 U.S.C. 714 et seq.).

"(b) LOAN DEFICIENCY PAYMENTS.—

"(1) IN GENERAL.—The Secretary shall, for each of the 1991 through 1995 crops of upland cotton, make payments (hereafter

in this section referred to as 'loan deficiency payments') available to producers who, although eligible to obtain a loan under subsection (a), agree to forgo obtaining the loan in return for payments under this subsection.

"(2) COMPUTATION.—A payment under this subsection shall be computed by multiplying—

"(A) the loan payment rate; by

"(B) the quantity of upland cotton the producer is eligible to place under loan but for which the producer forgoes obtaining the loan in return for payments under this subsection.

"(3) LOAN PAYMENT RATE.—For purposes of this subsection, the loan payment rate shall be the amount by which—

"(A) the loan level determined for the crop under subsection (a); exceeds

"(B) the level at which a loan may be repaid under subsection (a).

"(4) MARKETING CERTIFICATES.—The Secretary may make up to one-half the amount of a payment under this subsection available in the form of marketing certificates, subject to the terms and conditions provided in subsection (a)(5)(B).

"(c) PAYMENTS.—

"(1) DEFICIENCY PAYMENTS.—

"(A) IN GENERAL.—The Secretary shall make available to producers payments (hereafter in this section referred to as 'deficiency payments') for each of the 1991 through 1995 crops of upland cotton in an amount computed by multiplying—

"(i) the payment rate; by

"(ii) the payment acres for the crop; by

"(iii) the farm program payment yield established for the crop for the farm.

"(B) PAYMENT RATE.—

"(i) IN GENERAL.—The payment rate for upland cotton shall be the amount by which the established price for the crop of upland cotton exceeds the higher of—

"(I) the national average market price received by producers during the calendar year that includes the first 5 months of the marketing year for the crop, as determined by the Secretary; or

"(II) the loan level determined for the crop.

"(ii) MINIMUM ESTABLISHED PRICE.—The established price for upland cotton shall not be less than $0.729 per pound for each of the 1991 through 1995 crops.

"(C) PAYMENT ACRES.—Payment acres for a crop shall be the lesser of—

"(i) the number of acres planted to the crop for harvest within the permitted acreage; or

"(ii) 100 percent of the crop acreage base for the crop for the farm less the quantity of reduced acreage (as determined under subsection (e)(2)(D)).

"(D) 50/92 PROGRAM.— Conservation.

"(i) IN GENERAL.—If an acreage limitation program under subsection (e)(2) is in effect for a crop of upland cotton and the producers on a farm devote a portion of the maximum payment acres for upland cotton as cal-

culated under subparagraph (C)(ii) of the farm equal to more than 8 percent of such upland cotton acreage of the farm for the crop to conservation uses (except as provided in subparagraph (E))—

"(I) such portion of the maximum payment acres in excess of 8 percent of such acreage devoted to conservation uses (except as provided in subparagraph (E)) shall be considered to be planted to upland cotton for the purpose of determining the acreage on the farm required to be devoted to conservation uses in accordance with subsection (e)(2)(D); and

"(II) the producers shall be eligible for payments under this paragraph with respect to such acreage, subject to the compliance of the producers with clause (ii).

"(ii) MINIMUM PLANTING REQUIREMENT.—To be eligible for payments under clause (i), except as provided in clauses (iv) and (v), the producers on a farm must actually plant upland cotton for harvest on at least 50 percent of the maximum payment acres for cotton for the farm.

"(iii) DEFICIENCY PAYMENTS.—Notwithstanding any other provision of this section, any producer who devotes a portion of the maximum payment acres for upland cotton for the farm to conservation uses (or other uses as provided in subparagraph (E)) under this subparagraph shall receive deficiency payments on the acreage that is considered to be planted to upland cotton and eligible for payments under this subparagraph for the crop at a per-pound rate established by the Secretary, except that the rate may not be established at less than the projected deficiency payment rate for the crop, as determined by the Secretary. Such projected payment rate for the crop shall be announced by the Secretary prior to the period during which upland cotton producers may agree to participate in the program for the crop.

"(iv) QUARANTINES.—If a State or local agency has imposed in an area of a State or county a quarantine on the planting of upland cotton for harvest on farms in the area, the State committee established under section 8(b) of the Soil Conservation and Domestic Allotment Act (16 U.S.C. 590h(b)) may recommend to the Secretary that payments be made under this paragraph, without regard to the requirement imposed under clause (ii), to producers in the area who were required to forgo the planting of upland cotton for harvest on acreage to alleviate or eliminate the condition requiring the quarantine. If the Secretary determines that the condition exists, the Secretary may make payments under this paragraph to the producers. To be eligible for payments under this clause, the producers must devote the acreage to conservation uses (except as provided in subparagraph (E)).

"(v) PREVENTED PLANTING.—If an acreage limitation program under subsection (e) is in effect for any crop of

upland cotton and if the Secretary determines that producers on a farm are prevented from planting the acreage intended for upland cotton to upland cotton because of drought, flood, or other natural disaster, or other condition beyond the control of the producers, the Secretary shall make available to such producers payments under this subparagraph without regard to the requirement imposed under clause (ii). To be eligible for payments under this clause, the producers must devote the acreage to conservation uses (except as provided in subparagraph (E)). Any such acreage shall be considered to be planted to upland cotton.

"(vi) CROP ACREAGE AND PAYMENT YIELD.—The upland cotton crop acreage base and upland cotton farm program payment yield of the farm shall not be reduced due to the fact that a portion of the permitted cotton acreage of the farm was devoted to conserving uses (except as provided in subparagraph (E)) under this subparagraph.

"(vii) LIMITATION.—Other than as provided in clauses (i) through (vi), payments may not be made under this paragraph for any crop on a greater acreage than the acreage actually planted to upland cotton.

"(viii) CONSERVATION USE ACREAGE UNDER OTHER PROGRAMS.—Any acreage considered to be planted to upland cotton in accordance with clauses (i) and (vi) may not also be designated as conservation use acreage for the purpose of fulfilling any provisions under any acreage limitation or land diversion program requiring that the producers devote a specified acreage to conservation uses.

"(E) ALTERNATIVE CROPS.—The Secretary may permit, subject to such terms and conditions as the Secretary may prescribe, all or any part of acreage otherwise required to be devoted to conservation uses as a condition of qualifying for payments under subparagraph (D) to be devoted to sweet sorghum, guar, sesame, castor beans, crambe, plantago ovato, triticale, rye, mung beans, commodities for which no substantial domestic production or market exists but that could yield industrial raw material being imported, or likely to be imported, into the United States, or commodities grown for experimental purposes (including kenaf and milkweed), subject to the following sentence. The Secretary may permit the acreage to be devoted to the production only if the Secretary determines that—

"(i) the production is not likely to increase the cost of the price support program and will not affect farm income adversely; and

"(ii) the production is needed to provide an adequate supply of the commodity, or, in the case of commodities for which no substantial domestic production or market exists but that could yield industrial raw materials, the production is needed to encourage domestic manufacture of the raw material and could lead to increased industrial use of the raw material to the long-term benefit of United States industry.

"(F) REDUCTION FOR DISASTER PAYMENTS.—The total quantity of upland cotton on which payments would otherwise be payable to a producer on a farm for any crop under this paragraph shall be reduced by the quantity on which any disaster payment is made to the producer for the crop under paragraph (2).

"(2) DISASTER PAYMENTS.—

"(A) PREVENTED PLANTING.—Except as provided in subparagraph (C), if the Secretary determines that the producers on a farm are prevented from planting any portion of the acreage intended for upland cotton to upland cotton or other nonconserving crops because of drought, flood, or other natural disaster, or other condition beyond the control of the producers, the Secretary shall make a prevented planting disaster payment to the producers in an amount equal to the product obtained by multiplying—

"(i) the number of acres so affected but not to exceed the acreage planted to upland cotton for harvest (including any acreage that the producers were prevented from planting to upland cotton or other nonconserving crops in lieu of upland cotton because of drought, flood, or other natural disaster, or other condition beyond the control of the producers) in the immediately preceding year; by

"(ii) 75 percent of the farm program payment yield established for the farm by the Secretary; by

"(iii) a payment rate equal to 33⅓ percent of the established price for the crop.

"(B) REDUCED YIELDS.—Except as provided in subparagraph (C), if the Secretary determines that because of drought, flood, or other natural disaster, or other condition beyond the control of the producers, the total quantity of upland cotton that the producers are able to harvest on any farm is less than the result of multiplying 75 percent of the farm program payment yield established by the Secretary for the crop by the acreage planted for harvest for the crop, the Secretary shall make a reduced yield disaster payment to the producers at a rate equal to 33⅓ percent of the established price for the crop for the deficiency in production below 75 percent for the crop.

"(C) CROP INSURANCE.—Producers on a farm shall not be eligible for—

"(i) prevented planting disaster payments under subparagraph (A), if prevented planting crop insurance is available to the producers under the Federal Crop Insurance Act (7 U.S.C. 1501 et seq.) with respect to the upland cotton acreage of the producers; or

"(ii) reduced yield disaster payments under subparagraph (B), if reduced yield crop insurance is available to the producers under such Act with respect to the upland cotton acreage of the producers.

"(D) ADMINISTRATION.—

"(i) ECONOMIC EMERGENCIES.—Notwithstanding subparagraph (C), the Secretary may make a disaster payment to the producers on a farm under this paragraph if the Secretary determines that—

"(I) as the result of drought, flood, or other natural disaster, or other condition beyond the control of the producers, the producers have suffered substantial losses of production either from being prevented from planting upland cotton or other nonconserving crops or from reduced yields;

"(II) the losses have created an economic emergency for the producers;

"(III) crop insurance indemnity payments under the Federal Crop Insurance Act (7 U.S.C. 1501 et seq.) and other forms of assistance made available by the Federal Government to the producers for the losses are insufficient to alleviate the economic emergency; and

"(IV) additional assistance must be made available to the producers to alleviate the economic emergency.

"(ii) ADJUSTMENTS.—The Secretary may make such adjustments in the amount of payments made available under this paragraph with respect to an individual farm as necessary to ensure the equitable allotment of the payments among producers, taking into account other forms of Federal disaster assistance provided to the producers for the crop involved.

"(d) PAYMENT YIELDS.—The farm program payment yields for farms for each crop of upland cotton shall be determined under title V.

"(e) ACREAGE REDUCTION PROGRAMS.—

"(1) IN GENERAL.—

"(A) ESTABLISHMENT.—Notwithstanding any other provision of this Act, if the Secretary determines that the total supply of upland cotton, in the absence of an acreage limitation program, will be excessive taking into account the need for an adequate carry-over to maintain reasonable and stable supplies and prices and to meet a national emergency, the Secretary may provide for any crop of upland cotton an acreage limitation program as described in paragraph (2).

"(B) AGRICULTURAL RESOURCES CONSERVATION PROGRAM.—In making a determination under subparagraph (A), the Secretary shall take into consideration the number of acres placed in the agricultural resources conservation program established under subtitle D of title XII of the Food Security Act of 1985 (16 U.S.C. 3831 et seq.).

"(C) ANNOUNCEMENTS.—

"(i) PRELIMINARY ANNOUNCEMENT.—If the Secretary elects to implement an acreage limitation program for any crop year, the Secretary shall make a preliminary announcement of any such program not later than November 1 of the calendar year preceding the year in which the crop is harvested, except that in the case of the 1991 crop, the Secretary shall announce the program as soon as practicable after the date of enactment of this section. The announcement shall include, among other information determined necessary by the Secretary, an announcement of the uniform percentage

reduction in the upland cotton crop acreage base described in paragraph (2)(A).

"(ii) FINAL ANNOUNCEMENT.—Not later than January 1 of the calendar year in which the crop is harvested, the Secretary shall make a final announcement of the program. The announcement shall include, among other information determined necessary by the Secretary, an announcement of the uniform percentage reduction in the upland cotton crop described in paragraph (2)(A).

"(iii) OPTIONAL PROGRAMS IN EARLY PLANTING AREAS.—The Secretary shall allow producers in early planting areas to elect to participate in the program on the terms of the acreage limitation program—

"(I) first announced for the crop under clause (i); or

"(II) as subsequently revised under clause (ii), if the Secretary determines that the producers may be unfairly disadvantaged by the revision.

"(D) DESIRED CARRY-OVER.—The Secretary shall carry out an acreage limitation program described in paragraph (2) for a crop of upland cotton in a manner that will result in a ratio of carry-over to total disappearance of 30 percent, based on the Secretary's most recent projection of carry-over and total disappearance at the time of announcement of the acreage limitation program. For the purpose of this subparagraph, the term 'total disappearance' means all upland cotton utilization, including total domestic, total export, and total residual disappearance.

"(2) ACREAGE LIMITATION PROGRAM.—

"(A) UNIFORM PERCENTAGE REDUCTION.—Except as provided in paragraph (3), if an upland cotton acreage limitation program is announced under paragraph (1), the limitation shall be achieved by applying a uniform percentage reduction (from 0 to 25 percent) to the upland cotton crop acreage base for the crop for each upland cotton-producing farm.

"(B) COMPLIANCE.—Except as provided in section 504, producers who knowingly produce upland cotton in excess of the permitted upland cotton acreage for the farm, as established in accordance with subparagraph (A), shall be ineligible for upland cotton loans and payments with respect to that farm.

"(C) CROP ACREAGE BASES.—Upland cotton crop acreage bases for each crop of upland cotton shall be determined under title V.

Regulations.

"(D) ACREAGE DEVOTED TO CONSERVATION USES.—A number of acres on the farm shall be devoted to conservation uses, in accordance with regulations issued by the Secretary. Such number shall be determined by multiplying the upland cotton crop acreage base by the percentage reduction required by the Secretary. The number of acres so determined is hereafter in this subsection referred to as 'reduced acreage'. The remaining acreage is hereafter in this subsection referred to as 'permitted acreage'. Permitted acreage may be adjusted by the Secretary as provided in paragraph (3) and in section 504.

"(E) INDIVIDUAL FARM PROGRAM ACREAGE.—Except as otherwise provided in subsection (c), the individual farm program acreage shall be the acreage planted on the farm to upland cotton for harvest within the permitted upland cotton acreage for the farm as established under this paragraph.

"(F) PLANTING DESIGNATED CROPS ON REDUCED ACREAGE.—

"(i) DEFINITION OF DESIGNATED CROP.—As used in this subparagraph, the term 'designated crop' means a crop defined in section 504(b)(1), excluding any program crop as defined in section 502(3).

"(ii) IN GENERAL.—Subject to clause (iii), the Secretary may permit producers on a farm to plant a designated crop on no more than one-half of the reduced acreage on the farm.

"(iii) LIMITATIONS.—If the producers on a farm elect to plant a designated crop on reduced acreage under this subparagraph—

"(I) the amount of the deficiency payment that the producers are otherwise eligible to receive under subsection (c) shall be reduced, for each acre (or portion thereof) that is planted to the designated crop, by an amount equal to the deficiency payment that would be made with respect to a number of acres of the crop that the Secretary considers appropriate, except that if the producers on the farm are participating in a program established for more than one program crop, the amount of the reduction shall be determined by prorating the reduction based on the acreage planted or considered planted on the farm to all of such program crops; and

"(II) the Secretary shall ensure that reductions in deficiency payments under subclause (I) are sufficient to ensure that this subparagraph will result in no additional cost to the Commodity Credit Corporation.

"(3) TARGETED OPTION PAYMENTS.—

"(A) IN GENERAL.—Notwithstanding any other provision of this section, if the Secretary implements an acreage limitation program with respect to any of the 1991 through 1995 crops of upland cotton, the Secretary may make available to producers on a farm who do not receive payments under subsection (c)(1)(D) for such crop on the farm, adjustments in the level of deficiency payments that would otherwise be made available to the producers if the producers exercise the payment options provided in this paragraph.

"(B) PAYMENT OPTIONS.—If the Secretary elects to carry out this paragraph, the Secretary shall make the payment options specified in subparagraphs (C) and (D) available to producers who agree to make adjustments in the quantity of acreage diverted from the production of upland cotton under an acreage limitation program in accordance with this paragraph.

"(C) INCREASED ACREAGE LIMITATION OPTION.—

"(i) INCREASE IN ESTABLISHED PRICE.—If the Secretary elects to carry out this paragraph, a producer shall be

eligible to receive an increase in the established price for upland cotton under clause (ii) if the producer agrees to an increase in the acreage limitation percentage to be applied to the producers' upland cotton acreage base above the acreage limitation percentage announced by the Secretary.

"(ii) METHOD OF CALCULATION.—For the purposes of calculating deficiency payments to be made available to producers who participate in the program under this paragraph, the Secretary shall increase the established price for upland cotton by an amount determined by the Secretary, but not less than 0.5 percent, nor more than 1 percent, for each 1 percentage point increase in the acreage limitation percentage applied to the producers' upland cotton acreage base.

"(iii) LIMITATION.—The acreage limitation percentage to be applied to the producers' upland cotton acreage base shall not be increased by more than 10 percentage points above the acreage limitation percentage announced by the Secretary for the crop or above 25 percent total for the crop.

"(iv) ADJUSTMENT FOR UNDERPLANTINGS.—In determining the increased acreage limitation percentage that is applied to the producer's upland cotton base under this paragraph, the Secretary shall exclude an amount of acreage equal to the average difference between the producer's permitted upland cotton acreage and the acreage actually planted (including acreage devoted to conserving uses under subsection (c)(1)(D)) to upland cotton for harvest during the previous 2 years.

"(D) DECREASED ACREAGE LIMITATION OPTION.—

"(i) DECREASE IN ACREAGE LIMITATION REQUIREMENT.—If the Secretary elects to carry out this paragraph, a producer shall be eligible to decrease the acreage limitation percentage applicable to the producers' upland cotton acreage base (as announced by the Secretary) if the producer agrees to a decrease in the established price for upland cotton under clause (ii) for the purpose of calculating deficiency payments to be made available to the producer.

"(ii) METHOD OF CALCULATION.—For the purposes of calculating deficiency payments to be made available to producers who choose the option set forth in this subparagraph, the Secretary shall decrease the established price for upland cotton by an amount to be determined by the Secretary, but not less than 0.5 percent, nor more than 1 percent, for each 1 percentage point decrease in the acreage limitation percentage applied to the producers' upland cotton acreage base.

"(iii) LIMITATION.—A producer may not choose to decrease the acreage limitation percentage applicable to the producers' upland cotton acreage base under this paragraph by more than one-half of the announced acreage limitation percentage.

"(E) PARTICIPATION AND PRODUCTION EFFECTS.—Notwithstanding any other provision of this paragraph, the Secretary shall, to the extent practicable, ensure that the

program provided for in this paragraph does not have a significant effect on program participation or total production and shall be offered in such a manner that the Secretary determines will result in no additional budget outlays. The Secretary shall provide an analysis of the Secretary's determination to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate.

"(4) ADMINISTRATION.—

"(A) PROTECTION FROM WEEDS AND EROSION.—The regulations issued by the Secretary under paragraph (2) with respect to acreage required to be devoted to conservation uses shall assure protection of the acreage from weeds and wind and water erosion. Regulations.

"(B) ANNUAL OR PERENNIAL COVER.—

"(i) IN GENERAL.—Except as provided in paragraph (2), a producer who participates in an acreage reduction program established for a crop of upland cotton under this subsection shall be required to plant to an annual or perennial cover 50 percent (or more, at the option of the producer) of the acreage that is required to be removed from the production of upland cotton, but not to exceed 5 percent (or more, at the option of the producer) of the crop acreage base established for the crop. This requirement shall not apply with respect to arid areas (including summer fallow areas), as determined by the Secretary.

"(ii) MULTIYEAR PROGRAM.—

"(I) COST-SHARE ASSISTANCE.—If a producer elects to establish a perennial cover capable of improving water quality or wildlife habitat on the acreage, the Commodity Credit Corporation shall make available cost-share assistance for 25 percent of the approved cost of establishing the cover on not more than 50 percent of the acreage that is required to be diverted from production, but not to exceed 5 percent (or more, at the option of the producer) of the crop acreage base established for a crop.

"(II) AGREEMENT OF PRODUCER.—If a producer elects to establish a perennial cover on the acreage under this subparagraph and receives cost-share assistance from the Corporation with respect to the cover, the producer, under such terms and conditions as may be prescribed by the Secretary, taking into consideration guidelines established by the State technical committees established in subtitle G of title XII of the Food Security Act of 1985, shall agree to maintain the perennial cover for a minimum of 3 years.

"(iii) CONSERVING CROPS.—The Secretary may permit, subject to such terms and conditions as the Secretary may prescribe, all or any part of the acreage to be devoted to sweet sorghum, guar, sesame, castor beans, crambe, plantago ovato, triticale, rye, mung beans, milkweed, or other commodity, if the Secretary determines that the production is needed to provide an adequate supply of the commodities, is not likely to

increase the cost of the price support program, and will not affect farm income adversely.

"(C) HAYING AND GRAZING.—

"(i) IN GENERAL.—Except as provided in clause (ii), haying and grazing of reduced acreage, acreage devoted to a conservation use under subsection (c)(1)(D), and acreage diverted from production under a land diversion program established under this section shall be permitted, except during any consecutive 5-month period that is established by the State committee established under section 8(b) of the Soil Conservation and Domestic Allotment Act (16 U.S.C. 590h(b)) for a State. The 5-month period shall be established during the period beginning April 1, and ending October 31, of a year.

"(ii) NATURAL DISASTERS.—In the case of a natural disaster, the Secretary may permit unlimited haying and grazing on the acreage. The Secretary may not exclude irrigated or irrigable acreage not planted in alfalfa when exercising the authority under this clause.

"(D) WATER STORAGE USES.—

"(i) IN GENERAL.—The regulations issued by the Secretary under paragraph (2) with respect to acreage required to be devoted to conservation uses shall provide that land that has been converted to water storage uses shall be considered to be devoted to conservation uses if the land was devoted to wheat, feed grains, cotton, rice, or oilseeds in at least 3 of the immediately preceding 5 years. The land shall be considered to be devoted to conservation uses for the period that the land remains in water storage uses, but not to exceed 5 years subsequent to its conversion to water storage uses.

"(ii) LIMITATIONS.—Land converted to water storage uses for the purposes of this subparagraph may not be devoted to any commercial use, including commercial fish production. The water stored on the land may not be ground water. The farm on which the land is located must have been irrigated with ground water during at least 1 of the preceding 5 crop years.

"(5) LAND DIVERSION PROGRAM.—

"(A) PAYMENTS.—

"(i) IN GENERAL.—The Secretary may make land diversion payments to producers of upland cotton, whether or not an acreage limitation program for upland cotton is in effect, if the Secretary determines that the land diversion payments are necessary to assist in adjusting the total national acreage of upland cotton to desirable goals. The land diversion payments shall be made to producers who, to the extent prescribed by the Secretary, devote to approved conservation uses an acreage of cropland on the farm in accordance with land diversion contracts entered into by the Secretary with the producers.

Government contracts.

"(ii) EXCESS CARRY-OVER.—If, at the time of final announcement of the acreage limitation program established under this subsection, the projected carry-over of

upland cotton for the crop year is equal to or greater than 8 million bales, the Secretary shall offer a paid land diversion program to producers of upland cotton. Payments to producers under such a program shall be determined by multiplying—

"(I) the payment rate, of not less than 35 cents per pound of cotton, established by the Secretary; by

"(II) the program payment yield established for the crop for the farm; by

"(III) the number of permitted upland cotton acres diverted on the farm.

"(B) BIDS FOR CONTRACTS.—The amounts payable to producers under land diversion contracts may be determined through the submission of bids for the contracts by producers in such manner as the Secretary may prescribe or through such other means as the Secretary determines appropriate. In determining the acceptability of contract offers, the Secretary shall take into consideration the extent of the diversion to be undertaken by the producers and the productivity of the acreage diverted.

"(C) LIMITATIONS ON DIVERTED ACREAGE.—

"(i) MAXIMUM ACREAGE PER FARM, COUNTY, OR COMMUNITY.—The Secretary shall limit the total acreage to be diverted under this paragraph—

"(I) to not more than 15 percent of the upland cotton crop acreage base for a farm; and

"(II) under agreements in any county or local community so as not to affect adversely the economy of the county or local community.

"(ii) LOWER PARTICIPATION LEVELS.—The Secretary may allow producers to participate in a land diversion program under this paragraph at a level lower than the maximum level announced by the Secretary, at the option of the producer, if the Secretary determines that it will increase participation in the program.

"(6) CONSERVATION PRACTICES.—

"(A) WILDLIFE FOOD PLOTS OR HABITAT.—The reduced acreage and additional diverted acreage may be devoted to wildlife food plots or wildlife habitat in conformity with standards established by the Secretary in consultation with wildlife agencies. The Secretary may pay an appropriate share of the cost of practices designed to carry out the purposes of this subparagraph.

"(B) PUBLIC ACCESS.—The Secretary may provide for an additional payment on the acreage in an amount determined by the Secretary to be appropriate in relation to the benefit to the general public if the producer agrees to permit, without other compensation, access to all or such portion of the farm, as the Secretary may prescribe, by the general public, for hunting, trapping, fishing, and hiking, subject to applicable State and Federal regulations.

"(7) PARTICIPATION AGREEMENTS.—

"(A) IN GENERAL.—Producers on a farm desiring to participate in the program conducted under this subsection shall execute an agreement with the Secretary providing

for the participation not later than such date as the Secretary may prescribe.

"(B) MODIFICATION OR TERMINATION.—The Secretary may, by mutual agreement with producers on a farm, modify or terminate any such agreement if the Secretary determines the action necessary because of an emergency created by drought or other disaster or to prevent or alleviate a shortage in the supply of agricultural commodities. The Secretary may modify the agreement under this subparagraph for the purpose of alleviating a shortage in the supply of agricultural commodities only if there has been a significant change in the estimated stocks of the commodity since the Secretary announced the final terms and conditions of the program for the crop of upland cotton.

"(f) INVENTORY REDUCTION PAYMENTS.—

"(1) IN GENERAL.—The Secretary may, for each of the 1991 through 1995 crops of upland cotton, make payments available to producers who meet the requirements of this subsection.

"(2) FORM.—The payments may be made in the form of marketing certificates.

"(3) PAYMENTS.—

"(A) IN GENERAL.—Payments under this subsection shall be determined in the same manner as provided in subsection (b).

"(B) QUANTITY OF COTTON MADE AVAILABLE.—The quantity of upland cotton to be made available to a producer under this subsection shall be equal in value to the payments so determined under this subsection.

"(4) ELIGIBILITY.—A producer shall be eligible to receive a payment under this subsection for a crop if the producer—

"(A) agrees to forgo obtaining a loan under subsection (a);

"(B) agrees to forgo receiving payments under subsection (c);

"(C) does not plant upland cotton for harvest in excess of the crop acreage base reduced by one-half of any acreage required to be diverted from production under subsection (e); and

"(D) otherwise complies with this section.

"(g) EQUITABLE RELIEF.—

"(1) LOANS AND PAYMENTS.—If the failure of a producer to comply fully with the terms and conditions of the program conducted under this section precludes the making of loans and payments, the Secretary may, nevertheless, make such loans and payments in such amounts as the Secretary determines are equitable in relation to the seriousness of the failure. The Secretary may consider whether the producer made a good faith effort to comply fully with the terms and conditions of the program in determining whether equitable relief is warranted under this paragraph.

"(2) DEADLINES AND PROGRAM REQUIREMENTS.—The Secretary may authorize the county and State committees established under section 8(b) of the Soil Conservation and Domestic Allotment Act (16 U.S.C. 590h(b)) to waive or modify deadlines and other program requirements in cases in which lateness or failure to meet such other requirements does not affect adversely the operation of the program.

"(h) REGULATIONS.—The Secretary may issue such regulations as the Secretary determines necessary to carry out this section.

"(i) COMMODITY CREDIT CORPORATION.—The Secretary shall carry out the program authorized by this section through the Commodity Credit Corporation.

"(j) ASSIGNMENT OF PAYMENTS.—The provisions of section 8(g) of the Soil Conservation and Domestic Allotment Act (16 U.S.C. 590h(g)) (relating to assignment of payments) shall apply to payments under this section.

"(k) SHARING OF PAYMENTS.—The Secretary shall provide for the sharing of payments made under this section for any farm among the producers on the farm on a fair and equitable basis.

"(l) TENANTS AND SHARECROPPERS.—The Secretary shall provide adequate safeguards to protect the interests of tenants and sharecroppers.

"(m) CROSS-COMPLIANCE.—

"(1) IN GENERAL.—Compliance on a farm with the terms and conditions of any other commodity program, or compliance with crop acreage base requirements for any other commodity, may not be required as a condition of eligibility for loans or payments under this section.

"(2) COMPLIANCE ON OTHER FARMS.—The Secretary may not require producers on a farm, as a condition of eligibility for loans or payments under this section for the farm, to comply with the terms and conditions of the upland cotton program with respect to any other farm operated by the producers.

"(n) SPECIAL LIMITED GLOBAL IMPORT QUOTA.—

"(1) IN GENERAL.—The President shall, within 180 days after the date of enactment of this section, establish an import quota program which shall provide that whenever the Secretary determines and announces that the average price of the base quality of upland cotton, as determined by the Secretary, in the designated spot markets for a month exceeded 130 percent of the average price of such quality of cotton in such markets for the preceding 36 months, notwithstanding any other provision of law, there shall immediately be in effect a special limited global import quota subject to the following conditions: President.

"(A) QUANTITY.—The quantity of the special quota shall be equal to 21 days of domestic mill consumption of upland cotton at the seasonally adjusted average rate of the most recent 3 months for which data are available.

"(B) QUANTITY IF PRIOR QUOTA.—If a special quota has been established under this subsection during the preceding 12 months, the quantity of the quota next established under this subsection shall be the smaller of 21 days of domestic mill consumption calculated as set forth in subparagraph (A) or the quantity required to increase the supply to 130 percent of the demand.

"(C) DEFINITIONS.—As used in subparagraph (B):

"(i) SUPPLY.—The term 'supply' means, using the latest official data of the Bureau of the Census, the Department of Agriculture, and the Department of the Treasury—

"(I) the carry-over of upland cotton at the beginning of the marketing year (adjusted to 480-pound bales) in which the special quota is established; plus

"(II) production of the current crop; plus

"(III) imports to the latest date available during the marketing year.

"(ii) DEMAND.—The term 'demand' means—

"(I) the average seasonally adjusted annual rate of domestic mill consumption in the most recent 3 months for which data are available; plus

"(II) the larger of—

"(aa) average exports of upland cotton during the preceding 6 marketing years; or

"(bb) cumulative exports of upland cotton plus outstanding export sales for the marketing year in which the special quota is established.

"(D) QUOTA ENTRY PERIOD.—When a special quota is established under this subsection, cotton may be entered under the quota during the 90-day period beginning on the effective date of the proclamation.

"(2) NO OVERLAP.—Notwithstanding paragraph (1), a special quota period may not be established that overlaps an existing quota period or a special quota period established under subsection (a)(5)(F).

"(o) CROPS.—Notwithstanding any other provision of law, this section shall be effective only for the 1991 through 1995 crops of upland cotton.".

SEC. 507. COTTONSEED AND COTTONSEED OIL PRICE SUPPORT.

Section 203 of the Agricultural Act of 1949 (7 U.S.C. 1446d) is amended to read as follows:

"SEC. 203. COTTONSEED AND COTTONSEED OIL PRICE SUPPORT.

"(a) IN GENERAL.—If the Secretary determines that any oilseed program or programs cause, or are likely to cause, a reduction in prices received by producers for cottonseed or by processors for cottonseed oil, the Secretary shall take such actions as are necessary to offset the actual or anticipated impact of the program on prices for cottonseed or cottonseed oil. The actions shall only include actions to stabilize or increase the price of cottonseed, and shall not include actions to decrease the prices of other oilseeds.

"(b) CROPS.—Notwithstanding any other provision of law, this section shall be effective only for the 1991 through 1995 crops of upland cotton.".

SEC. 508. SECURITY INTERESTS. Records.

(a) IN GENERAL.—Section 17 of the United States Warehouse Act (7 U.S.C. 259) is amended by adding at the end the following new subsections:

"(c)(1)(A) The Secretary of Agriculture, or the designated representative of the Secretary, may provide that in lieu of issuing a

receipt for cotton stored in a warehouse licensed under this Act the information required to be included in a receipt under section 18 shall be recorded instead in a central filing system or systems maintained in one or more locations in accordance with regulations issued by the Secretary.

"(B) Any such record shall state that the cotton shall be delivered to a specified person, or to a specified person or to the order of the person.

"(C) This subsection and subsection (d) shall not apply to a warehouse that does not have facilities to electronically transmit and receive information to and from the central filing system. Nothing in this subsection shall be construed as to require a warehouseman to obtain the facilities.

"(2) Notwithstanding any other provision of law—

"(A) the record of the ownership interests of persons in cotton included in any such central filing system shall be deemed to be a receipt for the purposes of this Act and shall establish the ownership interest of persons in the cotton; and

"(B) the Secretary may provide for the recording of liens in the central filing system that shall represent the perfected security interest of persons whose liens are so recorded and for liens that are so recorded to be the only liens that are enforceable against owners and purchasers of cotton registered in the central filing system, except that nothing in this paragraph shall be construed to alter the enforceability of the warehouseman's lien.

"(3) A warehouseman conducting a warehouse licensed under this Act, in the absence of a lawful excuse, shall, without unnecessary delay, deliver the cotton stored in the warehouse on demand made by the person named in the record in the central filing system as the owner of the receipt representing the cotton, if demand is accompanied by—

"(A) an offer to satisfy a valid warehouseman's lien, as determined by the Secretary; and

"(B) an offer to provide an acknowledgement in the central filing system, if requested by the warehouseman, that the cotton has been delivered.

Regulations.

"(d)(1) The Secretary shall (under such regulations as the Secretary may prescribe) charge and provide for the collection of reasonable fees to cover the estimated costs to the Department of Agriculture incident to the functioning and the maintenance of any central filing system or systems referred to in subsection (c) that is administered by the Department of Agriculture.

"(2) The Secretary may provide for the fees to be collected by persons operating the central filing system administered by the Department from those persons recording information in the central filing system at such time and in such manner as may be prescribed in regulations issued by the Secretary.

"(3) The fees shall be deposited into a fund which shall be available without fiscal year limitation for the expenses of the Secretary incurred in carrying out subsection (c) and this subsection. Any sums collected or received by the Secretary under this Act and deposited to the fund and any late payment penalties collected by the Secretary and credited to the fund may be invested by the Secretary in insured or fully collateralized, interest-bearing accounts or, at the discretion of the Secretary, by the Secretary of the Treasury in United States Government debt instruments. The in-

terest earned on the sums and any late payment penalties collected by the Secretary shall be credited to the fund and shall be available without fiscal year limitations for the expenses of the Service incurred in carrying out subsection (c) and this subsection.".

(b) PENALTY.—Section 30 of such Act (7 U.S.C. 270) is amended by inserting after "who shall issue or utter a false or fraudulent receipt or certificate," the following: "or furnish false or fraudulent information to a central filing system maintained under section 17,".

TITLE VI—RICE

SEC. 601. LOANS, PAYMENTS, AND ACREAGE REDUCTION PROGRAMS FOR THE 1991 THROUGH 1995 CROPS OF RICE.

The Agricultural Act of 1949 is amended by inserting after section 101A (7 U.S.C. 1441-1) the following new section:

"SEC. 101B. LOANS, PAYMENTS, AND ACREAGE REDUCTION PROGRAMS FOR THE 1991 THROUGH 1995 CROPS OF RICE. 7 USC 1441-2.

"(a) LOANS AND PURCHASES.—

"(1) IN GENERAL.—Except as otherwise provided in this subsection, the Secretary shall make available to producers on a farm nonrecourse loans and purchases for each of the 1991 through 1995 crops of rice produced on the farm at a level that is not less than the higher of—

"(A) 85 percent of the simple average price received by producers, as determined by the Secretary, during the marketing years for the immediately preceding 5 crops of rice, excluding the year in which the average price was the highest and the year in which the average price was the lowest in the period; or

"(B) $6.50 per hundredweight.

"(2) MAXIMUM REDUCTION.—The loan level for any crop of rice determined under paragraph (1) may not be reduced by more than 5 percent from the level determined for the preceding crop.

"(3) ANNOUNCEMENT OF LOAN LEVEL AND ESTABLISHED PRICE.—The loan and purchase level and the established price for each of the 1991 through 1995 crops of rice shall be announced not later than January 31 of each calendar year for the crop harvested in the calendar year or, in the case of the 1991 crop, as soon as practicable after the date of enactment of this section.

"(4) TERM.—A loan made under this subsection shall have a term of not more than 9 months beginning after the month in which the application for the loan is made.

"(5) MARKETING LOAN PROVISIONS.—

"(A) IN GENERAL.—In order to ensure that a competitive market position is maintained for rice, the Secretary shall permit a producer to repay a loan made under paragraph (1) for a crop at a level that is the lesser of—

"(i) the loan level determined for the crop; or

"(ii) the higher of—

"(I) the loan level determined for the crop multiplied by 70 percent; or

"(II) the prevailing world market price for rice, as determined by the Secretary.

Regulations.

"(B) PREVAILING WORLD MARKET PRICE.—The Secretary shall prescribe by regulation—

"(i) a formula to define the prevailing world market price for rice; and

"(ii) a mechanism by which the Secretary shall announce periodically the prevailing world market price for rice.

"(C) PRODUCER PURCHASE OF MARKETING CERTIFICATES.—

"(i) IN GENERAL.—As a condition of permitting a producer to repay a loan as provided in subparagraph (A), the Secretary may require a producer to purchase marketing certificates equal in value to an amount that does not exceed one-half the difference, as determined by the Secretary, between the amount of the loan obtained by the producer and the amount of the loan repayment.

"(ii) REDEMPTION FOR RICE OR CASH.—The certificates shall be redeemable for agricultural commodities owned by the Commodity Credit Corporation valued at the prevailing market price, as determined by the Secretary or for cash, under such terms and conditions as the Secretary may prescribe.

"(iii) REDEMPTION, MARKETING, OR EXCHANGE.—The Commodity Credit Corporation, under regulations prescribed by the Secretary, shall assist any person receiving marketing certificates under this subparagraph in the redemption or marketing or exchange of the certificates at such times, in such manner, and at such price levels as the Secretary determines will best effectuate the purposes of the program established under this section.

"(iv) CHARGES.—If any such certificate is not presented for redemption or marketing within a reasonable number of days after issuance, as determined by the Secretary, reasonable costs of storage and other carrying charges, as determined by the Secretary, shall be deducted from the value of the certificate for the period beginning after the reasonable number of days and ending with the date of the presentation of the certificate to the Commodity Credit Corporation.

"(v) DESIGNATION OF COMMODITIES AND PRODUCTS.—Insofar as practicable, the Secretary shall permit owners of certificates to designate the commodities and the products thereof, including storage sites thereof, the owners would prefer to receive in exchange for certificates.

"(vi) SALES PRICE RESTRICTIONS.—Notwithstanding any other provision of law, any price restrictions that may otherwise apply to the disposition of agricultural commodities by the Commodity Credit Corporation shall not apply to the redemption of certificates under this subparagraph.

"(vii) DISPLACEMENT.—The Secretary shall take such measures as may be necessary to prevent the marketing or exchange of agricultural commodities and the products thereof for certificates under this subpara-

graph from adversely affecting the income of producers of the commodities or products.

"(viii) TRANSFERS.—Under regulations prescribed by the Secretary, certificates issued under this subparagraph may be transferred to other persons approved by the Secretary.

"(D) CERTIFICATES TO MAINTAIN COMPETITIVENESS.—

"(i) IN GENERAL.—Notwithstanding any other provision of law, whenever, during the period beginning August 1, 1991, and ending July 31, 1996, the prevailing world market price for a class of rice (adjusted to United States quality and location), as determined by the Secretary, is below the current loan repayment rate for that class of rice, to make United States rice competitive in world markets and to maintain and expand exports of rice produced in the United States, the Commodity Credit Corporation shall make payments, through the issuance of marketing certificates, to persons who have entered into an agreement with the Commodity Credit Corporation to participate in the program established under this subparagraph. The payments shall be made in such monetary amounts and subject to such terms and conditions as the Secretary determines will make rice produced in the United States available at competitive prices consistent with the purposes of this subparagraph. Exports. Cooperative agreements.

"(ii) VALUE.—The value of each certificate issued under this subparagraph shall be based on the difference between—

"(I) the loan repayment rate for the class of rice; and

"(II) the prevailing world market price for the class of rice, as determined by the Secretary.

"(iii) TERMS AND CONDITIONS OF CERTIFICATES.—Marketing certificates issued under this subparagraph shall be subject to the same terms and conditions as certificates issued under subparagraph (C).

"(6) SIMPLE AVERAGE PRICE.—For purposes of this section, the simple average price received by producers for the immediately preceding marketing year shall be based on the latest information available to the Secretary at the time of the determination.

"(b) LOAN DEFICIENCY PAYMENTS.—

"(1) IN GENERAL.—The Secretary shall, for each of the 1991 through 1995 crops of rice, make payments (hereafter in this section referred to as 'loan deficiency payments') available to producers who, although eligible to obtain a loan or purchase agreement under subsection (a), agree to forgo obtaining the loan or agreement in return for payments under this subsection.

"(2) COMPUTATION.—A payment under this subsection shall be computed by multiplying—

"(A) the loan payment rate; by

"(B) the quantity of rice the producer is eligible to place under loan (or obtain a purchase agreement) but for which the producer forgoes obtaining the loan or agreement in return for payments under this subsection.

"(3) LOAN PAYMENT RATE.—For purposes of this subsection, the loan payment rate shall be the amount by which—

"(A) the loan level determined for the crop under subsection (a); exceeds

"(B) the level at which a loan may be repaid under subsection (a).

"(4) MARKETING CERTIFICATES.—The Secretary may make up to one-half the amount of a payment under this subsection available in the form of marketing certificates, subject to the terms and conditions provided in subsection (a)(5)(C).

"(c) PAYMENTS.—

"(1) DEFICIENCY PAYMENTS.—

"(A) IN GENERAL.—The Secretary shall make available to producers payments (hereafter in this section referred to as 'deficiency payments') for each of the 1991 through 1995 crops of rice in an amount computed by multiplying—

"(i) the payment rate; by

"(ii) the payment acres for the crop; by

"(iii) the farm program payment yield established for the crop for the farm.

"(B) PAYMENT RATE.—

"(i) PAYMENT RATE FOR 1991 THROUGH 1993 CROPS.—The payment rate for each of the 1991 through 1993 crops of rice shall be the amount by which the established price for the crop of rice exceeds the higher of—

"(I) the national average market price received by producers during the first 5 months of the marketing year for the crop, as determined by the Secretary; or

"(II) the loan level determined for the crop.

"(ii) PAYMENT RATE OF 1994 AND 1995 CROPS.—The payment rate for the 1994 and 1995 crops of rice shall be determined in accordance with clause (i).

"(ii) MINIMUM ESTABLISHED PRICE.—The established price for rice shall not be less than $10.71 per hundredweight for each of the 1991 through 1995 crops.

"(C) PAYMENT ACRES.—Payment acres for a crop shall be the lesser of—

"(i) the number of acres planted to the crop for harvest within the permitted acreage; or

"(ii) 100 percent of the crop acreage base for the crop for the farm less the quantity of reduced acreage (as determined under subsection (e)(2)(D)).

"(D) 50/92 PROGRAM.—

"(i) IN GENERAL.—If an acreage limitation program under subsection (e)(2) is in effect for a crop of rice and the producers on a farm devote a portion of the maximum payment acres for rice as calculated under subparagraph (C)(ii) for equal to more than 8 percent of such rice acreage of the farm for the crop to conservation uses (except as provided in subparagraph (E))—

"(I) such portion of the maximum payment acres in excess of 8 percent of such acreage devoted to conservation uses (except as provided in subparagraph (E)) shall be considered to be planted to rice for the purpose of determining the acreage on the farm required to be devoted to conservation uses in accordance with subsection (e)(2)(D); and

"(II) the producers shall be eligible for payments under this paragraph with respect to such acreage, subject to the compliance of the producers with clause (ii).

"(ii) MINIMUM PLANTING REQUIREMENT.—To be eligible for payments under clause (i), except as provided in clauses (iv) and (v), the producers on a farm must actually plant rice for harvest on at least 50 percent of the maximum payment acres for rice for the farm.

"(iii) DEFICIENCY PAYMENTS.—Notwithstanding any other provision of this section, any producer who devotes a portion of the maximum payment acres for rice for the farm to conservation uses (or other uses as provided in subparagraph (E)) under this subparagraph shall receive deficiency payments on the acreage that is considered to be planted to rice and eligible for payments under this subparagraph for the crop at a per-hundredweight rate established by the Secretary, except that the rate may not be established at less than the projected deficiency payment rate for the crop, as determined by the Secretary. Such projected payment rate for the crop shall be announced by the Secretary prior to the period during which rice producers may agree to participate in the program for the crop.

"(iv) QUARANTINES.—If a State or local agency has imposed in an area of a State or county a quarantine on the planting of rice for harvest on farms in the area, the State committee established under section 8(b) of the Soil Conservation and Domestic Allotment Act (16 U.S.C. 590h(b)) may recommend to the Secretary that payments be made under this paragraph, without regard to the requirement imposed under clause (ii), to producers in the area who were required to forgo the planting of rice for harvest on acreage to alleviate or eliminate the condition requiring the quarantine. If the Secretary determines that the condition exists, the Secretary may make payments under this paragraph to the producers. To be eligible for payments under this clause, the producers must devote the acreage to conservation uses (except as provided in subparagraph (E)).

"(v) PREVENTED PLANTING.—If an acreage limitation program under subsection (e) is in effect for any crop of rice and if the Secretary determines that producers on a farm are prevented from planting the acreage intended for rice to rice because of drought, flood, or other natural disaster, or other condition beyond the control of the producers, the Secretary shall make available to such producers payments under this subparagraph without regard to the requirement imposed under clause (ii). To be eligible for payments under this clause, the producers must devote the acreage to conservation uses (except as provided in subparagraph (E)). Any such acreage shall be considered to be planted to rice.

"(vi) CROP ACREAGE AND PAYMENT YIELD.—The rice crop acreage base and rice farm program payment yield of the farm shall not be reduced due to the fact

that a portion of the permitted rice acreage of the farm was devoted to conserving uses (except as provided in subparagraph (E)) under this subparagraph.

"(vii) LIMITATION.—Other than as provided in clauses (i) through (vi), payments may not be made under this paragraph for any crop on a greater acreage than the acreage actually planted to rice.

"(viii) CONSERVATION USE ACREAGE UNDER OTHER PROGRAMS.—Any acreage considered to be planted to rice in accordance with clauses (i) and (vi) may not also be designated as conservation use acreage for the purpose of fulfilling any provisions under any acreage limitation or land diversion program requiring that the producers devote a specified acreage to conservation uses.

"(E) ALTERNATIVE CROPS.—The Secretary may permit, subject to such terms and conditions as the Secretary may prescribe, all or any part of acreage otherwise required to be devoted to conservation uses as a condition of qualifying for payments under subparagraph (D) to be devoted to sweet sorghum, guar, sesame, castor beans, crambe, plantago ovato, triticale, rye, mung beans, commodities for which no substantial domestic production or market exists but that could yield industrial raw material being imported, or likely to be imported, into the United States, or commodities grown for experimental purposes (including kenaf and milkweed), subject to the following sentence. The Secretary may permit the acreage to be devoted to the production only if the Secretary determines that—

"(i) the production is not likely to increase the cost of the price support program and will not affect farm income adversely; and

"(ii) the production is needed to provide an adequate supply of the commodity, or, in the case of commodities for which no substantial domestic production or market exists but that could yield industrial raw materials, the production is needed to encourage domestic manufacture of the raw material and could lead to increased industrial use of the raw material to the long-term benefit of United States industry.

"(F) REDUCTION FOR DISASTER PAYMENTS.—The total quantity of rice on which payments would otherwise be payable to a producer on a farm for any crop under this paragraph shall be reduced by the quantity on which any disaster payment is made to the producer for the crop under paragraph (2).

"(2) DISASTER PAYMENTS.—

"(A) PREVENTED PLANTING.—Except as provided in subparagraph (C), if the Secretary determines that the producers on a farm are prevented from planting any portion of the acreage intended for rice to rice or other nonconserving crops because of drought, flood, or other natural disaster, or other condition beyond the control of the producers, the Secretary shall make a prevented planting disaster payment to the producers in an amount equal to the product obtained by multiplying—

"(i) the number of acres so affected but not to exceed the acreage planted to rice for harvest (including any acreage that the producers were prevented from planting to rice or other nonconserving crops in lieu of rice because of drought, flood, or other natural disaster, or other condition beyond the control of the producers) in the immediately preceding year; by

"(ii) 75 percent of the farm program payment yield established for the farm by the Secretary; by

"(iii) a payment rate equal to 33⅓ percent of the established price for the crop.

"(B) REDUCED YIELDS.—Except as provided in subparagraph (C), if the Secretary determines that because of drought, flood, or other natural disaster, or other condition beyond the control of the producers, the total quantity of rice that the producers are able to harvest on any farm is less than the result of multiplying 75 percent of the farm program payment yield established by the Secretary for the crop by the acreage planted for harvest for the crop, the Secretary shall make a reduced yield disaster payment to the producers at a rate equal to 33⅓ percent of the established price for the crop for the deficiency in production below 75 percent for the crop.

"(C) CROP INSURANCE.—Producers on a farm shall not be eligible for—

"(i) prevented planting disaster payments under subparagraph (A), if prevented planting crop insurance is available to the producers under the Federal Crop Insurance Act (7 U.S.C. 1501 et seq.) with respect to the rice acreage of the producers; or

"(ii) reduced yield disaster payments under subparagraph (B), if reduced yield crop insurance is available to the producers under such Act with respect to the rice acreage of the producers.

"(D) ADMINISTRATION.—

"(i) ECONOMIC EMERGENCIES.—Notwithstanding subparagraph (C), the Secretary may make a disaster payment to the producers on a farm under this paragraph if the Secretary determines that—

"(I) as the result of drought, flood, or other natural disaster, or other condition beyond the control of the producers, the producers have suffered substantial losses of production either from being prevented from planting rice or other nonconserving crops or from reduced yields;

"(II) the losses have created an economic emergency for the producers;

"(III) crop insurance indemnity payments under the Federal Crop Insurance Act (7 U.S.C. 1501 et seq.) and other forms of assistance made available by the Federal Government to the producers for the losses are insufficient to alleviate the economic emergency; and

"(IV) additional assistance must be made available to the producers to alleviate the economic emergency.

"(ii) ADJUSTMENTS.—The Secretary may make such adjustments in the amount of payments made available under this paragraph with respect to an individual farm as necessary to ensure the equitable allotment of the payments among producers, taking into account other forms of Federal disaster assistance provided to the producers for the crop involved.

"(d) PAYMENT YIELDS.—The farm program payment yields for farms for each crop of rice shall be determined under title V.

"(e) ACREAGE REDUCTION PROGRAMS.—

"(1) IN GENERAL.—

"(A) ESTABLISHMENT.—Notwithstanding any other provision of this Act, if the Secretary determines that the total supply of rice, in the absence of an acreage limitation program, will be excessive taking into account the need for an adequate carry-over to maintain reasonable and stable supplies and prices and to meet a national emergency, the Secretary may provide for any crop of rice an acreage limitation program as described in paragraph (2).

"(B) AGRICULTURAL RESOURCES CONSERVATION PROGRAM.—In making a determination under subparagraph (A), the Secretary shall take into consideration the number of acres placed in the agricultural resources conservation program established under subtitle D of title XII of the Food Security Act of 1985 (16 U.S.C. 3831 et seq.).

"(C) ANNOUNCEMENTS.—If the Secretary elects to implement an acreage limitation program for any crop year, the Secretary shall announce any such program not later than January 31 of the calendar year in which the crop is harvested, except that in the case of the 1991 crop, the Secretary shall announce the program as soon as practicable after the date of enactment of this section.

Securities.

"(D) CARRY-OVER.—The Secretary shall carry out an acreage limitation program described in paragraph (2) for a crop of rice in a manner that will result in carry-over stocks equal to 16.5 to 20 percent of the simple average of the total disappearance of rice for each of the 3 marketing years preceding the year for which the announcement is made. For the purpose of this subparagraph, the term 'total disappearance' means all rice utilization, including total domestic, total export, and total residual disappearance.

"(2) ACREAGE LIMITATION PROGRAM.—

"(A) PERCENTAGE REDUCTIONS.—Except as provided in paragraph (3), if a rice acreage limitation program is announced under paragraph (1), such limitation shall be achieved by applying a uniform percentage reduction (from 0 to 35 percent) to the rice crop acreage base for the crop for each rice-producing farm.

"(B) COMPLIANCE.—Except as provided in section 504, producers who knowingly produce rice in excess of the permitted rice acreage for the farm, as established in accordance with subparagraph (A), shall be ineligible for rice loans, purchases, and payments with respect to that farm.

"(C) CROP ACREAGE BASES.—Rice crop acreage bases for each crop of rice shall be determined under title V.

"(D) ACREAGE DEVOTED TO CONSERVATION USES.—A number of acres on the farm shall be devoted to conservation uses, in accordance with regulations issued by the Secretary. Such number shall be determined by multiplying the rice crop acreage base by the percentage reduction required by the Secretary. The number of acres so determined is hereafter in this subsection referred to as 'reduced acreage'. The remaining acreage is hereafter in this subsection referred to as 'permitted acreage'. Permitted acreage may be adjusted by the Secretary as provided in paragraph (3) and in section 504. Regulations.

"(E) INDIVIDUAL FARM PROGRAM ACREAGE.—Except as otherwise provided in subsection (c), the individual farm program acreage shall be the acreage planted on the farm to rice for harvest within the permitted rice acreage for the farm as established under this paragraph.

"(F) PLANTING DESIGNATED CROPS ON REDUCED ACREAGE.—

"(i) DEFINITION OF DESIGNATED CROP.—As used in this subparagraph, the term 'designated crop' means a crop defined in section 504(b)(1), excluding any program crop as defined in section 502(3).

"(ii) IN GENERAL.—Subject to clause (iii), the Secretary may permit producers on a farm to plant a designated crop on no more than one-half of the reduced acreage on the farm.

"(iii) LIMITATIONS.—If the producers on a farm elect to plant a designated crop on reduced acreage under this subparagraph—

"(I) the amount of the deficiency payment that the producers are otherwise eligible to receive under subsection (c) shall be reduced, for each acre (or portion thereof) that is planted to the designated crop, by an amount equal to the deficiency payment that would be made with respect to a number of acres of the crop that the Secretary considers appropriate, except that if the producers on the farm are participating in a program established for more than one program crop, the amount of the reduction shall be determined by prorating the reduction based on the acreage planted or considered planted on the farm to all of such program crops; and

"(II) the Secretary shall ensure that reductions in deficiency payments under subclause (I) are sufficient to ensure that this subparagraph will result in no additional cost to the Commodity Credit Corporation.

"(3) TARGETED OPTION PAYMENTS.—

"(A) IN GENERAL.—Notwithstanding any other provision of this section, if the Secretary implements an acreage limitation program with respect to any of the 1991 through 1995 crops of rice and announces an acreage limitation percentage of 20 percent or less, the Secretary may make available to producers on a farm who do not receive payments under subsection (c)(1)(D) for such crop on the farm, adjustments in the level of deficiency payments that would otherwise be made available to the producers if the produc-

ers exercise the payment options provided in this paragraph.

"(B) PAYMENT OPTIONS.—If the Secretary elects to carry out this paragraph, the Secretary shall make the payment options specified in subparagraphs (C) and (D) available to producers who agree to make adjustments in the quantity of acreage diverted from the production of rice under an acreage limitation program in accordance with this paragraph.

"(C) INCREASED ACREAGE LIMITATION OPTION.—

"(i) INCREASE IN ESTABLISHED PRICE.—If the Secretary elects to carry out this paragraph, a producer shall be eligible to receive an increase in the established price for rice under clause (ii) if the producer agrees to an increase in the acreage limitation percentage to be applied to the producers' rice acreage base above the acreage limitation percentage announced by the Secretary.

"(ii) METHOD OF CALCULATION.—For the purposes of calculating deficiency payments to be made available to producers who participate in the program under this paragraph, the Secretary shall increase the established price for rice by an amount determined by the Secretary, but not less than 0.5 percent, nor more than 1 percent, for each 1 percentage point increase in the acreage limitation percentage applied to the producers' rice acreage base.

"(iii) LIMITATION.—The acreage limitation percentage to be applied to the producers' rice acreage base shall not be increased by more than 5 percentage points above the acreage limitation percentage announced by the Secretary.

"(iv) ADJUSTMENT FOR UNDERPLANTINGS.—In determining the increased acreage limitation percentage that is applied to the producer's rice acreage base under this paragraph, the Secretary shall exclude an amount of acreage equal to the average difference between the producer's permitted rice acreage and the acreage actually planted (including acreage devoted to conserving uses under subsection (c)(1)(D)) to rice for harvest during the previous 2 years.

"(D) DECREASED ACREAGE LIMITATION OPTION.—

"(i) DECREASE IN ACREAGE LIMITATION REQUIREMENT.—If the Secretary elects to carry out this paragraph, a producer shall be eligible to decrease the acreage limitation percentage applicable to the producers' rice acreage base (as announced by the Secretary) if the producer agrees to a decrease in the established price for rice under clause (ii) for the purpose of calculating deficiency payments to be made available to the producer.

"(ii) METHOD OF CALCULATION.—For the purposes of calculating deficiency payments to be made available to producers who choose the option set forth in this subparagraph, the Secretary shall decrease the established price for rice by an amount to be determined by the Secretary, but not less than 0.5 percent, nor more

than 1 percent, for each 1 percentage point decrease in the acreage limitation percentage applied to the producers' rice acreage base.

"(iii) LIMITATION.—A producer may not choose to decrease the acreage limitation percentage applicable to the producers' rice acreage base under this paragraph by more than one-half of the announced acreage limitation percentage.

"(E) PARTICIPATION AND PRODUCTION EFFECTS.—Notwithstanding any other provision of this paragraph, the Secretary shall, to the extent practicable, ensure that the program provided for in this paragraph does not have a significant effect on program participation or total production and shall be offered in such a manner that the Secretary determines will result in no additional budget outlays. The Secretary shall provide an analysis of the Secretary's determination to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate.

"(4) ADMINISTRATION.—

"(A) PROTECTION FROM WEEDS AND EROSION.—The regulations issued by the Secretary under paragraph (2) with respect to acreage required to be devoted to conservation uses shall assure protection of the acreage from weeds and wind and water erosion.

"(B) ANNUAL OR PERENNIAL COVER.—

"(i) IN GENERAL.—Except as provided in paragraph (2), a producer who participates in an acreage reduction program established for a crop of rice under this subsection shall be required to plant to an annual or perennial cover 50 percent (or more, at the option of the producer) of the acreage that is required to be removed from the production of rice, but not to exceed 5 percent (or more, at the option of the producer) of the crop acreage base established for the crop. This requirement shall not apply with respect to arid areas (including summer fallow areas), as determined by the Secretary.

"(ii) MULTIYEAR PROGRAM.—

"(I) COST-SHARE ASSISTANCE.—If a producer elects to establish a perennial cover capable of improving water quality or wildlife habitat on the acreage, the Commodity Credit Corporation shall make available cost-share assistance for 25 percent of the approved cost of establishing the cover on not more than 50 percent of the acreage that is required to be diverted from production, but not to exceed 5 percent (or more, at the option of the producer) of the crop acreage base established for a crop.

"(II) AGREEMENT OF PRODUCER.—If a producer elects to establish a perennial cover on the acreage under this subparagraph and receives cost-share assistance from the Corporation with respect to the cover, the producer, under such terms and conditions as may be prescribed by the Secretary, taking into consideration guidelines established by the State technical committees established in subtitle

G of title XII of the Food Security Act of 1985, shall agree to maintain the perennial cover for a minimum of 3 years.

"(iii) CONSERVING CROPS.—The Secretary may permit, subject to such terms and conditions as the Secretary may prescribe, all or any part of the acreage to be devoted to sweet sorghum, guar, sesame, castor beans, crambe, plantago ovato, triticale, rye, mung beans, milkweed, or other commodity, if the Secretary determines that the production is needed to provide an adequate supply of the commodities, is not likely to increase the cost of the price support program, and will not affect farm income adversely.

"(C) HAYING AND GRAZING.—

"(i) IN GENERAL.—Except as provided in clause (ii), haying and grazing of reduced acreage, acreage devoted to a conservation use under subsection (c)(1)(D), and acreage diverted from production under a land diversion program established under this section shall be permitted, except during any consecutive 5-month period that is established by the State committee established under section 8(b) of the Soil Conservation and Domestic Allotment Act (16 U.S.C. 590h(b)) for a State. The 5-month period shall be established during the period beginning April 1, and ending October 31, of a year.

"(ii) NATURAL DISASTERS.—In the case of a natural disaster, the Secretary may permit unlimited haying and grazing on the acreage. The Secretary may not exclude irrigated or irrigable acreage not planted in alfalfa when exercising the authority under this clause.

"(D) WATER STORAGE USES.—

Regulations.

"(i) IN GENERAL.—The regulations issued by the Secretary under paragraph (2) with respect to acreage required to be devoted to conservation uses shall provide that land that has been converted to water storage uses shall be considered to be devoted to conservation uses if the land was devoted to wheat, feed grains, cotton, rice, or oilseeds in at least 3 of the immediately preceding 5 years. The land shall be considered to be devoted to conservation uses for the period that the land remains in water storage uses, but not to exceed 5 years subsequent to its conversion to water storage uses.

"(ii) LIMITATIONS.—Land converted to water storage uses for the purposes of this subparagraph may not be devoted to any commercial use, including commercial fish production. The water stored on the land may not be ground water. The farm on which the land is located must have been irrigated with ground water during at least 1 of the preceding 5 crop years.

"(5) LAND DIVERSION PROGRAM.—

"(A) IN GENERAL.—The Secretary may make land diversion payments to producers of rice, whether or not an acreage limitation program for rice is in effect, if the Secretary determines that the land diversion payments are necessary to assist in adjusting the total national acreage of

rice to desirable goals. The land diversion payments shall be made to producers who, to the extent prescribed by the Secretary, devote to approved conservation uses an acreage of cropland on the farm in accordance with land diversion contracts entered into by the Secretary with the producers.

"(B) AMOUNTS.—The amounts payable to producers under land diversion contracts may be determined through the submission of bids for the contracts by producers in such manner as the Secretary may prescribe or through such other means as the Secretary determines appropriate. The Secretary may pay an appropriate share of the cost of practices designed to carry out the purposes of this subparagraph.

"(B) PUBLIC ACCESS.—The Secretary may provide for an additional payment on the acreage in an amount determined by the Secretary to be appropriate in relation to the benefit to the general public if the producer agrees to permit, without other compensation, access to all or such portion of the farm, as the Secretary may prescribe, by the general public, for hunting, trapping, fishing, and hiking, subject to applicable State and Federal regulations.

The Secretary may modify the agreement under this subparagraph for the purpose of alleviating a shortage in the supply of agricultural commodities only if there has been a significant change in the estimated stocks of the commodity since the Secretary announced the final terms and conditions of the program for the crop of rice.

"(D) otherwise complies with this section.

"(g) EQUITABLE RELIEF.—

"(1) LOANS AND PAYMENTS.—If the failure of a producer to comply fully with the terms and conditions of the program conducted under this section precludes the making of loans, purchases, and payments, the Secretary may, nevertheless, make such loans, purchases, and payments in such amounts as the Secretary determines are equitable in relation to the seriousness of the failure. The Secretary may consider whether the producer made a good faith effort to comply fully with the terms and conditions of the program in determining whether equitable relief is warranted under this paragraph.

"(2) DEADLINES AND PROGRAM REQUIREMENTS.—The Secretary may authorize the county and State committees established under section 8(b) of the Soil Conservation and Domestic Allotment Act (16 U.S.C. 590h(b)) to waive or modify deadlines and other program requirements in cases in which lateness or failure to meet the other requirements does not affect adversely the operation of the program.

SEC. 802. NATIONAL POUNDAGE QUOTAS AND ACREAGE ALLOTMENTS.

The Agricultural Adjustment Act of 1938 is amended by inserting after section 358 the following new section:

"SEC. 358–1. NATIONAL POUNDAGE QUOTAS AND ACREAGE ALLOTMENTS FOR 1991 THROUGH 1995 CROPS OF PEANUTS. 7 USC 1358–1.

"(a) NATIONAL POUNDAGE QUOTAS.—

"(1) ESTABLISHMENT.—The national poundage quota for peanuts for each of the 1991 through 1995 marketing years shall be established by the Secretary at a level that is equal to the quantity of peanuts (in tons) that the Secretary estimates will be devoted in each such marketing year to domestic edible, seed, and related uses. Notwithstanding any other provision of this

paragraph, the national poundage quota for a marketing year shall not be less than 1,350,000 tons.

"(2) ANNOUNCEMENT.—The national poundage quota for a marketing year shall be announced by the Secretary not later than December 15 preceding the marketing year.

"(3) APPORTIONMENT AMONG STATES.—The national poundage quota established under paragraph (1) shall be apportioned among the States so that the poundage quota allocated to each State shall be equal to the percentage of the national poundage quota allocated to farms in the State for 1990.

"(b) FARM POUNDAGE QUOTAS.—

"(1) IN GENERAL.—

"(A) ESTABLISHMENT.—A farm poundage quota for each of the 1991 through 1995 marketing years shall be established—

"(i) for each farm that had a farm poundage quota for peanuts for the 1990 marketing year;

"(ii) if the poundage quota apportioned to a State under subsection (a)(3) for any such marketing year is larger than the quota for the immediately preceding marketing year, for each other farm on which peanuts were produced for marketing in at least 2 of the 3 immediately preceding crop years, as determined by the Secretary; and

"(iii) as approved and determined by the Secretary under section 358c, for each farm on which peanuts are produced in connection with experimental and research programs.

"(B) QUANTITY.—The farm poundage quota for each of the 1991 through 1995 marketing years for each farm described in subparagraph (A)(i) shall be the same as the farm poundage quota for the farm for the immediately preceding marketing year, as adjusted under paragraph (2), but not including—

"(i) any increases for undermarketings from previous years; or

"(ii) any increases resulting from the allocation of quotas voluntarily released for 1 year under paragraph (7).

The farm poundage quota, if any, for each of the 1991 through 1995 marketing years for each farm described in subparagraph (A)(ii) shall be equal to the quantity of peanuts allocated to the farm for the year under paragraph (2).

"(C) TRANSFERS.—For purposes of this subsection, if the farm poundage quota, or any part thereof, is permanently transferred in accordance with section 358a or 358b, the receiving farm shall be considered as possessing the farm poundage quota (or portion thereof) of the transferring farm for all subsequent marketing years.

"(2) ADJUSTMENTS.—

"(A) ALLOCATION OF INCREASED QUOTA GENERALLY.—Except as provided in subparagraph (B) and subject to subparagraph (D), if the poundage quota apportioned to a State under subsection (a)(3) for any of the 1991 through 1995 marketing years is increased over the poundage quota apportioned to farms in the State for the immediately preceding marketing year, the increase shall be allocated

proportionately, based on farm production history for peanuts for the 3 immediately preceding years, among—

"(i) all farms in the State for each of which a farm poundage quota was established for the marketing year immediately preceding the marketing year for which the allocation is being made; and

"(ii) all other farms in the State on each of which peanuts were produced in at least 2 of the 3 immediately preceding crop years, as determined by the Secretary.

"(B) ALLOCATION OF INCREASED QUOTA IN TEXAS.—

"(i) IN GENERAL.—In Texas, and subject to terms and conditions prescribed by the Secretary, beginning with the 1991 marketing year, 33 percent of the increased quota referred to in subparagraph (A) shall be allocated to farms having poundage quotas for the 1990 marketing year in any county in which the production of additional peanuts exceeded the total quota allocated to the county for the 1989 marketing year.

"(ii) BASIS FOR ALLOCATION TO COUNTIES.—The allocation of the quota to eligible counties shall be based on the total production of additional peanuts in the respective counties for the 1988 crop, except that the total quota allocated to any county under this subparagraph and paragraph (6)(C) shall not be increased by more than 100 percent of the basic quota assigned to the county for the 1989 marketing year if that county had more than 10,000 tons of quota for the 1989 marketing year.

"(iii) ALLOCATION TO OTHER COUNTIES.—If the total quota for any such county is so increased by 100 percent, all of the remaining quota percentage set aside under this subparagraph shall be allocated to farms in other counties otherwise meeting the requirements of this subparagraph.

"(iv) ALLOCATION TO ELIGIBLE FARMS.—The percentage of increased quota in any county shall be allocated under this subparagraph only to quota farms from which additional peanuts were delivered under contract with handlers for the marketing year immediately preceding the marketing year for which the allocation is being made. The percentage of the increased quota in each county shall be allocated among the eligible farms in the county on the following basis:

"(I) FACTOR.—A factor shall be established for each such eligible farm by dividing the quantity of additional peanuts contracted and delivered to handlers from the farm by the total remaining peanuts produced on the farm for the marketing year immediately preceding the marketing year for which the allocation is being made.

"(II) ALLOCATION.—Each such eligible farm shall be allocated the percentage of the increased quota for the county as its factor bears to the total of the factors for all eligible farms in the county.

"(v) REMAINING PERCENTAGE.—In Texas, the remaining 67 percent of the increased quota referred to in

subparagraph (A) shall be allocated to farms in the State in accordance with subparagraph (A).

"(C) DECREASE.—If the poundage quota apportioned to a State under subsection (a)(3) for any of the 1991 through 1995 marketing years is decreased from the poundage quota apportioned to farms in the State under subsection (a)(3) for the immediately preceding marketing year, the decrease shall be allocated among all the farms in the State for each of which a farm poundage quota was established for the marketing year immediately preceding the marketing year for which the allocation is being made.

"(D) SPECIAL RULE ON TENANT'S SHARE OF INCREASED QUOTA.—Subject to terms and conditions prescribed by the Secretary, on farms that were leased to a tenant for peanut production, the tenant shall share equally with the owner of the farm in that percentage of the quota referred to in subparagraph (A) and otherwise allocated to the farm as the result of the tenant's production on the farm of additional peanuts. Not later than April 1 of each year or as soon as practicable, the tenant's share of any such quota shall be allocated to a farm within the county owned by the tenant or sold by the tenant to the owner of any farm within the county and permanently transferred to that farm. Any quota not so disposed of as provided in this subparagraph shall be allocated to other quota farms in the State under paragraph (6) as part of the quota reduced from farms in the State due to the failure to produce the quota.

"(3) QUOTA NOT PRODUCED.—

"(A) IN GENERAL.—Insofar as practicable and on such fair and equitable basis as the Secretary may by regulation prescribe, the farm poundage quota established for a farm for any of the 1991 through 1995 marketing years shall be reduced to the extent that the Secretary determines that the farm poundage quota established for the farm for any 2 of the 3 marketing years preceding the marketing year for which the determination is being made was not produced, or considered produced, on the farm.

"(B) EXCLUSIONS.—For the purposes of this paragraph, the farm poundage quota for any such preceding marketing year shall not include—

"(i) any increases for undermarketing of quota peanuts from previous years; or

"(ii) any increase resulting from the allocation of quotas voluntarily released for 1 year under paragraph (7).

"(4) QUOTA CONSIDERED PRODUCED.—For purposes of this subsection, the farm poundage quota shall be considered produced on a farm if—

"(A) the farm poundage quota was not produced on the farm because of drought, flood, or any other natural disaster, or any other condition beyond the control of the producer, as determined by the Secretary;

"(B) the farm poundage quota for the farm was released voluntarily under paragraph (7) for only 1 of the 3 marketing years immediately preceding the marketing year for which the determination is being made; or

"(C) the farm poundage quota was leased to another owner or operator of a farm within the same county for transfer to such farm for only 1 of the 3 marketing years immediately preceding the marketing year for which the determination is being made.

"(5) QUOTA PERMANENTLY RELEASED.—Notwithstanding any other provision of law—

"(A) the farm poundage quota established for a farm under this subsection, or any part of the quota, may be permanently released by the owner of the farm, or the operator with the permission of the owner; and

"(B) the poundage quota for the farm for which the quota is released shall be adjusted downward to reflect the quota that is so released.

"(6) ALLOCATION OF QUOTAS REDUCED OR RELEASED.—

"(A) IN GENERAL.—Except as provided in subparagraphs (B) and (C), the total quantity of the farm poundage quotas reduced or voluntarily released from farms in a State for any marketing year under paragraphs (3) and (5) shall be allocated, as the Secretary may by regulation prescribe, to other farms in the State on which peanuts were produced in at least 2 of the 3 crop years immediately preceding the year for which the allocation is being made.

"(B) SET-ASIDE FOR FARMS WITH NO QUOTA.—Not more than 25 percent of the total amount of farm poundage quota to be allocated in the State under subparagraph (A) shall be allocated to farms in the State for which no farm poundage quota was established for the immediately preceding year's crop. The allocation to any such farm shall not exceed the average farm production of peanuts for the 3 immediately preceding years during which peanuts were produced on the farm.

"(C) ALLOCATION OF QUOTAS REDUCED OR RELEASED IN TEXAS.—

"(i) IN GENERAL.—In Texas, and subject to terms and conditions prescribed by the Secretary, beginning with the 1991 marketing year, the total quantity of the farm poundage quota, except the percentage allocated to new farms under subparagraph (B), shall be allocated to other farms having poundage quotas for the 1990 marketing year in all counties in which the production of additional peanuts exceeded the total quota allocated to the county for the 1989 marketing year.

"(ii) BASIS FOR ALLOCATION TO COUNTIES.—The allocation of the quota to eligible counties shall be based on the total production of additional peanuts in the respective county for the 1988 crop, except that the total quota allocated to any county under this subparagraph and paragraph (2)(B) shall not be increased by more than 100 percent of the basic quota allocated to the county for the 1989 marketing year, if that county had more than 10,000 tons of quota for the 1989 marketing year.

"(iii) ALLOCATION TO OTHER COUNTIES.—If the total quota for any such county is so increased by 100 percent, all of the remaining quota set aside under this subparagraph shall be allocated to farms in other coun-

ties otherwise meeting the requirements of this subparagraph.

"(iv) ALLOCATION TO ELIGIBLE FARMS.—The percentage of farm poundage quota available for allocation under this subparagraph shall be allocated only to quota farms from which additional peanuts were delivered under contract with handlers for the marketing year immediately preceding the marketing year for which the allocation is being made. The percentage of the increased quota in each county shall be allocated among the eligible farms in the county on the following basis:

"(I) FACTOR.—A factor shall be established for each such eligible farm by dividing the amount of additional peanuts contracted and delivered to handlers from the farm by the total remaining peanuts produced on the farm for the marketing year immediately preceding the marketing year for which the allocation is being made.

"(II) ALLOCATION.—Each such eligible farm shall be allocated the percentage of the increased quota for the county as its factor bears to the total of the factors for all eligible farms in the county.

"(7) QUOTA TEMPORARILY RELEASED.—

"(A) IN GENERAL.—The farm poundage quota, or any portion thereof, established for a farm for a marketing year may be voluntarily released to the Secretary to the extent that the quota, or any part thereof, will not be produced on the farm for the marketing year. Any farm poundage quota so released in a State shall be allocated to other farms in the State on such basis as the Secretary may by regulation prescribe.

"(B) EFFECTIVE PERIOD.—Except as otherwise provided in this section, any adjustment in the farm poundage quota for a farm under subparagraph (A) shall be effective only for the marketing year for which it is made and shall not be taken into consideration in establishing a farm poundage quota for the farm from which the quota was released for any subsequent marketing year.

"(8) INCREASE FOR UNDERMARKETINGS IN PREVIOUS MARKETING YEARS.—

"(A) IN GENERAL.—Except as provided in subparagraph (B), the farm poundage quota for a farm for any marketing year shall be increased by the number of pounds by which the total marketings of quota peanuts from the farm during previous marketing years (excluding any marketing year before the marketing year for the 1989 crop) were less than the total amount of applicable farm poundage quotas (disregarding adjustments for undermarketings from previous marketing years) for the marketing years.

"(B) QUOTA NOT PRODUCED.—For purposes of subparagraph (A), no increase for undermarketings in previous marketing years shall be made to the poundage quota for any farm to the extent that the poundage quota for the farm for the marketing year was reduced under paragraph (3) for failure to produce.

"(C) NATIONAL POUNDAGE QUOTA.—Any increases in farm poundage quotas under this paragraph shall not be counted against the national poundage quota for the marketing year involved.

"(D) TRANSFER OF ADDITIONAL PEANUTS.—Any increase in the farm poundage quota for a farm for a marketing year under this paragraph may be used during the marketing year by the transfer of additional peanuts produced on the farm to the quota loan pool for pricing purposes on such basis as the Secretary shall by regulation prescribe.

"(9) LIMIT ON INCREASES FOR UNDERMARKETINGS.—Notwithstanding the foregoing provisions of this subsection, if the total of all increases in individual farm poundage quotas under paragraph (8) exceeds 10 percent of the national poundage quota for the marketing year in which the increases shall be applicable, the Secretary shall adjust the increases so that the total of all the increases does not exceed 10 percent of the national poundage quota.

"(c) FARM YIELDS.—

"(1) IN GENERAL.—For each farm for which a farm poundage quota is established under subsection (b), and when necessary for purposes of this Act, a farm yield of peanuts shall be determined for each such farm.

"(2) QUANTITY.—The yield shall be equal to the average of the actual yield per acre on the farm for each of the 3 crop years in which yields were highest on the farm out of the 5 crop years 1973 through 1977.

"(3) APPRAISED YIELDS.—If peanuts were not produced on the farm in at least 3 years during the 5-year period or there was a substantial change in the operation of the farm during the period (including a change in operator, lessee who is an operator, or irrigation practices), the Secretary shall have a yield appraised for the farm. The appraised yield shall be that quantity determined to be fair and reasonable on the basis of yields established for similar farms that are located in the area of the farm and on which peanuts were produced, taking into consideration land, labor, and equipment available for the production of peanuts, crop rotation practices, soil and water, and other relevant factors.

"(d) REFERENDUM RESPECTING POUNDAGE QUOTAS.—

"(1) IN GENERAL.—Not later than December 15 of each calendar year, the Secretary shall conduct a referendum of producers engaged in the production of quota peanuts in the calendar year in which the referendum is held to determine whether the producers are in favor of or opposed to poundage quotas with respect to the crops of peanuts produced in the 5 calendar years immediately following the year in which the referendum is held, except that, if as many as two-thirds of the producers voting in any referendum vote in favor of poundage quotas, no referendum shall be held with respect to quotas for the second, third, fourth, and fifth years of the period.

"(2) PROCLAMATION.—The Secretary shall proclaim the result of the referendum within 30 days after the date on which it is held.

"(3) VOTE AGAINST QUOTAS.—If more than one-third of the producers voting in the referendum vote against quotas, the Secretary also shall proclaim that poundage quotas will not be

in effect with respect to the crop of peanuts produced in the calendar year immediately following the calendar year in which the referendum is held.

"(e) DEFINITIONS.—For the purposes of this part and title I of the Agricultural Act of 1949 (7 U.S.C. 1441 et seq.):

"(1) ADDITIONAL PEANUTS.—The term 'additional peanuts' means, for any marketing year—

"(A) any peanuts that are marketed from a farm for which a farm poundage quota has been established and that are in excess of the marketings of quota peanuts from the farm for the year; and

"(B) all peanuts marketed from a farm for which no farm poundage quota has been established in accordance with subsection (b).

"(2) CRUSHING.—The term 'crushing' means the processing of peanuts to extract oil for food uses and meal for feed uses, or the processing of peanuts by crushing or otherwise when authorized by the Secretary.

"(3) DOMESTIC EDIBLE USE.—The term 'domestic edible use' means use for milling to produce domestic food peanuts (other than those described in paragraph (2)) and seed and use on a farm, except that the Secretary may exempt from this definition seeds of peanuts that are used to produce peanuts excluded under section 359(c), are unique strains, and are not commercially available.

"(4) QUOTA PEANUTS.—The term 'quota peanuts' means, for any marketing year, any peanuts produced on a farm having a farm poundage quota, as determined in subsection (b), that—

"(A) are eligible for domestic edible use as determined by the Secretary;

"(B) are marketed or considered marketed from a farm; and

"(C) do not exceed the farm poundage quota of the farm for the year.

"(f) CROPS.—Notwithstanding any other provision of law, this section shall be effective only for the 1991 through 1995 crops of peanuts.".

SEC. 803. SALE, LEASE, OR TRANSFER OF FARM POUNDAGE QUOTA.

"(1) AUTHORITY.—Subject to such terms, conditions, or limitations as the Secretary may prescribe, the owner, or operator with the permission of the owner, of any farm for which a farm poundage quota has been established under this Act may sell or lease all or any part of the poundage quota to any other owner or operator of a farm within the same county for transfer to the farm, except that any such lease of poundage quota may be entered into in the fall or after the normal planting season—

"(A) if not less than 90 percent of the basic quota (the farm quota exclusive of undermarketings and temporary quota transfers), plus any poundage quota transferred to the farm under this subsection, has been planted or consid-

ered planted on the farm from which the quota is to be leased; and

"(B) under such terms and conditions as the Secretary may by regulation prescribe.

In the case of a fall transfer or a transfer after the normal planting season by a cash lessee, the landowner shall not be required to sign the transfer authorization. A fall transfer or a transfer after the normal planting season may be made not later than 72 hours after the peanuts that are the subject of the transfer are inspected and graded.

"(2) TRANSFERS TO OTHER SELF-OWNED FARMS.—The owner or operator of a farm may transfer all or any part of the farm poundage quota for the farm to any other farm owned or controlled by the owner or operator that is in the same county or in a county contiguous to the county in the same State and that had a farm poundage quota for the preceding year's crop. Any farm poundage quota transferred under this paragraph shall not result in any reduction in the farm poundage quota for the transferring farm if the transferred quota is produced or considered produced on the receiving farm.

"(3) TRANSFERS IN STATES WITH SMALL QUOTAS.—Notwithstanding paragraphs (1) and (2), in the case of any State for which the poundage quota allocated to the State was less than 10,000 tons for the preceding year's crop, all or any part of a farm poundage quota may be transferred by sale or lease or otherwise from a farm in one county to a farm in another county in the same State.

"(b) CONDITIONS.—Transfers (including transfer by sale or lease) of farm poundage quotas under this section shall be subject to all of the following conditions:

"(1) LIENHOLDERS.—No transfer of the farm poundage quota from a farm subject to a mortgage or other lien shall be permitted unless the transfer is agreed to by the lienholders.

"(2) TILLABLE CROPLAND.—No transfer of the farm poundage quota shall be permitted if the county committee established under section 8(b) of the Soil Conservation and Domestic Allotment Act (16 U.S.C. 590h(b)) determines that the receiving farm does not have adequate tillable cropland to produce the farm poundage quota.

"(3) RECORD.—No transfer of the farm poundage quota shall be effective until a record thereof is filed with the county committee of the county to which the transfer is made and the committee determines that the transfer complies with this section.

"(4) OTHER TERMS.—Such other terms and conditions that the Secretary may by regulation prescribe.

"(c) CROPS.—Notwithstanding any other provision of law, this section shall be effective only for the 1991 through 1995 crops of peanuts.".

SEC. 804. MARKETING PENALTIES; DISPOSITION OF ADDITIONAL PEANUTS.

The Agricultural Adjustment Act of 1938 is amended by inserting after section 359 the following new section:

7 USC 1359a.

"(a) MARKETING PENALTIES.—

"(1) IN GENERAL.—

"(A) MARKETING PEANUTS IN EXCESS OF QUOTA.—The marketing of any peanuts for domestic edible use in excess of the farm poundage quota for the farm on which the peanuts are produced shall be subject to penalty at a rate equal to 140 percent of the support price for quota peanuts for the marketing year in which the marketing occurs. The penalty shall not apply to the marketing of breeder or Foundation seed peanuts grown and marketed by a publicly owned agricultural experiment station (including a State operated seed organization) under such regulations as the Secretary may prescribe.

"(B) MARKETING YEAR.—For purposes of this section, the marketing year for peanuts shall be the 12-month period beginning August 1 and ending July 31.

Regulations.

"(C) MARKETING ADDITIONAL PEANUTS.—The marketing of any additional peanuts from a farm shall be subject to the same penalty unless the peanuts, in accordance with regulations established by the Secretary, are—

"(i) placed under loan at the additional loan rate in effect for the peanuts under section 108B of the Agricultural Act of 1949 and not redeemed by the producers;

"(ii) marketed through an area marketing association designated pursuant to section 108B(c)(1) of the Agricultural Act of 1949; or

"(iii) marketed under contracts between handlers and producers pursuant to subsection (f).

"(2) PAYER.—The penalty shall be paid by the person who buys or otherwise acquires the peanuts from the producer or, if the peanuts are marketed by the producer through an agent, the penalty shall be paid by the agent. The person or agent may deduct an amount equivalent to the penalty from the price paid to the producer.

"(3) FAILURE TO COLLECT.—If the person required to collect the penalty fails to collect the penalty, the person and all persons entitled to share in the peanuts marketed from the farm or the proceeds thereof shall be jointly and severally liable with such persons who failed to collect the penalty for the amount of the penalty.

"(4) APPLICATION OF QUOTA.—Peanuts produced in a calendar year in which farm poundage quotas are in effect for the marketing year beginning therein shall be subject to the quotas even though the peanuts are marketed prior to the date on which the marketing year begins.

"(5) FALSE INFORMATION.—If any producer falsely identifies, fails to accurately certify planted acres, or fails to account for the disposition of any peanuts produced on the planted acres, a quantity of peanuts equal to the greater of the farm's average or actual yield, as determined by the Secretary, times the planted acres, shall be deemed to have been marketed in violation of permissible uses of quota and additional peanuts. Any penalty

payable under this paragraph shall be paid and remitted by the producer.

"(6) UNINTENTIONAL VIOLATIONS.—The Secretary shall authorize, under such regulations as the Secretary shall issue, the county committees established under section 8(b) of the Soil Conservation and Domestic Allotment Act (16 U.S.C. 590h(b)) to waive or reduce marketing penalties provided for under this subsection in cases which the committees determine that the violations that were the basis of the penalties were unintentional or without knowledge on the part of the parties concerned. Regulations.

"(7) DE MINIMIS VIOLATIONS.—Errors in weight that do not exceed one-tenth of 1 percent in the case of any one marketing document shall not be considered to be marketing violations except in cases of fraud or conspiracy.

"(b) USE OF QUOTA AND ADDITIONAL PEANUTS.—

"(1) QUOTA PEANUTS.—Only quota peanuts may be retained for use as seed or for other uses on a farm. When peanuts are so retained, such retention shall be considered as marketings of quota peanuts, except that the Secretary may exempt from consideration as marketings of quota peanuts seeds of peanuts for the quantity involved that are used to produce peanuts excluded under section 359(c), are unique strains, and are not commercially available.

"(2) ADDITIONAL PEANUTS.—Additional peanuts shall not be retained for use on a farm and shall not be marketed for domestic edible use, except as provided in subsection (g).

"(3) SEED.—Except as provided in paragraph (1), seed for planting of any peanut acreage in the United States shall be obtained solely from quota peanuts marketed or considered marketed for domestic edible use.

"(c) MARKETING PEANUTS WITH EXCESS QUANTITY, GRADE, OR QUALITY.—On a finding by the Secretary that the peanuts marketed from any crop for domestic edible use by a handler are larger in quantity or higher in grade or quality than the peanuts that could reasonably be produced from the quantity of peanuts having the grade, kernel content, and quality of the quota peanuts acquired by the handler from the crop for the marketing, the handler shall be subject to a penalty equal to 140 percent of the loan level for quota peanuts on the quantity of peanuts that the Secretary determines are in excess of the quantity, grade, or quality of the peanuts that could reasonably have been produced from the peanuts so acquired.

"(d) HANDLING AND DISPOSAL OF ADDITIONAL PEANUTS.—

"(1) IN GENERAL.—Except as provided in paragraph (2), the Secretary shall require that the handling and disposal of additional peanuts be supervised by agents of the Secretary or by area marketing associations designated pursuant to section 108B(c)(1) of the Agricultural Act of 1949.

"(2) SUPERVISION BY NONHANDLERS.—

"(A) IN GENERAL.—Supervision of the handling and disposal of additional peanuts by a handler shall not be required under paragraph (1) if the handler agrees in writing, prior to any handling or disposal of the peanuts, to comply with regulations that the Secretary shall issue.

"(B) REGULATIONS.—The regulations issued by the Secretary under subparagraph (A) shall include the following provisions:

"(i) TYPES OF EXPORTED OR CRUSHED PEANUTS.—Handlers of shelled or milled peanuts may export or crush peanuts classified by type in all of the following quantities:

"(I) SOUND SPLIT KERNEL PEANUTS.—Sound split kernel peanuts purchased by the handler as additional peanuts to which, under price support loan schedules, a mandated deduction with respect to the price paid to the producer of the peanuts would be applied due to the percentage of the sound splits.

"(II) SOUND MATURE KERNEL PEANUTS.—Sound mature kernel peanuts (which term includes sound split kernel peanuts and sound whole kernel peanuts) in an amount equal to the poundage of the peanuts purchased by the handler as additional peanuts, less the total poundage of sound split kernel peanuts described in subclause (I).

"(III) REMAINDER.—The remaining quantity of total kernel content of peanuts purchased by the handler as additional peanuts.

"(ii) DOCUMENTATION.—Handlers shall ensure that any additional peanuts exported or crushed are evidenced by onboard bills of lading or other appropriate documentation as may be required by the Secretary, or both.

"(iii) LOSS OF PEANUTS.—If a handler suffers a loss of peanuts as a result of fire, flood, or any other condition beyond the control of the handler, the portion of the loss allocated to contracted additional peanuts shall not be greater than the portion of the handler's total peanut purchases for the year attributable to contracted additional peanuts purchased for export or crushing by the handler during the year.

"(iv) SHRINKAGE ALLOWANCE.—

"(I) IN GENERAL.—The obligation of a handler to export or crush peanuts in quantities described in this subparagraph shall be reduced by a shrinkage allowance, to be determined by the Secretary, to reflect actual dollar value shrinkage experienced by handlers in commercial operations, except that the allowance shall not be less than 4 percent, except as provided in subclause (II).

"(II) COMMON INDUSTRY PRACTICES.—The Secretary may provide a lower shrinkage allowance for a handler who fails to comply with restrictions on the use of peanuts, as may be specified by the Commodity Credit Corporation, to take into account common industry practices.

"(3) ADEQUATE FINANCES AND FACILITIES.—A handler shall submit to the Secretary adequate financial guarantees, as well as evidence of adequate facilities and assets, with the facilities under the control and operation of the handler, to ensure the handler's compliance with the obligation to export peanuts.

Regulations.

"(4) COMMINGLING OF LIKE PEANUTS.—Quota and additional peanuts of like type and segregation or quality may, under regulations issued by the Secretary, be commingled and ex-

changed on a dollar value basis to facilitate warehousing, handling, and marketing.

"(5) PENALTY.—

"(A) IN GENERAL.—Except as provided in subparagraph (B), the failure by a handler to comply with regulations issued by the Secretary governing the disposition and handling of additional peanuts shall subject the handler to a penalty at a rate equal to 140 percent of the loan level for quota peanuts on the quantity of peanuts involved in the violation.

"(B) NONDELIVERY.—A handler shall not be subject to a penalty for failure to export additional peanuts if the peanuts were not delivered to the handler.

"(6) REENTRY OF EXPORTED PEANUTS.—If any additional peanuts exported by a handler are reentered into the United States in commercial quantities as determined by the Secretary, the importer thereof shall be subject to a penalty at a rate equal to 140 percent of the loan level for quota peanuts on the quantity of peanuts reentered.

"(e) SPECIAL EXPORT CREDITS.— Regulations.

"(1) IN GENERAL.—The Secretary shall, with due regard for the integrity of the peanut program, promulgate regulations that will permit any handler of peanuts who manufactures peanut products from domestic edible peanuts to export the products and receive credit for the fulfillment of export obligations for the peanut content of the products against which the export credits the handler may thereafter apply, up to the amount thereof, equivalent quantities of additional peanuts of the same type acquired by the handler and used in the domestic edible market. The peanuts so acquired for the domestic edible market as provided in this subsection shall be of the same crop year as the peanuts used in the manufacture of the products so exported.

"(2) CERTIFICATION.—Under such regulations, the Secretary shall require all handlers who are peanut product manufacturers to submit annual certifications of peanut product content on a product-by-product basis. Any changes in peanut product formulas as affecting peanut content shall be recorded within 90 days of the changes. The Secretary shall conduct an annual review of the certifications. The Secretary shall pursue all available remedies with respect to persons who fail to comply with this paragraph.

"(3) RECORDS.—The Secretary shall require handlers who are peanut product manufacturers to maintain and provide such documents as are necessary to ensure compliance with this subsection and to maintain the integrity of the peanut program.

"(f) CONTRACTS FOR PURCHASE OF ADDITIONAL PEANUTS.—

"(1) IN GENERAL.—Handlers may, under such regulations as the Secretary may issue, contract with producers for the purchase of additional peanuts for crushing or export, or both.

"(2) SUBMISSION TO SECRETARY.—

"(A) CONTRACT DEADLINE.—Any such contract shall be completed and submitted to the Secretary (or if designated by the Secretary, the area marketing association) for approval not later than September 15 of the year in which the crop is produced.

"(B) EXTENSION OF DEADLINE.—The Secretary may extend the deadline under subparagraph (A) by up to 15 days in response to damaging weather or related condition (as defined in section 112 of the Disaster Assistance Act of 1989 (7 U.S.C. 1421 et seq.)). The Secretary shall announce the extension no later than September 5 of the year in which the crop is produced.

"(3) FORM.—The contract shall be executed on a form prescribed by the Secretary. The form shall require such information as the Secretary determines appropriate to ensure the proper handling of the additional peanuts, including the identity of the contracting parties, the poundage, and category of the peanuts, the disclosure of any liens, and the intended disposition of the peanuts.

"(4) INFORMATION FOR HANDLING AND PROCESSING ADDITIONAL PEANUTS.—Notwithstanding any other provision of this section, any person wishing to handle and process additional peanuts as a handler shall submit to the Secretary (or if designated by the Secretary, the area marketing association), such information as may be required under subsection (d) by such date as prescribed by the Secretary so as to permit final action to be taken on the application by July 1 of each marketing year.

"(5) TERMS.—Each such contract shall contain the final price to be paid by the handler for the peanuts involved and a specific prohibition against the disposition of the peanuts for domestic edible or seed use.

"(6) SUSPENSION OF RESTRICTIONS ON IMPORTED PEANUTS.—Notwithstanding any other provision of this Act, if the President issues a proclamation under section 22 of the Agricultural Adjustment Act (7 U.S.C. 624), reenacted with amendments by the Agricultural Marketing Agreement Act of 1937, temporarily suspending restrictions on the importation of peanuts, the Secretary shall, subject to such terms and conditions as the Secretary may prescribe, permit a handler, with the written consent of the producer, to purchase additional peanuts from any producer who contracted with the handler and to offer the peanuts for sale for domestic edible use.

"(g) MARKETING OF PEANUTS OWNED OR CONTROLLED BY THE COMMODITY CREDIT CORPORATION.—

"(1) IN GENERAL.—Subject to section 407 of the Agricultural Act of 1949 (7 U.S.C. 1427), any peanuts owned or controlled by the Commodity Credit Corporation may be made available for domestic edible use, in accordance with regulations issued by the Secretary, so long as doing so does not result in substantially increased cost to the Commodity Credit Corporation. Additional peanuts received under loan shall be offered for sale for domestic edible use at prices not less than those required to cover all costs incurred with respect to the peanuts for such items as inspection, warehousing, shrinkage, and other expenses, plus—

"(A) not less than 100 percent of the loan value of quota peanuts if the additional peanuts are sold and paid for during the harvest season on delivery by and with the written consent of the producer;

"(B) not less than 105 percent of the loan value of quota peanuts if the additional peanuts are sold after delivery by

the producer but not later than December 31 of the marketing year; or

"(C) not less than 107 percent of the loan value of quota peanuts if the additional peanuts are sold later than December 31 of the marketing year.

"(2) ACCEPTANCE OF BIDS BY AREA MARKETING ASSOCIATIONS.—

"(A) IN GENERAL.—Except as provided in subparagraph (B), for the period from the date additional peanuts are delivered for loan to March 1 of the calendar year following the year in which the additional peanuts were harvested, the area marketing association designated pursuant to section 108B(c)(1) of the Agricultural Act of 1949 shall have sole authority to accept or reject lot list bids when the sales price, as determined under this subsection, equals or exceeds the minimum price at which the Commodity Credit Corporation may sell its stocks of additional peanuts.

"(B) MODIFICATION.—The area marketing association and the Commodity Credit Corporation may agree to modify the authority granted by subparagraph (A) to facilitate the orderly marketing of additional peanuts.

"(3) PRODUCER MARKETING AND EXPENSES.—Notwithstanding any other provision of this Act, the Secretary shall, in any determination required under subsections (a)(2) and (b)(1) of section 108B of the Agricultural Act of 1949, include any additional marketing expenses required by law, excluding the amount of any assessment required under the Omnibus Budget Reconciliation Act of 1990.

"(h) ADMINISTRATION.—

"(1) INTEREST.—The person liable for payment or collection of any penalty provided for in this section shall be liable also for interest thereon at a rate per annum equal to the rate per annum of interest that was charged the Commodity Credit Corporation by the Treasury of the United States on the date the penalty became due.

"(2) DE MINIMIS QUANTITY.—This section shall not apply to peanuts produced on any farm on which the acreage harvested for nuts is one acre or less if the producers who share in the peanuts produced on the farm do not share in the peanuts produced on any other farm.

"(3) LIENS.—Until the amount of the penalty provided by this section is paid, a lien on the crop of peanuts with respect to which the penalty is incurred, and on any subsequent crop of peanuts subject to farm poundage quotas in which the person liable for payment of the penalty has an interest, shall be in effect in favor of the United States.

"(4) PENALTIES.—

"(A) PROCEDURES.—Notwithstanding any other provision of law, the liability for and the amount of any penalty assessed under this section shall be determined in accordance with such procedures as the Secretary by regulation may prescribe. The facts constituting the basis for determining the liability for or amount of any penalty assessed under this section, when officially determined in conformity with the applicable regulations prescribed by the Secretary, shall be final and conclusive and shall not be reviewable by any other officer or agency of the Government. Regulations.

"(B) JUDICIAL REVIEW.—Nothing in this section shall be construed as prohibiting any court of competent jurisdiction from reviewing any determination made by the Secretary with respect to whether the determination was made in conformity with the applicable law and regulations.

"(C) CIVIL PENALTIES.—All penalties imposed under this section shall for all purposes be considered civil penalties.

"(5) REDUCTION OF PENALTIES.—

"(A) IN GENERAL.—Notwithstanding any other provision of law and except as provided in subparagraph (B), the Secretary may reduce the amount of any penalty assessed against handlers under this section by any appropriate amount, including, in an appropriate case, eliminating the penalty entirely, if the Secretary finds that the violation on which the penalty is based was minor or inadvertent, and that the reduction of the penalty will not impair the operation of the peanut program.

"(B) FAILURE TO EXPORT CONTRACTED ADDITIONAL PEANUTS.—The amount of any penalty imposed on a handler under this section that resulted from the failure to export or crush contracted additional peanuts shall not be reduced by the Secretary.

"(i) CROPS.—Notwithstanding any other provision of law, this section shall be effective only for the 1991 through 1995 crops of peanuts.".

SEC. 805. EXPERIMENTAL AND RESEARCH PROGRAMS FOR PEANUTS.

"(b) QUANTITY.—The quantity of the quota allocated to an institution under this section shall not exceed the quantity of the quota held by each such institution during the 1985 crop year, except that the total quantity allocated to all institutions in a State shall not exceed 1/10 of 1 percent of the State's basic quota.

"(c) LIMITATION.—The director of the agricultural experiment station for a State shall be required to ensure, to the extent practicable, that farm operators in the State do not produce quota peanuts under subsection (a) in excess of the quantity needed for experimental and research purposes.

"(d) CROPS.—Notwithstanding any other provision of law, this section shall be effective only for the 1991 through 1995 crops of peanuts.".

SEC. 806. PRICE SUPPORT PROGRAM.

"(2) SUPPORT RATES.—The national average quota support rate for each of the 1991 through 1995 crops of quota peanuts shall be the national average quota support rate for the immediately preceding crop, adjusted to reflect any increase, during the calendar year immediately preceding the marketing year for the crop for which a level of support is being determined, in the national average cost of peanut production, excluding any change in the cost of land, except that in no event shall the national average quota support rate for any such crop exceed by more than 5 percent the national average quota support rate for the preceding crop.

"(3) INSPECTION, HANDLING, OR STORAGE.—The levels of support so announced shall not be reduced by any deductions for inspection, handling, or storage.

"(4) LOCATION AND OTHER FACTORS.—The Secretary may make adjustments for location of peanuts and such other factors as are authorized by section 403.

"(b) ADDITIONAL PEANUTS.—

"(1) IN GENERAL.—The Secretary shall make price support available to producers through loans, purchases, or other operations on additional peanuts for each of the 1991 through 1995 crops at such levels as the Secretary finds appropriate, taking into consideration the demand for peanut oil and peanut meal, expected prices of other vegetable oils and protein meals, and the demand for peanuts in foreign markets, except that the Secretary shall set the support rate on additional peanuts at a level estimated by the Secretary to ensure that there are no losses to the Commodity Credit Corporation on the sale or disposal of the peanuts.

"(2) ANNOUNCEMENT.—The Secretary shall announce the level of support for additional peanuts of each crop not later than February 15 preceding the marketing year for the crop for which the level of support is being determined.

"(c) AREA MARKETING ASSOCIATIONS.—

"(1) WAREHOUSE STORAGE LOANS.—

"(A) IN GENERAL.—In carrying out subsections (a) and (b), the Secretary shall make warehouse storage loans available

in each of the three producing areas (described in section 1446.95 of title 7 of the Code of Federal Regulations (January 1, 1989)) to a designated area marketing association of peanut producers that is selected and approved by the Secretary and that is operated primarily for the purpose of conducting the loan activities. The Secretary may not make warehouse storage loans available to any cooperative that is engaged in operations or activities concerning peanuts other than those operations and activities specified in this section and sections 359 and 359a of the Agricultural Adjustment Act of 1938.

"(B) ADMINISTRATIVE AND SUPERVISORY ACTIVITIES.—The area marketing associations shall be used in administrative and supervisory activities relating to price support and marketing activities under this section and sections 359 and 359a of the Agricultural Adjustment Act of 1938.

Bright hull and dark hull Valencia peanuts shall be considered as separate types for the purpose of establishing the pools.

"(B) NET GAINS.—Net gains on peanuts in each pool, unless otherwise approved by the Secretary, shall be distributed only to producers who placed peanuts in the pool and shall be distributed in proportion to the value of the peanuts placed in the pool by each producer. Net gains for peanuts in each pool shall consist of the following:

"(i) QUOTA PEANUTS.—For quota peanuts, the net gains over and above the loan indebtedness and other costs or losses incurred on peanuts placed in the pool plus an amount from all additional pool gains equal to any loss on disposition of all peanuts in the pool for quota peanuts.

"(ii) ADDITIONAL PEANUTS.—For additional peanuts, the net gains over and above the loan indebtedness and other costs or losses incurred on peanuts placed in the pool for additional peanuts less any amount allocated to offset any loss on the pool for quota peanuts as provided in clause (i).

"(d) LOSSES.—Notwithstanding any other provision of this section:

"(1) QUOTA PEANUTS PLACED UNDER LOAN.—Any distribution of net gains on additional peanuts (other than net gains on additional peanuts in separate type pools established under subsection (c)(2)(A) for Valencia peanuts produced in New Mexico)

shall be first reduced to the extent of any loss by the Commodity Credit Corporation on quota peanuts placed under loan.

"(2) QUOTA LOAN POOLS.—

"(A) TRANSFERS FROM ADDITIONAL LOAN POOLS.—The proceeds due any producer from any pool shall be reduced by the amount of any loss that is incurred with respect to peanuts transferred from an additional loan pool to a quota loan pool by such producer under section 358–1(b)(8) of the Agricultural Adjustment Act of 1938.

"(B) OTHER LOSSES.—Losses in area quota pools, other than losses incurred as a result of transfers from additional loan pools to quota loan pools under section 358–1(b)(8) of the Agricultural Adjustment Act of 1938, shall be offset by any gains or profits from pools in other production areas (other than separate type pools established under subsection (c)(2)(A) for Valencia peanuts produced in New Mexico) in such manner as the Secretary shall by regulation prescribe.

"(e) DISAPPROVAL OF QUOTAS.—Notwithstanding any other provision of law, no price support may be made available by the Secretary for any crop of peanuts with respect to which poundage quotas have been disapproved by producers, as provided for in section 358–1(d) of the Agricultural Adjustment Act of 1938.

"(f) QUALITY IMPROVEMENT.—

"(1) PRICE SUPPORT PEANUTS.—With respect to peanuts under price support loan, the Secretary shall—

"(A) promote the crushing of peanuts at a greater risk of deterioration before peanuts of a lesser risk of deterioration;

"(B) ensure that all Commodity Credit Corporation loan stocks of peanuts sold for domestic edible use must be shown to have been officially inspected by licensed Department of Agriculture inspectors both as farmer stock and shelled or cleaned in-shell peanuts;

"(C) continue to endeavor to operate the peanut price support program so as to improve the quality of domestic peanuts and ensure the coordination of activities under the Peanut Administrative Committee established under Marketing Agreement No. 146, regulating the quality of domestically produced peanuts (under the Agricultural Marketing Agreement Act of 1937 (7 U.S.C. 601 et seq.)); and

"(D) ensure that any changes made in the price support program as a result of this subsection requiring additional production or handling at the farm level shall be reflected as an upward adjustment in the Department of Agriculture loan schedule.

"(2) EXPORTS AND OTHER PEANUTS.—The Secretary shall require that all peanuts in the domestic market fully comply with all quality standards under Marketing Agreement No. 146. The Secretary shall ensure that peanuts produced for the export market meet quality standards established for the domestic market under Marketing Agreement No. 146.

"(g) SUPPLEMENTARY NONRECOURSE LOANS.—In the case of sugar beet producing areas in which sugar beets normally are harvested during the last 3 months of a fiscal year, the Secretary shall make available, to each borrower of a loan made and repaid under this section during the last 3 months of the fiscal year on sugar processed from sugar beets so harvested, a supplementary nonrecourse loan in addition to the initial loan. In each case, the supplementary loan shall—

"(1) be made available to the borrower as of the first day of the following fiscal year;

"(2) be made at the same loan rate as the initial loan; and

"(3) mature in 9 months less the amount of time that the initial loan was in effect.

"(h) USE OF COMMODITY CREDIT CORPORATION.—The Secretary shall use the funds, facilities, and authorities of the Commodity Credit Corporation to carry out this section.

"(i) CROPS.—This section shall be effective only for the 1991 through 1995 crops of sugar beets and sugarcane.".

SEC. 902. MARKETING ALLOTMENTS FOR SUGAR AND CRYSTALLINE FRUCTOSE.

Subtitle B of title III of the Agricultural Adjustment Act of 1938 (7 U.S.C. 1311 et seq.) is amended by adding at the end the following new part:

"PART VII—MARKETING QUOTAS—SUGAR AND CRYSTALLINE FRUCTOSE

"SEC. 359a. INFORMATION REPORTING. 7 USC 1359aa.

"(a) DUTY TO REPORT.—All cane sugar refiners and sugar beet processors and all manufacturers of crystalline fructose from corn (hereafter in this part referred to as 'crystalline fructose') shall furnish the Secretary, on a monthly basis, such information as the Secretary may require with respect to the person's importation,

distribution, and stock levels of sugar or crystalline fructose, respectively.

"(b) PENALTY.—Any person willfully failing or refusing to furnish the information, or furnishing willfully any false information, shall be subject to a civil penalty of not more than $10,000 for each such violation.

"(c) MONTHLY REPORTS.—Taking into consideration the information received under subsection (a), the Secretary shall publish on a monthly basis composite data on imports, distribution, and stock levels of sugar and crystalline fructose.

7 USC 1359bb.

"SEC. 359b. MARKETING ALLOTMENTS FOR SUGAR AND CRYSTALLINE FRUCTOSE.

"(a) SUGAR ESTIMATES.—

"(1) IN GENERAL.—Before the beginning of each of the fiscal years 1992 through 1996, the Secretary shall estimate—

"(A) the quantity of sugar that will be consumed in the customs territory of the United States during the fiscal year (other than sugar imported for purposes other than human consumption);

"(B) the quantity of sugar that will be available from carry-in stocks or from domestically-produced sugarcane and sugar beets for consumption in the United States during the year; and

"(C) the quantity of sugar that will be imported for consumption during the year (other than sugar imported for purposes other than human consumption), based on the difference between—

"(i) the quantity of estimated consumption; and

"(ii) the quantity of sugar estimated to be available from domestically-produced sugarcane and sugar beets and from carry-in stocks.

"(2) QUARTERLY REESTIMATES.—The Secretary shall make quarterly reestimates of sugar consumption, availability, and imports for a fiscal year no later than the beginning of each of the second through fourth quarters of the fiscal year.

"(b) SUGAR ALLOTMENTS.—

Imports.

"(1) IN GENERAL.—For any fiscal year in which the Secretary estimates, under subsection (a), that imports of sugar for consumption in the United States will be less than 1,250,000 short tons, raw value, the Secretary shall establish for that year appropriate allotments under section 359c for the marketing by processors of sugar processed from domestically-produced sugarcane and sugar beets in a manner that is fair, efficient, and equitable to producers, processors, and refiners, at a level that the Secretary estimates will result in imports of sugar of not less than 1,250,000 short tons, raw value, for that year.

"(2) PRODUCTS.—The Secretary may include products of sugar in the allotments under paragraph (1) if the Secretary determines it to be appropriate for purposes of this part.

"(c) CRYSTALLINE FRUCTOSE ALLOTMENTS.—For any fiscal year in which the Secretary establishes allotments for the marketing of sugar under section 359c, the Secretary shall establish for that year appropriate allotments for the marketing by manufacturers of crystalline fructose manufactured from corn, at a total level not to exceed the equivalent of 200,000 tons of sugar, raw value, during the

fiscal year, in a manner that is fair, efficient, and equitable to manufacturers.

"(d) PROHIBITIONS.—

"(1) SUGAR.—

"(A) EXCEEDING ALLOCATION.—At any time allotments are in effect and allocated to processors under section 359d, the total of—

"(i) the quantity of sugar marketed by a processor, plus

"(ii) the quantity of sugar pledged as collateral by the processor for a price support loan under section 206 of the Agricultural Act of 1949,

shall not exceed the quantity of the allocation of the allotment made to the processor.

"(B) EXCEPTIONS.—Subparagraph (A) shall not apply—

"(i) to the marketing during a fiscal year of sugar pledged in that fiscal year as collateral for a price support loan under section 206 of the Agricultural Act of 1949 after the sugar has been subsequently redeemed; or

"(ii) to any sale of sugar by a processor to another processor made to enable the other processor to fulfill the quantity of the allocation of the allotment made to the other processor.

"(2) CRYSTALLINE FRUCTOSE.—At any time crystalline fructose allotments are in effect for manufacturers under subsection (c), no manufacturer may market crystalline fructose in excess of the manufacturer's allotment. No restrictions or allotments shall be established on the marketings of any liquid fructose produced from corn.

"(3) CIVIL PENALTY.—Any processor who violates paragraph (1) or manufacturer who violates paragraph (2) shall be liable to the Commodity Credit Corporation for a civil penalty in an amount equal to 3 times the United States market value, at the time of the commission of the violation, of that quantity of sugar or crystalline fructose involved in the violation.

"(4) DEFINITION OF MARKET.—For purposes of this part, the term 'market' shall mean to sell or otherwise dispose of in commerce in the United States.

"SEC. 359c. ESTABLISHMENT OF MARKETING ALLOTMENTS. 7 USC 1359cc.

"(a) IN GENERAL.—The Secretary shall establish marketing allotments for sugar for any fiscal year in which the allotments are required under section 359b(b) in accordance with this section.

"(b) OVERALL ALLOTMENT QUANTITY.—

"(1) IN GENERAL.—The Secretary shall establish the overall quantity of sugar to be allotted for the fiscal year (hereafter in this part referred to as the 'overall allotment quantity') by deducting from the estimated sugar consumption for the fiscal year, as determined under section 359b(a)—

"(A) 1,250,000 short tons, raw value (representing minimum imports of sugar for consumption in the United States during the fiscal year); and

"(B) carry-in stocks of sugar, including sugar in Commodity Credit Corporation inventory.

(2) ADJUSTMENT.—The Secretary shall adjust the overall allotment quantity to the maximum extent practicable to prevent

the accumulation of sugar acquired by the Commodity Credit Corporation.

"(c) ALLOTMENT.—The overall allotment quantity for the fiscal year shall be allotted among—

"(1) sugar derived from sugar beets; and

"(2) sugar derived from sugarcane.

"(d) PERCENTAGE FACTORS.—

"(1) IN GENERAL.—The Secretary shall establish percentage factors for the overall beet sugar and cane sugar allotments applicable for a fiscal year. The Secretary shall establish the percentage factors in a fair and equitable manner on the basis of past marketings of sugar (considering for such purposes the marketings of sugar processed from sugarcane and sugar beets of any or all of the 1985 through 1989 crops), processing and refining capacity, and the ability of processors to market the sugar covered under the allotments.

Federal Register, publication.

"(2) PUBLICATION.—The Secretary shall publish these percentage factors in the Federal Register, along with a description of the Secretary's reasons for establishing the factors, as provided in section 359h(c).

"(e) MARKETING ALLOTMENT.—The marketing allotment for sugar derived from sugarcane and the marketing allotment for sugar derived from sugar beets for a fiscal year, in each case, shall be a quantity equal to the product of multiplying the overall allotment quantity for the fiscal year by the percentage factor established by the Secretary under subsection (d)(1) for the allotment.

"(f) STATE SUGARCANE ALLOTMENT.—The allotment for sugar derived from sugarcane shall be further allotted among the 5 States in the United States in which sugarcane is produced in a fair and equitable manner on the basis of past marketings of sugar (considering for such purposes the average of marketings of sugar processed from sugarcane in the 2 highest years of production from each State from the 1985 through 1989 crops), processing capacity, and the ability of processors to market the sugar covered under the allotments.

"(g) ADJUSTMENT OF MARKETING ALLOTMENTS.—

"(1) IN GENERAL.—The Secretary shall, based on reestimates under section 359b(a)(2), adjust upward or downward marketing allotments established under subsections (a) through (f) in a fair and equitable manner, or suspend the allotments, as the Secretary determines appropriate, to reflect changes in estimated sugar consumption, availability, or imports.

"(2) ALLOCATION TO PROCESSORS.—In the case of any increase or decrease in an allotment, each allocation to a processor of the allotment under section 359d, and each proportionate share established with respect to the allotment under section 359f(b), shall be increased or decreased by the same percentage that the allotment is increased or decreased.

"(3) REDUCTIONS.—Whenever a marketing allotment for a fiscal year is required to be reduced during the fiscal year under this paragraph—

"(A) if the quantity of the sugar marketed, including sugar pledged as collateral for a price support loan under section 206 of the Agricultural Act of 1949, for the fiscal year at the time of the reduction under the allotment by all processors covered by the allotment exceeds the reduced

allotment, the quantity of the excess sugar marketed shall be deducted—

"(i) if beet sugar is involved, from the marketing allotment, if any, next established for beet sugar; or

"(ii) if cane sugar is involved, from the marketing allotment next established for the State; and

"(B) if the quantity of sugar marketed, including sugar pledged as collateral for a price support loan under section 206 of the Agricultural Act of 1949, for the fiscal year at the time of the reduction by any individual processor covered by the allotment exceeds the processor's reduced allocation, the quantity of the excess sugar marketed shall be deducted from the allocation of an allotment, if any, next established for the processor.

"(h) FILLING SUGARCANE AND SUGAR BEET ALLOTMENTS.—Except as otherwise provided in section 359e, each marketing allotment of sugarcane established under this section may only be filled with sugar processed from domestically grown sugarcane, and each marketing allotment of sugar beets established under this section may only be filled with sugar processed from domestically grown sugar beets.

"SEC. 359d. ALLOCATION OF MARKETING ALLOTMENTS. 7 USC 1359dd.

"(a) IN GENERAL.—

"(1) ALLOCATION TO PROCESSORS.—Whenever marketing allotments are established for a fiscal year under section 359c, in order to afford all interested persons an equitable opportunity to market sugar under an allotment, the Secretary shall allocate each such allotment among the processors covered by the allotment.

"(2) HEARING AND NOTICE.—

"(A) CANE SUGAR.—The Secretary shall make allocations for cane sugar after such hearing and on such notice as the Secretary by regulation may prescribe, in such manner and in such quantities as to provide a fair, efficient, and equitable distribution of the allocations by taking into consideration processing capacity, past marketings of sugar, and the ability of each processor to market sugar covered by that portion of the allotment allocated. Each such allocation shall be subject to adjustment under section 359c(g).

"(B) BEET SUGAR.—The Secretary shall make allocations for beet sugar after such hearing and on such notice as the Secretary by regulation may prescribe, in such manner and in such quantities as to provide a fair, efficient, and equitable distribution of the allocations by taking into consideration processing capacity, past marketings of sugar (considering for the purposes the marketings of sugar processed from sugar beets of any or all of the 1985 through 1989 crops), and the ability of each processor to market sugar covered by that portion of the allotment allocated. Each such allocation shall be subject to adjustment under section 359c(g).

"(b) FILLING CANE SUGAR ALLOTMENTS.—Except as otherwise provided in section 359e, the marketing allotment established for cane sugar under this part for a fiscal year may be filled only with sugar processed from sugarcane grown in the State covered by the allotment.

7 USC 1359ee.

"SEC. 359e. ASSIGNMENTS OF DEFICITS.

"(a) ESTIMATES OF MARKETING.—At any time allotments are in effect under this part, the Secretary, from time to time, shall determine whether (in view of then-current inventories of sugar, the estimated production of sugar and expected marketings, and other pertinent factors) processors of sugarcane in each State covered by an allotment will be able to market the sugar covered by the allotment applicable to them and whether processors of sugar beets will be able to market sugar covered by the portion of the beet sugar allotment applicable to them.

"(b) REASSIGNMENT OF DEFICITS.—

"(1) CANE SUGAR.—If the Secretary determines that the sugarcane processors subject to a State allotment will be unable to market the State's allotment for the fiscal year—

"(A) the Secretary first shall reassign the estimated quantity of the deficit proportionately to the allocations for other processors within that State;

"(B) if after the reassignments the deficit cannot be completely eliminated, the Secretary shall reassign the estimated quantity of the deficit proportionately to the allotments for other cane sugar States, depending on the capacity of each other State to fill the portion of the deficit to be assigned to it, with the reassigned quantity to each State to be allocated among processors in that State in proportion to the allocations of the processors; and

Imports.

"(C) if after the reassignments, the deficit cannot be completely eliminated, the Secretary shall reassign the remainder to imports.

"(2) BEET SUGAR.—If the Secretary determines that a sugar beet processor subject to an allotment will be unable to market that allotment—

"(A) the Secretary first shall reassign the estimated quantity of the deficit proportionately to the allotments for other sugar beet processors, depending on the capacity of each other processor to fill the portion of the deficit to be assigned to it; and

"(B) if after the reassignments, the deficit cannot be completely eliminated, the Secretary shall reassign the remainder to imports.

"(3) CORRESPONDING INCREASE.—The allocation of each processor receiving a reassigned quantity of an allotment under this subsection for a fiscal year shall be increased to reflect the reassignment.

7 USC 1359ff.

"SEC. 359f. PROVISIONS APPLICABLE TO PRODUCERS.

"(a) PROCESSOR ASSURANCES.—Whenever allotments for a fiscal year are allocated to processors under section 359d, the Secretary shall obtain from the processors such assurances as the Secretary considers adequate that the allocation will be shared among producers served by the processor in a fair and equitable manner that adequately reflects producers' production histories. Any dispute between a processor and a producer, or group of producers, with respect to the sharing of the processor's allocation shall be resolved through arbitration by the Secretary on the request of either party.

"(b) PROPORTIONATE SHARES OF CERTAIN ALLOTMENTS.—

"(1) IN GENERAL.—

"(A) STATES AFFECTED.—In any case in which a State allotment is established under section 359c(f) and there are in excess of 250 producers in such State, the Secretary shall make a determination under subparagraph (B).

"(B) DETERMINATION.—The Secretary shall determine, for each State allotment described in subparagraph (A), whether the production of sugar, in the absence of proportionate shares, will be greater than the quantity needed to enable processors to fill the allotment and provide a normal carryover inventory.

"(2) ESTABLISHMENT OF PROPORTIONATE SHARES.—If the Secretary determines under paragraph (1) that the quantity of sugar processed from all crops by all processors covered by a State allotment for a fiscal year will be in excess of the quantity needed to enable processors to fill the allotment for the fiscal year and provide a normal carryover inventory, the Secretary shall establish proportionate shares for the crop of sugarcane that is harvested during the fiscal year the allotment is in effect as provided in this subsection. Each such proportionate share shall be subject to adjustment under section 359c(g).

"(3) METHOD OF DETERMINING.—For purposes of determining proportionate shares for any crop of sugarcane:

"(A) The Secretary shall establish the State's per-acre yield goal for a crop at a level (not less than the average per-acre yield in the State for the preceding 5 years, as determined by the Secretary) that will ensure an adequate net return per pound to producers in the State, taking into consideration any available production research data that the Secretary deems relevant.

"(B) The Secretary shall convert the State allotment for the fiscal year involved into a State acreage allotment for the crop by dividing the State allotment by the per-acre yield goal for the State, as established under subparagraph (A).

"(C) The Secretary shall establish a uniform reduction percentage for the crop by dividing the State acreage allotment, as determined for the crop under subparagraph (B), by the sum of all acreage bases in the State, as determined by the Secretary, that the Secretary estimates would otherwise be harvested for the production of the crop of sugarcane.

"(D) The uniform reduction percentage for the crop, as determined under subparagraph (C), shall be applied to the acreage base for each farm covered by the State allotment to determine the farm's proportionate share for the crop.

"(4) ACREAGE BASE.—For purposes of this subsection, the acreage base for each sugarcane-producing farm shall be determined by the Secretary, as follows:

"(A) The acreage base for any crop shall be the number of acres that is equal to the average of the acreage planted and considered planted for harvest for sugar or seed on the farm in each of the 5 crop years preceding the crop year.

"(B) Acreage that producers on a farm were unable to harvest to sugarcane for sugar or seed because of drought, flood, other natural disaster, or other condition beyond the control of the producers shall be considered as harvested to sugarcane for sugar or seed for purposes of this paragraph.

"(5) VIOLATION.—

"(A) IN GENERAL.—Whenever proportionate shares are in effect in a State for a crop of sugarcane, no producer in the State knowingly may harvest for sugar or seed an acreage of sugarcane of the crop in excess of the farm's proportionate share for the crop or otherwise violate proportionate share regulations issued by the Secretary under section 359h(a).

"(B) CIVIL PENALTY.—Any producer who violates subparagraph (A) shall be liable to the Commodity Credit Corporation for a civil penalty in an amount equal to 3 times the United States market value, at the time of the commission of the violation, of that quantity of sugar involved in the violation. The quantity of sugar involved shall be determined based on the per-acre yield goal established under paragraph (3).

"(6) WAIVER.—Notwithstanding the preceding subparagraph, the Secretary may authorize the county and State committees established under section 8(b) of the Soil Conservation and Domestic Allotment Act (16 U.S.C. 590h(b)) to waive or modify deadlines and other proportionate share requirements in cases in which lateness or failure to meet the other requirements does not affect adversely the operation of proportionate shares.

7 USC 1359gg.

"SEC. 359g. SPECIAL RULES.

"(a) TRANSFER OF PRODUCTION HISTORY.—For the purpose of establishing proportionate shares for producers under section 359f, the Secretary, on application of any producer, may transfer the production history of land owned, operated, or controlled by the producers to any other parcels of land of the applicant.

"(b) RESERVATION OF PRODUCTION HISTORY.—If for reasons beyond the control of an owner of a farm, the owner is unable to use all or a portion of the proportionate share established for the farm under section 359f, the Secretary may reserve for a period of not more than 3 consecutive years the production history of the farm to the extent of the proportionate share involved. The proportionate share may be redistributed to other farm owners or operators, but no production history shall accrue to the other farm owners or operators, by virtue of the redistribution of the proportionate share so redistributed.

"(c) REVISIONS OF ALLOCATIONS AND PROPORTIONATE SHARES.—The Secretary, after such hearing and notice as the Secretary by regulation may prescribe, may revise or amend any allocation of a marketing allotment under section 359d, or any proportionate share established for a farm under section 359f, on the same basis as the initial allocation or proportionate share was established.

7 USC 1359hh.

"SEC. 359h. REGULATIONS; VIOLATIONS; PUBLICATION OF SECRETARY'S DETERMINATIONS; JURISDICTION OF THE COURTS; UNITED STATES ATTORNEYS.

"(a) REGULATIONS.—

"(1) IN GENERAL.—The Secretary shall issue such regulations as may be necessary to carry out the authority vested in the Secretary in administering the marketing allotment program under this part.

"(2) PRIOR CONSULTATIONS REQUIRED.—In addition to taking such other action as may be required under section 551 through 559 of title 5, United States Code, prior to proposing any regula-

tions under paragraph (1), the Secretary shall consult with representatives of domestic sugar processors and producers with regard to ensuring that the regulations achieve the objectives of this part. The results of the consultations shall be published in the Federal Register, along with the proposed regulations.

Federal Register, publication.

"(b) VIOLATION.—Any person knowingly violating any regulation of the Secretary issued under subsection (a) shall be subject to a civil penalty of not more than $5,000 for each violation.

"(c) PUBLICATION IN FEDERAL REGISTER.—Each determination issued by the Secretary to establish, adjust, or suspend allotments under this part shall be promptly published in the Federal Register and shall be accompanied by a statement of the reasons for the determination.

"(d) JURISDICTION OF COURTS; UNITED STATES ATTORNEYS.—

"(1) *JURISDICTION OF COURTS.*—The several district courts of the United States are vested with jurisdiction specifically to enforce, and to prevent and restrain any person from violating, this part or any regulation issued thereunder.

"(2) UNITED STATES ATTORNEYS.—Whenever the Secretary shall so request, it shall be the duty of the several United States attorneys, in their respective districts, to institute proceedings to enforce the remedies and to collect the penalties provided for in this part. The Secretary may elect not to refer to a United States attorney any violation of this part or regulation when the Secretary determines that the administration and enforcement of this part would be adequately served by written notice or warning to any person committing the violation.

"(e) NONEXCLUSIVITY OF REMEDIES.—The remedies and penalties provided for in this part shall be in addition to, and not exclusive of, any remedies or penalties existing at law or in equity.

"SEC. 359i. APPEALS.

7 USC 1359ii.

"(b) PROCEDURE.—

"(1) NOTICE OF APPEAL.—Any such appeal shall be taken by filing with the Secretary, within 20 days after the decision complained of is effective, notice in writing of the appeal and a statement of the reasons therefor. Unless a later date is specified by the Secretary as part of the Secretary's decision, the decision complained of shall be considered to be effective as of the date on which announcement of the decision is made. The Secretary shall deliver a copy of any notice of appeal to each person shown by the records of the Secretary to be adversely affected by reason of the decision appealed, and shall at all times thereafter permit any such person to inspect and make copies of appellant's reasons for the appeal and shall on application permit the person to intervene in the appeal.

"(2) HEARING.—The Secretary shall provide each appellant an opportunity for a hearing. The Secretary shall appoint an administrative law judge to conduct a hearing on the record on each appeal under this section. In all other respects, each appeal under this section shall be subject to sections 551 through 559, and 701 through 706, of title 5, United States Code.

"(1) IN GENERAL.—The Secretary shall provide for the establishment and maintenance of crop acreage bases for each program crop, including any program crop produced under an established practice of double cropping.

"(2) LIMITATION.—The sum of the crop acreage bases on the farm may not exceed the cropland on the farm, except to the extent there is an established practice of double cropping on the farm.

"(3) DEFINITION OF DOUBLE CROPPING.—As used in this subsection, the term 'double cropping' means a farming practice, as defined by the Secretary, that has been carried out on a farm during at least 3 of the 5 crop years immediately preceding the crop year for which the crop acreage base for the farm is established.

"(b) CALCULATION.—

"(1) IN GENERAL.—Except as provided in paragraph (2), the crop acreage base for each program crop for a farm for a crop year shall be the number of acres that is equal to the average of the acreage planted and considered planted to the program crop for harvest on the farm in each of the 5 crop years preceding the crop year.

"(2) COTTON AND RICE.—

"(A) IN GENERAL.—In the case of upland cotton and rice, except as provided in subparagraph (B), the crop acreage base for such crop shall be equal to the average of the acreage planted and considered planted to such crop for harvest on the farm in each of the 3 crop years preceding such crop year.

"(B) EXCEPTION.—

"(i) 1991 CROPS.—In the case of each of the 1991 crops of upland cotton and rice, if the producers on a farm did not participate in the production adjustment program established for the 1989 and 1990 crops of upland cotton and rice, respectively, the crop acreage base for the 1991 crop shall be equal to the average of the acreage planted and considered planted to such crop for harvest on the farm in each of the 5 crop years preceding the 1991 crop year, excluding all crop years in which planted and considered planted acreage was not established for the farm. Any crop acreage base established in accordance with this subparagraph shall not exceed a number of acres equal to the average of the acreage planted and considered planted to such crop for harvest on the farm in each of the 2 crop years preceding the 1991 crop year.

"(ii) 1992 CROPS.—In the case of each of the 1992 crops of upland cotton and rice, if the producers on a farm did not participate in the production adjustment program established for the 1990 and 1991 crops of upland cotton and rice, respectively, the crop acreage base for the 1992 crop shall be equal to the average of the acreage planted and considered planted to such crop for harvest on the farm in each of the 5 crop years preceding the 1992 crop year, excluding all crop years in which planted and considered planted acreage was not established for the farm. Any crop acreage base established in accordance with this subparagraph shall not exceed a number of acres equal to the average of the acreage planted and considered planted to such crop for harvest on the farm in each of the 2 crop years preceding the 1992 crop year.

"(c) ACREAGE CONSIDERED PLANTED.—For purposes of this Act, acreage considered planted to a program crop shall consist of—

"(1) any reduced acreage and diverted acreage on the farm;

"(2) any acreage on the farm that producers were prevented from planting to the crop because of drought, flood, or other natural disaster, or other condition beyond the control of the producers;

"(3) acreage in an amount equal to the difference between the permitted acreage for a program crop and the acreage planted to the crop, if the acreage considered to be planted is devoted to conservation uses or the production of commodities permitted by the Secretary under the 0/92 or 50/92 programs established for any of the 1991 through 1995 crops of wheat, feed grains, upland cotton, and rice established under sections 107B(c)(1)(E), 105B(c)(1)(E), 103B(c)(1)(D), and 101B(c)(1)(D), respectively;

"(4) acreage in an amount equal to the difference between the permitted acreage for a program crop and the acreage planted to the crop, if the acreage considered to be planted is devoted to the production of commodities in accordance with section 504;

"(5) any acreage on the farm that the Secretary determines is necessary to be included in establishing a fair and equitable crop acreage base;

"(6) the crop acreage base for the crop, if producers on the farm forgo receiving any payments under the program estab-

lished under title I for the crop and certify that no acreage on the farm was planted to—

"(A) the crop; or

"(B) any fruit or vegetable crop (including potatoes and dry edible beans) not designated as an industrial or experimental crop by the Secretary, in excess of normal plantings; and

"(7) any acreage on the farm for which the crop acreage base for the crop on the farm was adjusted because of a condition or occurrence beyond the control of the producer pursuant to subsection (h).

"(d) CONSTRUCTION OF PLANTING HISTORY.—For the purpose of determining the crop acreage base for the 1991 and subsequent crop years for any farm, the county committee, in accordance with regulations prescribed by the Secretary, may construct a planting history for such crop if—

"(1) planting records for such crop for any of the 5 crop years preceding such crop year are incomplete or unavailable; or

"(2) during at least one but not more than 4 of the 5 crop years preceding such crop year, the program crop was not produced on the farm.

"(e) CROP ROTATION AND OTHER FACTORS.—The Secretary shall make adjustments to reflect crop rotation practices and to reflect such other factors as the Secretary determines should be considered in determining a fair and equitable crop acreage base, including adjustments necessary to enable producers to meet the requirements of title XII of the Food Security Act of 1985 (16 U.S.C. 3801 et seq.).

"(f) PREVENTED PLANTING.—If a county committee determines, in accordance with regulations prescribed by the Secretary, that the occurrence of a natural disaster or other similar condition beyond the control of the producer prevented the planting of a program crop on any farm within the county (or substantially destroyed any such program crop after it had been planted but before it had been harvested), the producer may plant any other crop, including any other program crop, on the acreage of such farm that, but for the occurrence of such disaster or other condition, would have been devoted to the production of a program crop. For purposes of determining the crop acreage base, any acreage on the farm on which a substitute crop, including any program crop, is planted under this subsection shall be taken into account as if such acreage had been planted to the program crop for which the other crop was substituted.

"(g) SUBSEQUENT CROP YEARS.—A producer who is eligible to receive a deficiency payment for any program crop or crop of extra long staple cotton in any crop year with respect to a farm may not use the acreage planted or considered planted to any program crop or crop of extra long staple cotton on the farm in the crop year to increase any crop acreage base established for the farm in a subsequent crop year.

"(h) ADJUSTMENT OF BASES.—The county committee, in accordance with regulations prescribed by the Secretary, may adjust any crop acreage base for any program crop for any farm if the crop acreage base for the crop on the farm would otherwise be adversely affected by a condition or occurrence beyond the control of the producer.

7 USC 1464.

"SEC. 504. PLANTING FLEXIBILITY.

"(a) IN GENERAL.—The producers on a farm may, in accordance with this section, plant for harvest on the crop acreage base established for a program crop a commodity, other than the specific program crop, without suffering a reduction in the crop acreage base as a result of the production.

"(b) SPECIFIED COMMODITIES.—

"(1) PERMITTED CROPS.—Except as provided in paragraph (2), for purposes of this section, the commodities that may be planted for harvest on a crop acreage base are—

"(A) any program crop;

"(B) any oilseed;

"(C) any industrial or experimental crop designated by the Secretary; and

"(D) any other crop, except any fruit or vegetable crop (including potatoes and dry edible beans) not designated by the Secretary as—

"(i) an industrial or experimental crop; or

"(ii) a crop for which no substantial domestic production or market exists.

"(2) LIMITATION.—For purposes of this section, the Secretary may, at the discretion of the Secretary, prohibit the planting on a crop acreage base of any crop specified in paragraph (1).

"(3) NOTIFICATION.—With regard to commodities that may be planted pursuant to this subsection, the Secretary shall make a determination in each crop year of the commodities that may not be planted pursuant to this subsection and shall make available a list of the commodities.

"(c) LIMITATION ON ACREAGE.—

"(1) IN GENERAL.—Except as provided in paragraph (2), the quantity of the crop acreage base that may be planted to a commodity, other than the specific program crop, under this section may not exceed 25 percent of the crop acreage base.

"(2) EXCEPTION FOR SOYBEANS.—If on January 1 of any calendar year the Secretary estimates that the national average price of soybeans during the following marketing year for soybeans would be less than 105 percent of the nonrecourse loan level for soybeans established in section 205 if soybeans were allowed to be planted on up to 25 percent of the crop acreage base under this section, the quantity of the crop acreage base that may be planted to soybeans under this section may not exceed 15 percent of the crop acreage base.

"(d) PLANTINGS IN EXCESS OF PERMITTED ACREAGE.—Notwithstanding any other provision of this Act, producers of a program crop who are participating in the production adjustment program for that program crop under this Act shall be allowed to plant that program crop in a quantity that exceeds the permitted acreage for that crop without losing their eligibility for loans, purchases, or payments with respect to that crop under this Act if—

"(1) the acreage planted to the program crop on the farm in excess of the permitted acreage does not exceed 25 percent of the crop acreage bases on the farm for other program crops; and

"(2) the producer agrees to a reduction in permitted acreage for the other program crops produced on the farm by a quantity equal to the overplanting.

"(e) LOAN ELIGIBILITY.—

"(1) IN GENERAL.—Producers of a specific program crop (referred to in this subsection as the 'original program crop') who plant for harvest on the crop acreage base established for such original program crop another program crop in accordance with this section and who are not participants in the program established for such other program crop shall be eligible to receive loans, purchases, or loan deficiency payments for such other program crop on the same terms and conditions as are provided to participants in a production adjustment program established for such other program crop.

"(2) REQUIREMENTS.—Producers shall be eligible to receive loans, purchases, or loan deficiency payments under this subsection if the producers—

"(A) plant such other program crop in an amount that does not exceed 25 percent of the crop acreage base established for the original program crop; and

"(B) agree to a reduction in the permitted acreage for the original program crop for the particular crop year.

"SEC. 505. FARM PROGRAM PAYMENT YIELDS. 7 USC 1465.

"(a) ESTABLISHMENT.—The Secretary shall provide for the establishment of a farm program payment yield for each farm for each program crop for each crop year in accordance with subsection (b) or (c).

"(b) FARM PROGRAM PAYMENT YIELDS BASED ON 1990 CROP YEAR.—

"(1) IN GENERAL.—If the Secretary determines that farm program payment yields shall be established in accordance with this subsection, except as provided in paragraphs (2) and (3), the farm program payment yield for each of the 1991 through 1995 crop years shall be the farm program payment yield for the 1990 crop year for the farm.

"(2) ADDITIONAL YIELD PAYMENTS.—In the case of each of the 1991 through 1995 crop years for a commodity, if the farm program payment yield for a farm is reduced more than 10 percent below the farm program payment yield for the 1985 crop year, the Secretary shall make available to producers established price payments for the commodity in such amount as the Secretary determines is necessary to provide the same total return to producers as if the farm program payment yield had not been reduced more than 10 percent below the farm program payment yield for the 1985 crop year. The payments shall be made available not later than the time final deficiency payments are made.

"(3) NO CROP OR YIELD AVAILABLE.—If no crop of the commodity was produced on the farm or no farm program payment yield was established for the farm for any of the 1981 through 1985 crop years (or, as appropriate, the 1986 through 1990 crop years), the farm program payment yield shall be established on the basis of the average farm program payment yield for the crop years for similar farms in the area.

"(4) NATIONAL, STATE, OR COUNTY YIELDS.—If the Secretary determines the action is necessary, the Secretary may establish national, State, or county program payment yields on the basis of—

"(A) historical yields, as adjusted by the Secretary to correct for abnormal factors affecting the yields in the historical period; or

"(B) the Secretary's estimate of actual yields for the crop year involved if historical yield data is not available.

"(5) BALANCING YIELDS.—If national, State, or county program payment yields are established, the farm program payment yields shall balance to the national, State, or county program payment yields.

"(c) DETERMINATION OF YIELDS.—

"(1) ACTUAL YIELDS.—With respect to the 1991 and subsequent crop years, the Secretary may—

"(A) establish the farm program payment yield as provided in subsection (a); or

"(B) establish a farm program payment yield for any program crop for any farm on the basis of the average of the yield per harvested acre for the crop for the farm for each of the 5 crop years immediately preceding the crop year, excluding the crop year with the highest yield per harvested acre, the crop year with the lowest yield per harvested acre, and any crop year in which such crop was not planted on the farm.

"(2) PRIOR YIELDS.—For purposes of the preceding sentence, the farm program payment yield for the 1986 crop year and the actual yield per harvested acre with respect to the 1987 and subsequent crop years shall be used in determining farm program payment yields.

"(3) REDUCTION LIMITATION.—Notwithstanding any other provision of this paragraph, for purposes of establishing a farm program payment yield for any program crop for any farm for the 1991 and subsequent crop years, the farm program payment yield for the 1986 crop year may not be reduced more than 10 percent below the farm program payment yield for the farm for the 1985 crop year.

"(4) ADJUSTMENT OF YIELDS.—The county committee, in accordance with regulations prescribed by the Secretary, may adjust any farm program payment yield for any program crop for any farm if the farm program payment yield for the crop on the farm does not accurately reflect the productive potential of the farm.

"(d) ASSIGNMENT OF YIELDS.—In the case of any farm for which the actual yield per harvested acre for any program crop referred to in subsection (c) for any crop year is not available, the county committee may assign the farm a yield for the crop for the crop year on the basis of actual yields for the crop for the crop year on similar farms in the area.

"(e) ACTUAL YIELD DATA.—

"(1) PROVISION.—The Secretary shall, under such terms and conditions as the Secretary may prescribe, allow producers to provide to county committees data with respect to the actual yield for each farm for each program crop.

"(2) MAINTENANCE.—The Secretary shall maintain the data for at least 5 crop years after receipt in a manner that will permit the data to be used, if necessary, in the administration of the commodity programs.

"(3) NOTIFICATION.—The Secretary shall provide timely notification to producers of the provisions of this subsection.

"SEC. 506. PLANTING AND PRODUCTION HISTORY OF FARMS. 7 USC 1466.

"Each county committee, in accordance with regulations prescribed by the Secretary, may require any producer who seeks to establish a crop acreage base or farm program payment yield for a farm for a crop year to provide planting and production history of the farm for each of the 5 crop years immediately preceding the crop year.

"SEC. 507. ESTABLISHMENT OF BASES AND YIELDS BY COUNTY COMMITTEES. 7 USC 1467.

"Each county committee may, in accordance with regulations prescribed by the Secretary, provide for the establishment of a crop acreage base, and farm program payment yield with respect to any farm administratively located within the county if the crop acreage base or farm program payment yield cannot otherwise be established under this title. The crop acreage bases and farm program payment yields shall be established in a fair and equitable manner, but no such bases or farm program payment yields shall be established for a farm if the producer on the farm is subject to sanctions under any provision of Federal law for cultivating highly erodible land or converted wetland.

"SEC. 508. APPEALS. 7 USC 1468.

"The Secretary shall establish an administrative appeal procedure that provides for an administrative review of determinations made with respect to crop acreage bases and farm program payment yields.

"SEC. 509. CROPS. 7 USC 1469.

"Notwithstanding any other provision of law, this title shall be effective only for the 1991 through 1995 program crops.".

(A) shall not charge an annual interest rate for any delinquent refund for the advance deficiency payment in excess of prevailing rates for operating loans made by Farm Credit System institutions;

(B) shall not withhold, in each of the 3 succeeding crop years, more than ⅓ of the farm program payments otherwise due to the producers, as a result of any delinquency in providing the refund; and

(C) shall permit the producers to make the refund in three equal installments during each of the crop years 1990, 1991, and 1992, if the producers enter into an agreement to obtain multiperil crop insurance for each of the crop years, to the extent that the Secretary determines is similar to section 107 of the Disaster Assistance Act of 1989 (7 U.S.C. 1421 et seq.).

(2) APPLICATION.—This subparagraph shall apply if—

Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.); and

of wheat and feed grains if the Secretary determines that such action is in the public interest as a result of the imposition of restrictions on the export of any such commodity by the President or other member of the executive branch of the Federal Government. To carry out effectively an acreage limitation program authorized under this section, the Secretary may make such modifications and adjustments in such program as the Secretary determines necessary because of any delay in instituting such program.".

"(1) the number of acres so affected but not to exceed the acreage planted to peanuts, soybeans, sugar beets, or sugarcane for harvest (including any acreage that the producers were prevented from planting to the commodity or to other nonconserving crops in lieu of peanuts, soybeans, sugar beets, or sugarcane because of drought, flood or other natural disaster, or other condition beyond the control of the producers) in the immediately preceding year; by

"(c) ADJUSTMENTS.—The Secretary may make such adjustments in the amount of payments made available under this paragraph with respect to an individual farm so as to assure the equitable allotment of the payments among producers, taking into account other forms of Federal disaster assistance provided to the producers for the crop involved.

Beginning with the 1991 crop, the quality differences (premiums and discounts for quality factors) for the upland cotton loan program shall be established by the Secretary by giving equal weight to (1) loan differences for the preceding crop, and (2) market differences for such crop in the designated United States spot markets.

"(b) INVENTORIES.—In determining sales policies for basic agricultural commodities or storable nonbasic commodities, the Corporation should consider the establishment of such policies with respect to prices, terms, and conditions as the Corporation determines will not discourage or deter manufacturers, processors, and dealers from acquiring and carrying normal inventories of the commodity of the current crop.

"(c) SALES PRICE RESTRICTIONS.—

"(1) IN GENERAL.—Except as otherwise provided in this section, the Corporation shall not sell any basic agricultural commodity or storable nonbasic commodity at less than 115 percent of the lower of—

"(B) the loan repayment level.

"(2) EXTRA LONG STAPLE COTTON.—The Corporation may sell extra long staple cotton for unrestricted use at such price as the

Corporation determines is appropriate to maintain and expand export and domestic markets.

"(3) OILSEEDS.—The Corporation shall not sell oilseeds at less than the lower of—

"(A) 105 percent of the current national average price support loan rate for the oilseed, adjusted for the current market differentials reflecting grade, quality, location, reasonable carrying charges, and other factors determined appropriate by the Corporation; or

"(B) 115 percent of the loan repayment level.

"(4) WHEAT AND FEED GRAINS.—Whenever the producer reserve program for wheat and feed grains established under section 110 is in effect, the Corporation may not sell any of its stocks of wheat or feed grains at a level that is less than 150 percent of the then current loan rate for wheat or feed grains.

"(5) UPLAND COTTON.—The Commodity Credit Corporation shall sell upland cotton for unrestricted use at the same price the Corporation sells upland cotton for export, but in no event at less than the amount provided for in paragraph (1).

"(d) NONAPPLICATION OF SALES PRICE RESTRICTIONS.—The foregoing restrictions of this section shall not apply to—

"(1) sales for new or byproduct uses;

"(2) sales of peanuts and oilseeds for the extraction of oil;

"(B) donate or sell commodities in accordance with title VI.

"(f) EFFICIENT OPERATIONS.—

"(1) IN GENERAL.—Subject to paragraph (2), the foregoing restrictions of this section shall not apply to sales of commodities the disposition of which is desirable in the interest of the effective and efficient conduct of the operations of the Corporation because of the small quantities involved, or because of age, location or questionable continued storability of the commodity.

"(2) OFFSETS.—The sales shall be offset (if necessary) by the purchases of commodities as the Corporation determines is appropriate to prevent the sales from substantially impairing any price support program or unduly affecting market prices, except that the purchase price shall not exceed the Corporation's minimum sales price for the commodities for unrestricted use.

"(3) COMPETITIVE BID BASIS.—Subject to the sales price restrictions contained in this section, the Corporation may sell any basic agricultural commodity or storable nonbasic commodity on a competitive bid basis, if the sale is determined to be appropriate by the Secretary.

SEC. 1152. PURPOSES.

It is the purpose of this subtitle to require the Secretary of Agriculture (hereinafter in this subtitle referred to as the "Secretary") to conduct research necessary—

(b) COUNTIES.—The Secretary shall conduct the pilot program in various counties that produce significant quantities of the 1991 through 1995 crops of corn, and significant quantities of the 1993 through 1995 crops of wheat and soybeans. SEC. 1212. FINDINGS, PURPOSE, AND POLICY.

Section 2 of the Act (16 U.S.C. 2101) is amended to read as follows:

"SEC. 2. FINDINGS, PURPOSE, AND POLICY.

"(a) FINDINGS.—Congress finds that—

"(1) most of the productive forest land of the United States is in private, State, and local governmental ownership, and the capacity of the United States to produce renewable forest resources is significantly dependent on such non-Federal forest lands;

"(2) adequate supplies of timber and other forest resources are essential to the United States, and adequate supplies are dependent on efficient methods for establishing, managing, and harvesting trees and processing, marketing, and using wood and wood products;

"(3) nearly one-half of the wood supply of the United States comes from nonindustrial private timberlands and such percentage could rise with expanded assistance programs;

"(4) managed forest lands provide habitats for fish and wildlife, as well as aesthetics, outdoor recreation opportunities, and other forest resources;

"(5) the soil, water, and air quality of the United States can be maintained and improved through good stewardship of privately held forest resources;

"(6) insects and diseases affecting trees occur and sometimes create emergency conditions on all land, whether Federal or non-Federal, and efforts to prevent and control such insects and diseases often require coordinated action by both Federal and non-Federal land managers;

"(7) fires in rural areas threaten human lives, property, forests and other resources, and Federal-State cooperation in forest fire protection has proven effective and valuable;

"(8) trees and forests are of great environmental and economic value to urban areas;

"(9) managed forests contribute to improving the quality, quantity, and timing of water yields that are of broad benefit to society;

"(10) over half the forest lands of the United States are in need of some type of conservation treatment;

"(11) forest landowners are being faced with increased pressure to convert their forest land to development and other purposes;

"(12) increased population pressures and user demands are being placed on private, as well as public, landholders to provide a wide variety of products and services, including fish and wildlife habitat, aesthetic quality, and recreational opportunities;

"(13) stewardship of privately held forest resources requires a long-term commitment that can be fostered through local, State, and Federal governmental actions;

"(14) the Department of Agriculture, through the coordinated efforts of its agencies with forestry responsibilities, cooperating with other Federal agencies, State foresters, and State political subdivisions, has the expertise and experience to assist private landowners in achieving individual goals and public benefits regarding forestry;

"(15) the products and services resulting from nonindustrial private forest land stewardship provide income and employ-

ment that contribute to the economic health and diversity of rural communities; and

"(16) sustainable agroforestry systems and tree planting in semiarid lands can improve environmental quality and maintain farm yields and income.

"(b) PURPOSE.—It is the purpose of this Act to authorize the Secretary of Agriculture (hereafter in this Act referred to as the 'Secretary'), with respect to non-Federal forest lands of the United States, to assist in—

"(1) the establishment of a coordinated and cooperative Federal, State, and local forest stewardship program for management of the non-Federal forest lands;

"(2) the encouragement of the production of timber;

"(3) the prevention and control of insects and diseases affecting trees and forests;

"(4) the prevention and control of rural fires;

"(5) the efficient utilization of wood and wood residues, including the recycling of wood fiber;

"(6) the improvement and maintenance of fish and wildlife habitat;

"(7) the planning and conduct of urban forestry programs;

"(8) broadening existing forest management, fire protection, and insect and disease protection programs on non-Federal forest lands to meet the multiple use objectives of landowners in an environmentally sensitive manner;

"(9) providing opportunities to private landowners to protect ecologically valuable and threatened non-Federal forest lands; and

"(10) strengthening educational, technical, and financial assistance programs that provide assistance to owners of non-Federal forest lands.

"(c) POLICY.—It is the policy of Congress that it is in the national interest for the Secretary to work through and in cooperation with State foresters, or equivalent State officials, nongovernmental organizations, and the private sector in implementing Federal programs affecting non-Federal forest lands.

"(d) CONSTRUCTION.—This Act shall be construed to complement the policies and direction under the Forest and Rangeland Renewable Resources Planning Act of 1974 (16 U.S.C. 1600 et seq.).".

SEC. 1213. RURAL FORESTRY ASSISTANCE.

"(1) protecting, maintaining, enhancing, restoring, and preserving forest lands and the multiple values and uses that depend on such lands;

"(2) identifying, protecting, maintaining, enhancing, and preserving wildlife and fish species, including threatened and endangered species, and their habitats;

"(D) ensuring that forest regeneration or reforestation occurs if needed to sustain long-term resource productivity;

"(E) protecting and improving forest soil fertility and the quality, quantity, and timing of water yields; and

"(F) encouraging the investment of a portion of the proceeds from the sale of timber or other forest resources in stewardship activities that preserve, protect, maintain, and enhance their forest land.

"SEC. 7. FOREST LEGACY PROGRAM.

"(a) ESTABLISHMENT AND PURPOSE.—The Secretary shall establish a program, to be known as the Forest Legacy Program, in cooperation with appropriate State, regional, and other units of government for the purposes of ascertaining and protecting environmentally important forest areas that are threatened by conversion to nonforest uses and, through the use of conservation easements and other mechanisms, for promoting forest land protection and other conservation opportunities. Such purposes shall also include the protection of important scenic, cultural, fish, wildlife, and recreational resources, riparian areas, and other ecological values.

"(b) STATE AND REGIONAL FOREST LEGACY PROGRAMS.—The Secretary shall exercise the authority under subsection (a) in conjunction with State or regional programs that the Secretary deems consistent with this section.

"(c) INTERESTS IN LAND.—In addition to the authorities granted under section 6 of the Act of March 1, 1911 (16 U.S.C. 515), and section 11(a) of the Department of Agriculture Organic Act of 1956 (7 U.S.C. 428a(a)), the Secretary may acquire from willing landowners lands and interests therein, including conservation easements and rights of public access, for Forest Legacy Program purposes. The Secretary shall not acquire conservation easements with title held in common ownership with any other entity.

"(d) IMPLEMENTATION.—

"(1) IN GENERAL.—Lands and interests therein acquired under subsection (c) may be held in perpetuity for program and easement administration purposes as the Secretary may provide. In administering lands and interests therein under the program, the Secretary shall identify the environmental values to be protected by entry of the lands into the program, management activities which are planned and the manner in which they may affect the values identified, and obtain from the landowner other information determined appropriate for administration and management purposes.

"(2) INITIAL PROGRAMS.—Not later than 1 year after the date of enactment of this section, the Secretary shall establish a regional program in furtherance of the Northern Forest Lands Study in the States of New York, New Hampshire, Vermont, and Maine under Public Law 100-446. To be eligible, such areas shall have significant environmental values or shall be threatened by present or future conversion to nonforest uses. Of land proposed to be included in the Forest Legacy Program, the Secretary shall give priority to lands which can be effectively protected and managed, and which have important scenic or recreational values; riparian areas; fish and wildlife values, including threatened and endangered species; or other ecological values.

"(f) APPLICATION.—For areas included in the Forest Legacy Program, an owner of lands or interests in lands who wishes to participate may prepare and submit an application at such time in such form and containing such information as the Secretary may prescribe. The Secretary shall give reasonable advance notice for the submission of all applications to the State forester, equivalent State official, or other appropriate State or regional natural resource management agency. "(h) FOREST MANAGEMENT ACTIVITIES.—

"(1) IN GENERAL.—Conservation easements or deed reservations acquired or reserved pursuant to this section may allow forest management activities, including timber management, on areas entered in the Forest Legacy Program insofar as the Secretary deems such activities consistent with the purposes of this section.

"(2) ASSIGNMENT OF RESPONSIBILITIES.—For Forest Legacy Program areas, the Secretary may delegate or assign management and enforcement responsibilities over federally owned lands and interests in lands only to another governmental entity.

"(i) DUTIES OF OWNERS.—Under the terms of a conservation easement or other property interest acquired under subsection (b), the landowner shall be required to manage property in a manner that is consistent with the purposes for which the land was entered in the Forest Legacy Program and shall not convert such property to other uses. Hunting, fishing, hiking, and similar recreational uses shall not be considered inconsistent with the purposes of this program.

Such costs may include, but are not limited to, those associated with planning, administration, property acquisition, and property management. To the extent practicable, the Federal share of total program costs shall not exceed 75 percent, including any in-kind contribution.

"(k) EASEMENTS.—

"(1) RESERVED INTEREST DEEDS.—As used in this section, the term 'conservation easement' includes an easement utilizing a reserved interest deed where the grantee acquires all rights, title, and interests in a property, except those rights, title, and interests that may run with the land that are expressly reserved by a grantor.

"(2) PROHIBITIONS ON LIMITATIONS.—Notwithstanding any provision of State law, no conservation easement held by the United States or its successors or assigns under this section shall be limited in duration or scope or be defeasible by—

Washington. Oregon.

SEC. 1246. BLUE MOUNTAIN NATURAL RESOURCE INSTITUTE.

(a) FINDINGS.—The Congress finds that—

(1) the forests and rangelands in the States of Washington and Oregon east of the Cascade Crest do not yield their productive capacity of multiple products, services and benefits, yet these forests and rangelands are expected to yield more;

(2) these forests are among the most insect infested and disease infected in North America due to previous management practices, including the exclusion of fire and past management treatments, which have allowed these forests to become overstocked or to succeed to pest-susceptible forest types;

(3) forage productivity of these forests and rangelands is reduced due to the spread of nonactive grasses, juniper, and noxious weeds;

(4) the unprecedented build-up of fuel loads in these forests places them under continual threat of catastrophic fire;

(5) losses due to insects, disease, and fire and reduced productivity of these forests and rangelands have far reaching environmental and economic consequences to local communities and a region entirely dependent on land-based resources; and

(6) concerns over global climate change, water quality and quantity, air quality, fish and wildlife habitat, biodiversity, long-term forest and rangeland health and productivity, welfare of resource-dependent communities and regional economies, catastrophic fire, and scenic quality of landscapes set the dimensions of multifaceted resources issued which are straining the effectiveness of policy makers and land managers.

(b) ESTABLISHMENT OF RESEARCH AND DEMONSTRATION PROGRAM.—The Secretary of Agriculture shall establish, plan, and initiate a research, development, and application program for the forests and rangelands of the States of Oregon and Washington located east of the Cascade Crest which shall address research, development, and application needs of the Blue Mountain area in Washington and

Oregon. The program, through research, technology development and application, and public involvement, shall—

(1) compile and develop basic biological and ecological information to improve forest and rangeland health and vigor;

(2) focus research on joint management and production of timber, wildlife, grazing, fish, water quality, and recreation;

(3) stimulate cooperative research between universities and Federal and State agencies;

(4) identify and evaluate opportunities to enhance the long-term economic and social benefits derived from the region's forest and rangeland resources in concert with county and regional economic strategies;

(5) convert results of research into technology development products and apply new information in a timely manner;

(6) develop technology to guide intensive multiresource management and policy decisions for sustaining long-term productivity and ecological values into the early decades of the 21st century;

(7) develop new technologies that will enable forest and range managers to maximize multiresource benefits and minimize the hazards of fire, insect, and disease outbreaks;

(8) develop forest management practices for use by land managers and landowners that are appropriate at the wildland-urban interface and in concert with public values for these areas;

(9) demonstrate the application of technology and resource knowledge on specific management areas; and

(10) establish mutually beneficial relations with the public to inform them regarding research and technology development and new management directions and to obtain feedback.

(c) PARTNERSHIP.—The Secretary of Agriculture shall establish and carry out the program under subsection (b) in consultation and cooperation with Federal, State, and local agencies, universities, and the private sector. In addition, the Secretary of Agriculture shall establish an advisory committee representing broad interests and perspectives to assist in the formulation of plans for implementing the program.

Employment. Rural areas. 16 USC 2112 note.

(a) ESTABLISHMENT.—The Secretary of Agriculture may establish an International Forest Products Trade Institute (hereafter in this section referred to in this section as the "Institute").

(b) MISSION.—The mission of the Institute will be to increase the competitive position of the forest industries of the northeastern United States as major producers of international forest products in order to increase domestic employment and stimulate rural development, and to provide a knowledgeable, objective analysis of global forest resource problems.

(B) the adoption of agricultural practices that result in reduced pesticide use;

(C) production and marketing costs;

(D) domestic and international markets and trade for perishable commodities;

without action by the producer that destroys a natural wetland characteristic; or

"(2) for the conversion of—

"(A) an artificial lake, pond, or wetland created by excavating or diking nonwetland to collect and retain water for purposes such as water for livestock, fish production, irrigation (including subsurface irrigation), a settling basin, cooling, rice production, or flood control; or

"(2) such wetland has been frequently cropped prior to the date of such action and the wetland values, acreage, and functions are mitigated by the producer through the restoration of a converted wetland, the conversion of which occurred or was commenced prior to December 23, 1985, where such restoration is—

"(A) in accordance with a restoration plan;

"(B) in advance of, or concurrent with, such action;

"(C) not at the expense of the Federal Government;

"(D) on not greater than a one-for-one acreage basis unless more acreage is needed to provide equivalent functions and values that will be lost as a result of such wetland conversion to be mitigated;

"(E) on lands in the same general area of the local watershed as the converted wetland; and

"(F) with respect to such restored wetland, made subject to an easement to be recorded on public land records, and which shall remain in force for as long as the converted wetland for which the restoration is to mitigate remains in

agricultural use or is not returned to its original wetland classification with equivalent functions and values, and which easement prohibits making alterations to such restored wetland that lower the restored wetland's functions and values; or

"(3) such wetland was converted subsequent to December 23, 1985, but prior to the date of enactment of this section, and the wetland values, acreage, and functions are mitigated by the producer through the restoration of a converted wetland, the conversion of which occurred or was commenced prior to December 23, 1985, if such restoration meets the requirements of subparagraphs (A), (B), (C), (D), (E), and (F) of paragraph (2).

"(A) such person is actively restoring the wetland under an agreement entered into with the Secretary to fully restore the characteristics of the converted wetland to its prior wetland state, or such person has previously restored the characteristics of the converted wetland to its prior wetland state as determined by the Secretary; and

"(B) the Secretary determines that—

"(i) the person has not otherwise violated the provisions of section 1221 in the previous 10-year period on a farm; and

"(ii) such person converted a wetland, or produced an agricultural commodity on a converted wetland, in good faith and without the intent to violate the provisions of section 1221.

"(2) GRADUATED SANCTIONS.—If the Secretary determines that a person who has violated the provisions of section 1221 meets the requirements of paragraph (1), the Secretary shall, in lieu of applying the ineligibility provisions in section 1221, reduce by not less than $750 nor more than $10,000, depending on the seriousness of the violation, program benefits described in section 1221 that such person would otherwise be eligible to receive in a crop year.

"(3) RELIEF.—The relief allowed by this subsection shall include the restoration of benefits withheld for violations that occurred prior to the date of enactment of this section.

"(i) RESTORATION.—Any person who is determined to be ineligible for program benefits under section 1221 for any crop year shall not be ineligible for such program benefits under such section for any subsequent crop year if, prior to the beginning of such subsequent crop year, the person has fully restored the characteristics of the converted wetland to its prior wetland state.

"(j) DETERMINATIONS; RESTORATION AND MITIGATION PLANS; REPORTING; MONITORING ACTIVITIES.—

Government contracts.

"(1) DETERMINATIONS; PLANS.—Technical determinations and the development of restoration and mitigation plans under this section shall be made through the agreement of the local representative of the Soil Conservation Service and a representative of the Fish and Wildlife Service. 16 USC 3838. **"SEC. 1238. POLICY.**

"The policy of Congress is that water quality protection, including source reduction of agricultural pollutants, henceforth shall be an important goal of the programs and policies of the Department of Agriculture. Furthermore, agricultural producers in environmentally sensitive areas should request assistance to develop and implement on-farm water quality protection plans in order to assist in compliance with State and Federal environmental laws and to enhance the environment.

16 USC 3838a. **"SEC. 1238A. DEFINITIONS.**

"As used in this chapter—

"(1) AGRICULTURAL WATER QUALITY PROTECTION PRACTICE.—The term 'agricultural water quality protection practice' means a farm-level practice or a system of practices designed to protect water quality by mitigating or reducing the release of agricultural pollutants, including nutrients, pesticides, animal waste, sediment, salts, biological contaminants, and other materials, into the environment.

"(2) SOURCE REDUCTION.—The term 'source reduction' means minimizing the generation, emission, or discharge of agricultural pollutants or wastes through the modification of agricultural production systems and practices.

"(1) IN GENERAL.—During the 1991 through 1995 calendar years, the Secretary shall formulate and carry out a voluntary incentive program, in accordance with this chapter, through agreements to assist owners and operators of a farm in developing and implementing a water quality protection plan pursuant to this section.

"(2) AGREEMENTS.—The Secretary shall enter into agreements of 3 to 5 years upon the request of owners and operators of farms in eligible areas but shall not enter into any such agreements after December 31, 1995.

"(3) DUTIES OF OWNERS AND OPERATORS.—In order to receive annual incentive payments, an owner or operator of a farm must agree—

"(B) not to conduct any practices on the farm that would tend to defeat the purposes of this chapter;

"(C) to comply with such additional provisions as the Secretary determines are desirable and are included in the agreement to carry out the water quality protection plan or to facilitate the practical administration of the program;

"(D) on the violation of a term or condition of the agreement at any time the owner or operator has control of the land to refund any incentive or cost share payment received with interest and forfeit any such future payments as determined by the Secretary;

"(E) on the transfer of the right and interest of the owner or operator in land subject to the agreement, unless the transferee of such right and interest agrees with the Secretary to assume all obligations of the agreement, to refund any such cost share and incentive payments received under this chapter, as determined by the Secretary;

"(F) to accurately report nutrient, pesticide and animal waste materials usage rates on management areas for three previous years; and

"(G) to supply production evidence, well test results, soil tests, tissue tests, nutrient application levels, pesticide application levels, and animal waste material usage levels, to the Soil Conservation Service or another designee of the Secretary including the local conservation district for each year of the agreement, as determined necessary by the Secretary.

Subtitle D—OTHER CONSERVATION MEASURES

SEC. 1451. INTEGRATED FARM MANAGEMENT PROGRAM OPTION.

7 USC 5822.

Regulations.

(a) ESTABLISHMENT.—The Secretary of Agriculture (hereafter in this section referred to as the "Secretary") shall, by regulation, establish a voluntary program, to be known as the "Integrated Farm Management Program Option" (hereafter referred to in this section as the "program"), designed to assist producers of agricultural commodities in adopting integrated, multiyear, site-specific farm management plans by reducing farm program barriers to resource stewardship practices and systems.

(b) DEFINITIONS.—

(1) IN GENERAL.—For purposes of this section—

(A) The term "resource-conserving crop" means legumes, legume-grass mixtures, legume-small grain mixtures, legume-grass-small grain mixtures, and alternative crops.

(B) The term "resource-conserving crop rotation" means a crop rotation that includes at least one resource-conserving crop and that reduces erosion, maintains or improves soil fertility and tilth, interrupts pest cycles, or conserves water.

(C) The term "farming operations and practices" includes the integration of crops and crop-plant variety selection, rotation practices, tillage systems, soil conserving and soil building practices, nutrient management strategies, biological control and integrated pest management strategies, livestock production and management systems, animal waste management systems, water and energy conservation measures, and health and safety considerations.

(D) The term "integrated farm management plan" means a comprehensive, multiyear, site-specific plan that meets the requirements of subsection (e).

(2) CROPS.—For purposes of paragraph (1)(A)—

(A) The term "grass" means perennial grasses commonly used for haying or grazing.

(B) The term "legume" means forage legumes (such as alfalfa or clover) or any legume grown for use as a forage or green manure, but not including any bean crop from which the seeds are harvested.

(C) The term "small grain" shall not include malting barley or wheat, except for wheat interplanted with other small grain crops for nonhuman consumption.

(D) The term "alternative crops" means experimental and industrial crops grown in arid and semiarid regions that conserve soil and water.

(c) ELIGIBILITY.—To be eligible to participate in the program established by this section, a producer must—

(1) prepare and submit to the Secretary for approval an integrated farm management plan (hereafter referred to in this section as the "plan");

(2) actively apply the terms and conditions of the plan, as approved by the Secretary;

(3) devote to a resource-conserving crop, on the average through the life of the contract, not less than 20 percent of the crop acreage bases enrolled under such program;

(4) comply with the terms and conditions of any annual acreage limitation program in effect for the crop acreage bases contracted under the terms of this subsection; and

(5) keep such records as the Secretary may reasonably require.

(d) ACREAGE.—In accepting contracts for the program, the Secretary, to the extent practicable, shall enroll not more than 3,000,000, nor more than 5,000,000, acres of cropland in the calendar years 1991 through 1995.

(e) CONTRACTS.—The Secretary shall enter into contracts with producers to enroll acreage in the program. Such contracts shall be for a period of not less than 3 years, but may, at the producer's option, be for a longer period of time (up to 5 years) and may be renewed upon mutual agreement between the Secretary and the producer.

(f) REQUIREMENTS OF THE PLANS.—Each plan approved by the Secretary shall—

(1) specify the acreage and the crop acreage bases to be enrolled in the program;

(2) describe the resource-conserving crop rotation to be implemented and maintained on such acreage during the contract period to fulfill the purposes of the program;

(3) contain a schedule for the implementation, improvement and maintenance of the resource-conserving crop rotation described in the plan;

(4) describe the farming operations and practices to be implemented on such acreage and how such operations and practices could reasonably be expected to result in—

(A) the maintenance or enhancement of the overall productivity and profitability of the farm;

(B) the prevention of the degradation of farmland soils, the long-term improvement of the fertility and physical properties of such soils; and

(C) the protection of water supplies from contamination by managing or minimizing agricultural pollutants if their management or minimization results in positive economic and environmental benefits;

(5) assisting the producer to comply with all Federal, State, and local requirements designed to protect soil, wetland, wildlife habitat, and the quality of groundwater and surface water; and

(6) contain such other terms as the Secretary may, by regulation, require.

(g) ADMINISTRATION; CERTIFICATION; TERMINATION.—

(1) ADMINISTRATION; TECHNICAL ASSISTANCE; FLEXIBILITY; IMPLEMENTATION; DISPLACEMENT.—

(A) ADMINISTRATION.—The program shall be administered by the Secretary.

(B) TECHNICAL ASSISTANCE.—In administering the program, the Secretary, in consultation with the local conservation districts, and any State or local authorities deemed appropriate by the Secretary, shall provide technical assistance to producers in developing and implementing plans, evaluating the effectiveness of plans, and assessing the costs and benefits of farming operations and practices. The plans may draw on handbooks and technical guides and may also include other practices appropriate to the particular circumstances of the producer and the purposes of the program.

(C) FLEXIBILITY.—In administering the program, the Secretary shall provide sufficient flexibility for a producer to adjust or modify the producer's plan consistent with this section, except that such adjustments or modifications must be approved by the Secretary.

(D) MINIMIZATION OF ADVERSE EFFECT.—

(i) IN GENERAL.—Notwithstanding any other provision of this section, the Secretary shall implement this section in such a manner as to minimize any adverse economic effect on the agribusinesses and other agriculturally related economic interests within any county, State, or region that may result from a decrease of harvested acres due to the operation of this section. In carrying out this section, the Secretary may restrict the total amount of crop acreage that may be removed from production, taking into consideration the total amount of crop acreage that has, or will be, removed from production under other price support, production adjustment, or conservation program activities.

(ii) MAXIMIZE CONSERVATION GOALS.—The Secretary shall, to the greatest extent practicable, permit producers on a farm that desire to participate in the program authorized under this section to enroll acreage adequate to maximize conservation goals on such farm and ensure economic effectiveness of the program in each individual application.

(E) DISPLACEMENT.—The Secretary shall not approve any plan that will result in the involuntary displacement of farm tenants or lessees by landowners through the removal of substantial portions of the farm from production of a commodity. In the case of any tenant or lessee who has rented or leased the farm (with or without a written option for annual renewal or periodic renewals) for a period of two or more of the immediately preceding years, the Secretary shall consider the refusal by a landlord, without reasonable cause other than simply for the purpose of enrollment in the program, to renew such rental or lease as an involuntary displacement in the absence of a written consent to such nonrenewal by the tenant or lessee.

(2) CERTIFICATION.—The Secretary shall certify compliance by producers with the terms and conditions of the plans.

(3) TERMINATION.—The Secretary may terminate a contract entered into with a producer under this program if—

(A) the producer agrees to such termination, or

(B) the producer violates the terms and conditions of such contract.

(h) PROGRAM RULES.—

(1) BASE AND YIELD PROTECTION.—Notwithstanding any other provision of law, the Secretary shall not, except as provided in paragraph (6), reduce crop acreage bases, or farm program payment yields, as a result of the planting of a resource-conserving crop as part of a resource-conserving crop rotation.

(2) RESOURCE-CONSERVING CROPS ON REDUCED ACREAGE.—Notwithstanding the provisions of title I of the Agricultural Act of 1949, acreage devoted to resource-conserving crops as part of a resource-conserving crop rotation under this program may also be designated as conservation use acreage for the purpose of fulfilling any provisions under any acreage limitation or land diversion program and up to 50 percent of the acreage so designated shall be without restrictions on haying and grazing, except as provided in paragraph (5)(B), except that such acreage that is devoted to perennial cover on which cost-share assistance for the establishment of the perennial cover has been provided, shall not be credited towards the producer's resource-conserving crop requirement under a contract under this section.

(3) BARLEY, OATS, AND WHEAT.—Notwithstanding any other provisions of this section, barley, oats, or wheat planted as part of a resource-conserving crop on reduced acreage may not be harvested in kernel form.

(4) PAYMENT ACRES.—Notwithstanding any other provision of this Act, the Secretary shall not reduce farm program payments of participants in this program as a result of the planting a resource-conserving crop as part of a resource-conserving crop rotation on payment acres.

(5) HAYING AND GRAZING RESTRICTION.—

(A) IN GENERAL.—The Secretary shall not make any program payments to a producer who is otherwise eligible to receive with respect to acreage enrolled in the program if such producer hays or grazes such acreage (excluding acreage designated as conservation use acreage) during the 5-month period in each State during which haying and grazing of conserving use acres is not allowed under the provisions of the Agricultural Act of 1949, or, if the crop planted on such acreage includes a small grain, before the producer harvests the small grain crop in kernel form.

(B) LIMITATION ON PERMITTED HAYING AND GRAZING.—Notwithstanding any other provision of this section, if the Secretary determines that implementation of this section will result in a significant adverse economic impact on hay or livestock prices in a particular geographic area, the Secretary may limit the quantity of hay that can be harvested or grazed from that area. Such limit may include restrictions on the number of times that hay may be harvested or grazed from the acres per year, the timing of such harvesting and grazing, or the number of years that such land may remain in the same hay stand, or a prohibition on the harvesting or grazing of hay from acres on which a small grain was not originally interplanted with the hay crop and harvested for grain.

(6) BASE ACRE ADJUSTMENTS.—The Secretary, only for the purpose of establishing a producer's crop acreage base under the Agricultural Act of 1949, may make such adjustments as the Secretary determines to be fair and equitable to reflect resource-conserving crop rotation practices that were maintained by producers prior to participation in the program and to reflect such other factors as the Secretary determines should be considered, except that the total of such adjustments in any year shall not exceed the total farm program savings in the same year that would result from the implementation of plans.

(7) PAYMENT ACREAGE LIMITATION.—

(A) IN GENERAL.—No producers enrolled in a resource-conserving crop rotation shall not be eligible to receive payments under farm programs for wheat, feed grains, cotton, or rice under the Agricultural Act of 1949 on acreage equal to the average number of traditionally underplanted acres for the three years prior to enrolling in this program.

(B) DEFINITION.—

(i) IN GENERAL.—Subject to clause (ii), for the purposes of this paragraph the term "traditionally underplanted acreage" means the difference in a particular year between the acreage that is part of a producer's crop acreage base that is not planted to the program crop and the part of the crop acreage base subject to an acreage limitation program or required to be set aside. In no case shall such acreage be less than zero.

(ii) EXCEPTION.—In the case of a producer participating in a particular year in a program authorized under section 101B(c)(1)(B), section 103B(c)(1)(B), section 105A(c)(1)(B), or section 107A(c)(1)(B) of the Agricultural Act of 1949, the term "traditionally underplanted acreage" means 8 percent of the producer's permitted acreage for such year.

(c) PURPOSE OF THE FELLOWSHIPS.—Fellowships under this section shall be provided to permit the recipients to gain knowledge and skills that will—

(1) assist eligible countries to develop agricultural systems necessary to meet the food needs of their domestic populations; and

(2) strengthen and enhance trade linkages between eligible countries and agricultural interests in the United States.

(d) INDIVIDUALS WHO MAY RECEIVE FELLOWSHIPS.—The Secretary shall utilize the expertise of United States agricultural counselors, trade officers, and commodity trade promotion groups working in participating countries to help identify program candidates for fellowships under this section from both the public and private sectors of those countries.

All funds so designated for the program established under this section shall remain available until expended.

SEC. 1544. ASSISTANCE IN FURTHERANCE OF NARCOTICS CONTROL OBJECTIVES OF THE UNITED STATES. 22 USC 2151x-2.

(a) WAIVER OF CERTAIN RESTRICTIONS.—For the purpose of reducing dependence upon the production of crops from which narcotic and psychotropic drugs are derived, the President may provide economic assistance for a country which, because of its coca production, is a major illicit drug producing country (as defined in section 481(i)(2) of the Foreign Assistance Act of 1961 (22 U.S.C. 2291(i)(2))) to promote the production, processing, or the marketing of products which can be economically produced in such country, notwithstanding the provisions of law described in subsection (b) of this section.

(b) DESCRIPTION OF RESTRICTIONS WAIVED.—The provisions of law made inapplicable by subsection (a) are any other provisions of law that would otherwise restrict the use of economic assistance funds with respect to the production, processing, or marketing of agricultural commodities (or the products thereof) or other products, including sections 521, 546, and 547 (but excluding section 510) of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1990, and comparable provisions of subsequent Acts appropriating funds for foreign operations, export financing, and related programs.

(b) REPORT TO CONGRESS.—Not later than 6 months after the date of enactment of this Act, the Secretary shall report the results of the study conducted under subsection (a) to the Congress, together with any recommendation of the Secretary on how the domestic rose and fresh cut flower industry can compete fairly with the practice of consignment sales.

SEC. 1553. COMMODITY TRANSPORTATION AND TECHNOLOGY ASSESSMENT AND REPORT.

(a) ASSESSMENT.—The Secretary of Agriculture shall conduct an assessment of the impact upon prices received by producers, costs to consumers, and the overall effect upon the ability of the United States to fulfill export goals and expand foreign markets for domestic commodities, of the current agricultural transportation situation, focusing especially on rail transportation capabilities including rail abandonments, periodic shortages of adequate rail car equipment suitable for transporting agricultural commodities, and the practice of rail carriers selling in advance certificates of transportation.

(b) ADDITIONAL REQUIREMENTS.—In preparing the assessment required by this section, the Secretary shall consult with rail, truck, and waterborne carriers who have experience in the transportation of agricultural commodities, and shall also examine the feasibility of—

(1) providing technical and financial assistance to producers, marketers, and exporters in the design and construction of alternatives to covered rail hopper cars (such as freight containers which could be carried aboard flatbed trucks, flatbed rail cars, river barges, and oceangoing container vessels) for the purpose of transporting bulk commodities to appropriate terminal market facilities; and

(2) encouraging the establishment of a computerized network which would assist producers, marketers, exporters, and carriers in identifying, matching, and coordinating potential cargoes of agricultural commodities with carriers having proper

capabilities and equipment in an effort to expedite transportation needs.

(c) REPORT.—Within 240 days after the date of enactment of this Act, the Secretary of Agriculture shall report to the Committee on Agriculture, Nutrition, and Forestry of the Senate and to the Committee on Agriculture of the House of Representatives the results of the assessment conducted under this section, and any recommendations the Secretary may have as a result of such assessment.

(b) CONTENTS OF REPORT.—The report under subsection (a) shall assess each material consequence of the lifting of such limitation or fee, including the impact on—

(1) the Farmers Home Administration and agricultural credit in general;

(2) the prices paid to farmers generally for the affected commodity; and

(3) United States food security needs.

SEC. 1555. AGRICULTURAL EXPORTS TO THE EUROPEAN COMMUNITY.

(a) FINDINGS.—The Congress finds that—

(1) the European Community has established a system, as part of its Europe 1992 economic integration plan, to set product standards and requirements, including those related to agricultural commodities and products thereof, and that system has not been transparent insofar as the European Community has refused reasonable requests to allow United States Government or industry experts to observe meetings of European standards-setting institutions;

(2) the European Community is also currently writing the rules by which United States exporters of agricultural commodities and products thereof will be able to show compliance with European Community product standards and requirements, and has refused to guarantee that such United States exporters will be able to show compliance with European Community product standards and requirements by using United States laboratories or through self-certification;

(3) the United States maintains an open, transparent system to set standards and requirements for agricultural commodities and products thereof, and many reciprocal arrangements currently in place allow European Community exporters of agricultural commodities and products thereof to show compliance with United States product standards and requirements by using European Community laboratories or through self-certification;

(4) the value of United States exports of agricultural commodities and products thereof to the European Community in 1989 was $6,600,000,000, constituting 17 percent of all United States exports of agricultural commodities and products thereof; and

(5) the product standards and testing policies of the European Community are consequently unfair and discriminatory, and have great potential to reduce significantly exports from the United States of agricultural commodities and products thereof.

(b) STATEMENTS OF POLICY.—

(1) The Congress denounces the European Community's nontransparent process of setting standards and requirements for agricultural commodities and products thereof, and the Congress further denounces the refusal by the European Community to guarantee that United States exporters of such commodities and products will be able to show compliance with European Community standards and requirements by using United States laboratories or through self-certification.

(2) The Congress deplores the adverse consequences of the standards and testing policies of the European Community on the bilateral agricultural trade relationship between the United States and the European Community.

(3) The Congress urges the President to use all available means to bring about significant and far-reaching changes in the standards and testing policies of the European Community in order to protect and maintain United States access to the European Community market for agricultural commodities and products thereof.

7 USC 5694 note.

SEC. 1556. LANGUAGE PROFICIENCY AND EVALUATION OF FOREIGN AGRICULTURAL SERVICE OFFICERS.

(b) PRECEDENCE IN PROMOTION.—The Director of Personnel of the Foreign Agricultural Service shall instruct promotion panels to take account of language ability and, all criteria for promotion otherwise being equal, to give precedence in promotions to officers who have achieved at least the General Professional Speaking Proficiency level in 1 or more foreign languages over officers who lack that level of proficiency.

(2) makes specific, new proposals to the Congress on how to ensure that at least 75 percent of Foreign Service officers of the Foreign Agricultural Service have achieved General Professional Speaking Proficiency level in a primary foreign language

of the host countries in which they serve before arriving in such countries or within 1 year after such arrival.

Nothing in this subsection shall be construed to authorize the withholding of information from Congress.

SEC. 1559. SENSE OF CONGRESS CONCERNING REBALANCING PROPOSAL OF THE EUROPEAN COMMUNITY.

(a) FINDINGS.—Congress finds that—

(1) the success of the agriculture negotiations under the Uruguay Round of the General Agreement on Tariffs and Trade (GATT) is important to the liberalization of world agricultural trade and the development of the markets for United States commodities;

(2) in order to correct distortions and restrictions in world agricultural markets, the participants in GATT negotiations have committed to substantial and progressive reductions in agricultural protection and support;

(3) the history of establishing more market-oriented trade since World War II has been progressive liberalization through a series of multilateral trade negotiations;

(4) the European Community's proposal to "rebalance" import protections could actually permit the European Community to increase import barriers for some products, including products which have enjoyed barrier free trade status as a result of earlier trade negotiations;

(5) this rebalancing proposal could pose a particularly severe threat to United States exports of corn gluten feed and oilseeds to the European Community, products whose duty-free status the European Community has long sought to undercut; and

(6) the European Community market for United States exports of corn gluten feed and oilseeds has been a successful fixture of United States-European Community trade relations for approximately 30 years, and should not be restricted.

(b) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) the European Community's proposed rebalancing of import protections is fundamentally at odds with the important goals of liberalizing world agricultural trade and eliminating trade-distorting policies;

(2) such rebalancing could have a particularly severe impact on United States exports of corn gluten feed and oilseeds to the European Community, leaving them vulnerable to unfair treatment and increased trade barriers; and

(3) the United States, throughout the remainder of the Uruguay Round of the GATT negotiations on agriculture, should forcefully reject the European Community's proposal to rebalance import protections.

SEC. 1560. SENSE OF THE SENATE REGARDING MULTILATERAL TRADE NEGOTIATIONS.

(a) IN GENERAL.—It is the sense of the Senate that the objective of the Uruguay Round of Multilateral Trade Negotiations concerning agricultural trade should be to—

(1) obtain a reform of global agricultural trade and an elimination of the policies and practices that distort agricultural trade; and

(2) to reach an agreement that—

(A) provides United States farmers and agricultural community with the opportunity to compete fairly in international markets;

(B) permits United States farmers to have a safety net to protect them against market instability;

(C) assures consumers of an adequate supply of high quality food and fiber at reasonable prices, both now and in the future; and

(D) assures that humanitarian food needs are met.

(b) CONDUCT OF NEGOTIATIONS.—It is the sense of the Senate that, in conducting the agricultural trade negotiations in the Uruguay Round of Multilateral Trade Negotiations and in meeting the principal negotiating objectives contained in section 1101(b) of the Omnibus Trade and Competitiveness Act of 1988 and in this section, the United States should—

(1) ensure that any agreement—

(A) is beneficial to United States agricultural producers and businesses;

(B) does not leave an individual commodity vulnerable to unfair treatment or increased barriers and that the various sectors of United States agriculture receive equitable and fair treatment;

(C) permits countries to provide income support and stability from the vagaries of the market directly or indirectly through self-help efforts;

(D) provides a period of adjustment in cases where the reduction or elimination of trade barriers or subsidies would cause industry adjustment and resource reallocation; and

(E) does not sacrifice the interests of the agricultural sector for other sectors of the United States economy;

(2) seek the immediate elimination of all export subsidies that are conditioned on the export of agricultural commodities and products, except bona fide food aid;

(3) not enter into any self-executing agreement that would unduly restrict the authority of the United States to provide for the stabilization of its agricultural economy;

(4) not enter into any agreement that would have the effect of repealing or materially interfering with any existing legal authority designed to promote or protect any domestic agricultural program, the purpose of which is to stabilize prices, or eliminate any existing waiver granted to the United States under the General Agreement on Tariffs and Trade permitting the imposition of quantitative limitations on the entry of commodities into the United States unless the agreement meets the objectives described in this section; and

(5) ensure that any provision for special and differential treatment for developing countries contains guidelines and limitations providing for the phasing out of such treatment as such countries become more competitive.
